| • Tu/Wed May 30-31 | State | @Thorncreek |

Dear Teacher and Students

As a golf coach, I want to inform you that our tournament schedule will require team members to miss school on tournament days. We understand that this can be challenging for student athletes who need to keep up with their schoolwork.

To help our student athletes manage their academic responsibilities, we kindly request that teachers work with them to stay ahead on their schoolwork. If there is a test or assignment due on a day when a golf event is scheduled, we ask that students are allowed to submit assignments or take tests ahead of time, so they do not fall behind.

If any student athlete is struggling to balance their academics and golf commitments, please reach out to me or Frank Lee (Athletic Director) to discuss a plan that will allow them to fully participate in both school and the golf team.

We appreciate your cooperation in ensuring our student athletes succeed both on the course and in the classroom.

Sincerely,

Ricardo Cabrera

Head Coach - Golf.
