Course Description

Students develop and refine technical skills and create 2-D compositions with a variety of media in drawing, painting, printmaking, collage, and/or design. Student artists sketch, manipulate, and refine the structural elements of art to improve mark-making and/or the organizational principles of design in a composition from observation, research, and/or imagination. Through the critique process, students evaluate and respond to their own work and that of their peers. This course incorporates hands-on activities and consumption of art materials.

Course Grade

This is a year-long course that meets on an A/B schedule. This class is 4th Period - B Day. Grades are continuously updated as students submit assignments and are synced to Skyward nightly. Major updates and feedback will be provided each Friday or following assignment due dates. Grades will be posted at the semester. A snapshot will be taken at the quarter, but the grade of record will be at the semester. Grade books will reset at the semester.

Goals & Standards

Elements and Principles of Design, Collaborative Techniques, Innovation, Technology and the Future, Critical Thinking and Reflection, Historical and Global Connections, Organizational Structures, Skills, Techniques and Processes, Mathematical Thinking and Reasoning, and Reading and Writing Expectations

Every unit will speak to the National Art Standards and the Sunshine State Standards. Sunshine State Standards can be viewed [here](#).

Course Schedule

Semester 1 Units	Semester 2 Units
Line, Pattern, and Mark-Making	Contrast, Inversion, and Color
Proportion, Emphasis, and the Human Form	Media Exploration and Artistic Intent
Movement, Observation, and Expressive Texture	
Space, Value, and Visual Accuracy	

Required course materials

- Texts and Media -*Students will be asked to use their Chromebooks to conduct research, edit images digitally, and turn in work online.*

Procedures

- Supplies
 - #2 pencil and eraser
 - Sketchbook - 8.5 in x 11 in
- Homework
 - Homework will depend on each student- any work not completed in class will be required to be completed outside of class. Strong work ethic in class should negate the need for outside work, but students are encouraged to engage in artistic practices on an ongoing basis.

General Expectations

4Rs

- Responsible: Students must attend and be on time to class.
- Respectful: Students must show respect for each other and the classroom/school space.
- Resilient: Students are willing to take on challenges and use skills to overcome them.
- Ready: Students are prepared to work and learn everyday.

Late Work Policy

I strive to instill strong educational ethics in my students. I also work very hard to give students every opportunity to be successful, including multiple reminders when due dates are approaching, and giving class time to turn in work. As such, **no late work will be accepted for this course.**

However, if you submit your assignment on or before the due date, you can continue to revise and resubmit assignments after I have assessed them until you achieve the grade that shows growth and mastery. Resubmissions are only allowed if the original work was submitted on time and close at the end of each grading period.

Please note that any work submitted after the due date will not be accepted and will result in a zero for that assignment. Therefore, submit your work on time, even if it's unfinished, as you will have the opportunity to improve it later.

Communication Protocols

Students and Families can communicate with me by email at bmoody@pky.ufl.edu or canvas messaging.

Electronic Device Policy

Students must come to class every day with their charged Chromebook. During class, the Chromebook should be used only to participate in the class. Students should not have personal electronic devices out during class at any time for any purpose, unless instructed to do so.

Kindergarten-8th Grade

Students may possess a wireless communication device on school property or while attending a school function, but they are not allowed to use it at any time during the school day from the start of the instructional day to the end of the instructional day.

9th-12th Grade

Students may possess a wireless communications device but may only use it outside of class time - or when a teacher gives explicit permission for instructional purposes. Devices must be stored in teacher-designated areas during instructional time.

PK will provide access to telephones for students who need to contact families during times when they are prohibited from using their personal device.

Grading Policy and Assessments

P.K. Yonge's Grading and Credit system is based on our shared beliefs about the purpose of assessment:

- Students should have a clear understanding and shared ownership of learning goals
- Grades should communicate what students know and are able to do both within and across disciplines
- Students should have multiple opportunities to practice, receive feedback, and demonstrate their knowledge and skills
- It is critical for students to develop productive habits of work alongside content and skill development

Type	Examples	% of Grade
Habits of Work	Professionalism, Present, Engaged, Keeping workspaces clean	5%
Formative	Sketchbook Assignments, Classwork, DBA's Class Critiques	20%
Summative	Final Projects	75%

The chart below outlines the relationship between numerical grades, letter grades, mastery-language, and credit within our mastery-based system.

Mastery-Language	Range (4-point grade system)	Meets Standard Course Credit Earned
Mastery (A)	3.51 - 4.0	GPA Point 4
Proficient (B)	3.01 - 3.5	GPA Point 3
Approaching (C)	2.51 - 3	GPA Point 2
Beginning (D)	2.01 - 2.5	GPA Point 1
Not Meeting (F)	.01 - 2.0	No Course Credit
No Evidence	0	No Course Credit

Academic Dishonesty

It is expected that the work you submit in this and all of your courses is your own original work, or if not, contains full acknowledgment of borrowed sources. The following instances are academically dishonest: another student completing your work, copying from a source without appropriate citations, any AI writing tool such as chatgpt, ai assistant, etc.

Any academic dishonesty will result in the *failure of that assignment as the minimum consequence*; other consequences range from failure of the course to academic probation to dismissal from P.K. Yonge.

ALL instances of academic dishonesty will be reported to the student's counselor, Behavior Coach, and Administration.

P.K. Yonge Developmental Research School Digital Device Usage Agreement 2025–2026

The use of technology in the classroom including iPads, electronic styluses, laptops, Mac computers, and other digital tools is a privilege that supports independent learning, creativity, and collaboration. These devices are valuable resources, and students are expected to handle them with respect and care at all times.

Student Expectations:

- Use all school-provided technology only for instructional purposes, as directed by the teacher.
- Treat all devices with care. This includes avoiding food or drink near devices, properly storing and handling them, and using styluses and screens gently.
- Only access appropriate content and applications as instructed.
- Report any issues or damages immediately to the teacher.
- Use only your assigned device unless otherwise directed.

Important:

Failure to meet these expectations including intentional damage, neglect, or misuse of any digital technology may result in the loss of device privileges, disciplinary action, and/or financial responsibility for repair or replacement.

P.K. Yonge's policy for acceptable use of technology ensures students are competent, respectful digital citizens. More information can be found in the school's Student Code of Conduct and online at the PK website.
