

Limpopo – Swartwater

On the bank of the Limpopo river bordering Botswana, lays one of the hunting terrains Oryx Safari is using for their clients. We are offering hunting on a 2 500 Ha terrain, a cosy camp, and great hunting opportunities. The camp consists of a lodge with 4 ensuite, a swimming pool, a sun-deck overlooking the river, and a cosy thatched-roof lapa where you enjoy your meals. The lodge is situated about 5 hours from Johannesburg International.

You can really enjoy the tranquillity, the campfire, and the sounds of the African night after a day of hunting. Hippos and crocodiles can be observed from the sun-deck, and if you are lucky you might hear the lion roar, or the laugh of the hyena from Botswana. You can spend your time with exciting hunting for bushbuck, kudu and waterbuck along the banks of the river, and maybe you are so lucky to get a chance to get a caracal if that is an animal you got on your wish-list. There are great trophies of eland, impala and blue wildebeest to be found, and there are 18 blinds built for bow-hunters around the terrain.

This is a camp Oryx Safari is highly recommending, and a place you will definitely want to visit again.
