[Khan Academy:](#)

Khan is a free, online resource where students can take full-length practice tests or shorter diagnostic quizzes and then receive a personalized study path to address strengths and needs in preparing for the test. Students who have taken the PSAT, PSAT 10, or PSAT 8/9 can link their results for a personalized study plan, too. Resources include a library of brief and specific video tutorials that show real problems and explain how to solve them, and related practice problems.

[College Board: SAT Suite of Assessments](#) is a website with descriptions and practice items for SAT, PSAT, PSAT 10, and PSAT 8/9. There are **seven full-length SAT practice tests** you can download and score at home.
