Introduction

Congratulations! Your school has chosen to use CritterCoin for your rewards!

You can earn digital coins representing positive behaviors that your school values. Your teachers and administrators can send you coins for all the great things you do!

When you earn a coin, if your school is using the Houses feature, the house you belong to will earn points. If your school is using the Reward Store feature you'll also earn spending points for your school Rewards Store everytime you earn a coin!

Also if your school is using the Houses system, the members of the winning House will earn collectibles every time their house wins.

Student Signup

No student signup is required, however depending on your school's options you can claim your account.

- 1) Browse to <https://www.crittercoin.com>
- 2) Click "Sign In"
- 3) "Claim Student Account".
- 4) Enter your email address, then click "Submit".
- 5) Check your inbox to verify your address.

Viewing your Critters

If your school uses the Houses feature, every time you earn a coin, your house also earns points. The members of the winning House receive collectible Critters every round. You can view all the collectibles that you have won in the CritterCoin app.

Purchasing Rewards

If your school uses the Reward Store feature, every time you earn a coin, you'll also earn points that you can spend in your school's Reward Store.

Viewing your House's Score

If your school uses the House feature, you can view your House's score in the CritterCoin app. You can earn points for your House by earning coins. Simply sign in to view your House's score.

Viewing your Critters

If your school uses the House feature, and your House wins a round, you'll earn a collectible Critter. Simply sign into the CritterCoin app to view your Critters.

Claiming NFTs

For older students and where permitted, CritterCoin allows you to convert your collectible Critters into true Non-Fungible Tokens (NFTs). NFTs are beyond the scope of this document, however if you have experience collecting NFTs you can use this option to convert your Critter to true Block-chain NFTs and trade them with your friends. CritterCoin NFTs use the Avalanche blockchain.

Student Managed Reward Store

Some school's designate specific students to distribute rewards from their school Reward Store. If you have been selected to help manage your school's Reward Store you will see an option called "Scan Voucher" in the main menu.

Before giving out a reward, you will first scan the student's voucher.

- 1) Tap the Main menu button at the bottom of the screen and tap the "**Scan a Voucher**" option.
- 2) Tap "**Scan Voucher**" to launch your camera scanner.
- 3) Scan the student's voucher.
- 4) Tap "**Approve**", then give the reward to the student. If you choose "**Reject**" you can choose if you want to refund the Reward Points back to the student.

Support Options

In order to keep this solution free of charge, CritterCoin only offers email support at this time. If you have a question please contact us by sending an email to support@redcritter.com
