

Planning

- Get bids going EARLY!
- Laminated hard copies of abbreviate spirit descriptors for each team, to facilitate the convo, and dry erase markers (so they can talk, and then fill out the survey after!).
- Need to be better about deadlines before the tourney (promotion, money, etc).
- Push for field restoration prior to use (to avoid injuries and interruptions of games)
- Ensure sound guys have extra equipment available.
- Find a new sound guy? Horrible DJing!
- Make part of the bid/sign up process to submit a 10 song playlist to contribute to the tourney music.
- Ensure a tent on the far field.
- Check on food orders - a lot of leftovers this year!
- Look into ordering jugs of water, rather than small bottles, to limit waste
- Discuss sponsoring local players, concerning their participation and contribution.
- Keep all vendors/sponsors contact info in one place.

Packet

- Examine/check "tournament rules"
- Eliminate hard cap on final (and soft cap...?)
- Keep tie break rules for seeding!
- Electronic score record to share (view only) via live tourney pack
- Align with **2017** WFDF
- Bahasa translations?

Schedule/Events

- Half time game/challenge during finals?
- Schedule Women's showcase (extra 30 minutes) midday (and men's?)
- Check on how quarters losers are set in for 5th place consolation (Flaming C's)
 - Currently: Lc v Lb and La v Ld
 - Should it be: Lb v Ld and La v Lc?
- Check on crossover matchups? Different system? KEEP RESEED! (Options: A1 v B3, A2 v B4, etc? Or **A1 v B1, A2 v B2**, etc?)
- Set Saturday start at 9 am. And Friday?
- Better management of water/sports drinks per team?
- Ensure decent amount of beer to finals players (I know we tried...)
- Quarters, semis and finals **all** to 15?
- Re: amount of beer... we ordered less because the kids were coming, and then the kids were drinking...? Gotta work that out!
