Re: Viktorija Markovic

Dear Mr. & Mrs. Markovic:

The process in which you participated for placement of Viktorija in the Learning Enrichment Program (LEP) has been completed by the Pupil Services Team in your school.

Based upon information available at this time related to your child's level of functioning, Viktorija does not seem to exhibit the characteristics that are associated with the need for program modifications. It should be emphasized, however, that the process is ongoing. Re-nomination based upon new or additional information is encouraged from either parents or teachers.

If you have serious concerns regarding this decision, please call David Semo, Director of Pupil Services at 518-785-8591 ext. 3147.

If not, be assured that the North Colonie Central School District will continue to seek to provide the best available program for your child.

Sincerely,

Kathaleen Stewart
Pupil Services Team Chairperson
