

This is a FB AD I would like to show to one of my prospects who gave me a response

Background

His channel is about hydroponics - technique of growing plants using a water based nutrient solution rather than soil...

"Food is a basic necessity of life and every single person should not have to worry about their next meal. "

Product: ebook

My personal eBook that tells you how I grow microgreens, herbs and leafy greens with off grid non circulating hydroponics. The easiest way to grow. No soil, no weeding, no tilling, no problem. Everything grown in a hydroponic nutrient solution. I am constantly experimenting and will be updating the eBook. Anyone who purchases one will be sent updates free of charge.
