## **Miles Meets Phoenix**

I'll just \*sits inside the trash bin\*  
& think of Semi-fawn Phoenix & hunter Miles

yoU WILL NOT START ME ON MORE THINGS

b-but Miles' french(?) name is literally changed to hunter

REALLY

...man

I'm just gonna  
\*Slowly slides\*

Miles being a hunter who is trained to kill every animal/thing he sees during his hunts to become perfect. To train for hunting competitions & become the best hunter, to become perfect. During one of his training sessions w/ the Von Karma's, he wanders off to find something to kill & bring back to Von Karma to impress him (& show that he is perfect, not "a mistake like your father was" as Von Karma puts it). He finds a lot of small wildlife, birds & rabbits, but he doesn't waste his bullets on them bc they wouldn't impress Manfred.

Slowly coming to a secluded pond?lake?, Miles washes his face w/ some of the water before starting from hearing some oncoming rustling towards the pond/lake. Quickly hiding amongst the foliage, Miles waits and waits until slowly, a man's face & upper torso emerges from the bushes. Putting his gun down, Miles sighs & turns to leave.... except, something has caught his eye. Namely, that man has the lower body of a deer. Not to mention he has antlers protruding from his head, 'how did he miss that before'.

A rush of adrenaline went through Miles' veins, this would definitely be something that Manfred would be proud of. Taking his gun, Miles lined the shot, aiming at the hind legs of...whatever he was looking at, the intention to make it unable to escape so he could slit the throat to ensure that the most important parts of the body weren't damaged. Placing his finger on the trigger, Miles calmed himself & was ready to take the shot... except, the man turned to look in his direction. Almost like he had finally sensed that "someone was here" and "I'm in danger".

It should have been easy, he'd seen that fear in many different animals, the fear that they showed as they knew that they were going to be killed.... Except, seeing that fear on a human face, it was too much, especially when that man smiled sadly, like he knew what was going to happen, and turned his gaze towards the sky & closing his eyes, ready to die.

PHOENIX NO

hEHEHE

But yeah, I was thinking of just that forbidden friendship between Hunter Miles & ????  
Phoenix

Just, Miles doesn't shoot him bc he just can't kill another human (even if he's half human)

## **Nightmare**

Hmmm, what else. I was thinking of Miles not being able to find Phoenix again. Until he has a really strong nightmare & runs away for fresh air, his legs bringing him back to the pond where Phoenix is having a wash or something. & Phoenix is actually really concerned towards Miles bc he looks so broken & tears are running down his face from the nightmare

Phoenix just slowly approaching Miles, wanting to comfort him bc he looks so broken & getting started when Miles pulls out his handgun that he picked up on the way out for protection. & Miles thinks that the threat will stop him from approaching but Phoenix continues forward, starting when Miles fires a warning shot, but reaching the point where he is right in front of Miles. & at this distance, Miles can see all these small details like a dusting of light fur on Phoenix's forearms and chest, his freckles that are scattered on his face & how his eye's are actually different colours & they're gorgeous?? And all of a sudden, Miles feels a finger ghosting against his cheek, wiping away his tears. The motion is calming but it makes him feel light-headed & makes his skin tingle?

Miles runs away back home & tries to forget everything & fall asleep but he can't stop thinking about those eyes watching him w/ such concern & how nice he was despite how he had pulled a gun on him on their first meeting. Honestly, Miles is so confused.

## **Meeting Phoenix Again**

After that, Miles really wants to meet that man again, to find out more bc he's really curious to "why'd he do that" and "how human is he". He doesn't see him for a week but then, during one of his walks (that he takes as remembrance to the days which he used to walk w/ his father & enjoy nature), he sees him. The strange man who was half deer. But this time, he's walking with his friend, a loud man w/ a squeaky voice who's complaining about how his "relationship" ended while the other picks up some herbs & berries, anything good he can find. Miles is shocked & he just feels paralysed so he keeps watching & ends up being seen by the two of them (it's mostly Larry first thou bc he screams).

Larry probably runs to get a stick to hit Miles (just to get him away) but Phoenix probably stops him. Or you can have Larry run up to Miles asking if he knows any hot chicks bc, you know, "hot guys always bring hot chicks along".

Either way, Phoenix asks him what he's doing here but Miles is still too stunned & can only stutter. hmmm. I would like to think he runs away again, but I would like this to have some interaction so Phoenix probably quickly runs in front of Miles & stops him, maybe tries to calm him down bc he's freaking out and "oh god, I could die, they could kick me and I could die just like father, I would die in the hands of an animal".

Ohh yea poor Miles runs but Phoenix is faster so he just cuts him off. And he turns around and Larry is behind him, grinning at him with that stupid stick, so yea

YEP YEP YEP. Honestly, I feel like Miles would absolutely panic & faint. Which would prompt Phoenix to be really worried & bring him back home where Phoenix lives (who knows where he lives). They probably live in a clan so everyone is screaming when Phoenix brings Miles in & lies him down on his bed (also known as a bunch of hay)

Yes and everyone is screaming yes

Would they be screaming extra if they knew who he was (a hunter) & they're all trying to kick him?

Probably haha. Like they are already screaming and Phoenix is like 'no he needs help ok' and then they see the shotgun and they all go bonkers haha (assuming he brought some kind of weapon with him)

I don't think he brought one, during these walks, he prefers to not bring anything so he doesn't freak any animals out (if they notice)

But yeah, he's probably getting water & edible berries for Miles to have when he wakes up, so he'll feel better. But he ends up freaking out in the end bc THERE'S ALL THESE DEER PEOPLE

THEY ARE GOING TO SACRIFICE ME TO THE DEER LORDS

S A C R I F

hahaha I'm sorry

IT'S FINE

I'm just laughin

hahaha ok xD

I'm just imagining Larry trying to help now by hitting Miles w/ the stick so he'll stop freaking out

no but really it's like he's a hunter and the deer people have brought him home and given him food obviously they are feeding him to sacrifice him to the deer lords

But that freaks him out more like "oh god they're gonna beat me to death w/ sticks"

oh goodness he would tho  
yes

hbjKN

Larry just starts chanting "sacrifice" as a joke but it freaks Miles out further

AND HE FAINTS AGAIN AND PHOENIX SCREAMS

YEp

hm hm hm hm. The cave bit (once Miles stops thinking he's gonna be a sacrifice, would probably be a good time of Q&A for Miles & for them to get to know some stuff about each other

### **Time Period**

Also btw what kind of time period are we looking at?

\*dabs\* I didn't think of that. It would probably have to be an early-isn period when hunting was "so cool"

\*searches time periods up\*

I honestly have no idea about time periods tho so I dunno why I'm asking hahaha

JBKCF

GDI

BUT I WANNA KNOW

Well, I guess it would be after the middle ages where society is someone modern??? Like All I can think about it steampunk era

UGH

\*googles more\*

Steampunk era would probs be like victorian?

I think??

IM SCREAMING

"Another form of entertainment involved 'spectacles' where paranormal events, such as mesmerism, communication with the dead (by way of mediumship or channelling), ghost"  
That was on the wiki for Victorian era entertainment & I'm just thinking of Maya

YES MAYA

victorian era clothes look weird  
I'm just gonna continue spitting out ideas

### **The Deer Clan + Godot**

Oh but I must ask, so is Phoenix like a faun or a deer centaur thing? As in how many legs does he have?

Tis what I was trying to "aim" for... GET IT? AIM? hmmm, but I was thinking like a centaur so he has the four legs of said animal & he's got his upper body w/ "these hands"

Oh, Larry is one too but his antlers/horns & all wonky

Aaarrgghhhh (you are lucky I love awful puns and jokes tho) Ooooo okee HAHAHAHA  
LARRY

He makes a move on every "girl" he can find & gets kicked for it HEHE  
Were you thinking they they would have two legs?  
I mean, they can, but it takes away Miles chance to ride Phoenix. Literally

Well when you said half deer at first, that's what I thought of haha. HAHAHAHA I SEE

I was actually having a plan to have Larry get shot in the leg by a Von Karma  
maybe Larry sees Franz & starts hitting on her & she shoots him

Oh man poor dude

Then Phoenix has to save his ass  
NO REST FOR LARRY

ALWAYS LARRY

"When something smells..."

It's always the Butz hahahahaha

—

oh oh I must ask  
who else is in the deer tribe

hMM

I would think Maya, Larry but who else indeed?  
Maybe a bunch of the defense lawyers

and would there just be deer or would there be other animals too?

so like Polly & Anth are there

oH

I would think they'd all be deers just for habitat & all  
but they could be something else?

Were you having any ideas on the group?

nah not really. It's just that (ok a bit of needless history here) I used to do quite a lot of rps a few years back and I knew this person who had like the best chatrooms ever cos she made all these kinda aus and species of stuffs for people to chose from and one of them was this kind of half-animal type thing. and like there were different animals so

Ahhh, I see I see

There honestly could be more clans tbh, like a horse clan or other outside clans  
But I guess that they would be less important characters? At least, not very close characters?

So maybe Godot could be half-horse

I feel like De Killer would still be an assassin. But maybe he would have the horse treatment too?? Like he doesn't have knives, he just has sharp rocks & wood

### **Coffee + Cute**

I'm sorry I'm just imagining poor Miles being really stressed one day and taking a walk to hopefully destress and is walking while drinking a cup of coffee cos he's just that stressed. AND THEN A FREAKING HORSE MAN LEAPS OUT OF THE BUSHES AND GRABS HIS CUP BECAUSE APPARENTLY IT "SMELLED GOOD"

GVHBN

can you just imagine a horse's first time exposure to coffee  
then again, this is Godot

But if it was anyone else, they'd be jumping around bc they're all caffeinated

...godot visiting the deers after discovering coffee (and poor Miles keeps getting pestered to bring more coffee and he's honestly too afraid not to, at least for a little while) and letting them try it. and most of them probably think it's awful but that's besides the point cos now they are all super hyper. Like Larry has gone completely bonkers. The younger members of

the Fey family are probably like screaming and laughing and giggling away. And Phoenix is super hyper and jumpy and is like "Miles! Miles Miles Miles! Milesmilesmilesmilesmls"

But that coffee idea, A+. They'd all have this caffeine crash afterwards & they'll all just be sleeping for a good amount of time. Which should be good for Miles, if it wasn't for Phoenix lying across Miles, sleeping

and like Miles blushing profusely and really wanting to stroke Phoenix's soft fur again but he doesn't want to accidentally wake Phoenix again like that time when he got caught

...ikr... sighs...

Maybe he'd stroke Phoenix's hair & find out that it's just as soft as his fur + Phoenix like the feeling & it just lulls him into a deeper sleep

YES. Phoenix mumbling in his sleep when Miles does that and Miles panics cos he thinks he's woken Phoenix, but Phoenix is actually still asleep and just nuzzles against his hand and my goodness it's too cute and Miles can't handle it and neither can i

JUST GO AHEAD AND STAB ME  
THATS TOO CUTE

### **Soft Deer Fluff**

But but just imagine how soft the deer fluff is. Soft fluffy fur. That Miles can bury his face in. And stroke. But like I always smell and rub my face in furry things I'm sorry

GBHJB, nO IT'S FINE, That's actually a really cute idea. Just the thought of Miles getting curious while Phoenix is asleep and touching the fur parts, & it's so soft that he keeps running his hands through it, not noticing how Phoenix is actually awake now & watching him.

YES

### **Fluff Tail**

That's another thing they both like, the feeling of Phoenix's horns. OH BOY  
But what ABOUT PHOENIX'S PUFF TAIL

I mean, I don't know about Miles but I would really crave to just gently squish that tail

Like while Phoenix is sleeping, Miles just gently taps his tail and it does a little flick and like Miles is screaming internally. So he does it again and it floofy around a little more. AND IT'S SO SOFT HE EVENTUALLY CAN'T HELP BUT SQUEEZE IT SOFTLY KINDA

IM SCREAMING PAL

Miles just loves that fluffy tail, he loves it's shape & how it twitches jUST LOVES IT

YES

Miles eventually falling asleep & Phoenix wakes up to Miles nuzzling his soft fur

### **Horns + Rut**

Do you think Miles would touch Phoenix's horns too. Just glossing over them w/ his fingers.

Honestly it sounds sinful but still

Yessss. And like you know maybe they are still mildly fuzzy like apparently young deers have fuzzy horns or smth I need to check

ye s y e s s.

"male deer lose and regrow their antlers every year"

THERE WE GO THE FUZZY HORNS (I THINK)

YEAH

HERE

<https://www.biggameologic.com/ArticlesNews/tabid/136/articleType/ArticleView/articleId/308/Whitetail-Deer-Antler-Facts.aspx>

"While a deer's antlers are covered in velvet they are very sensitive to touch"

Oh and I was reading that article about the horns and like it says "Once antlers reach full size, the velvet begins to die off and the bucks rub it off on trees and brush. In addition to removing the velvet from their new antlers, buck rubs also help to strengthen the neck for the upcoming rut." so like first of all, Phoenix trying to rub his horns on everything and maybe Miles scratching them for him and Phoenix just thinks it's like pure bliss. And also the rut thing. Like does Phoenix go into rut cos like goodness me

OH MAN HERE WE GO

GFBNJ

Just Phoenix's horns being the most sensitive thing w/ all the velvet on it & he's just twitching w/ pleasure everytime Miles runs his fingers over it & he's just dying  
ALSO WOULD THAT MEAN PHOENIX HAS TO FUCK SOMEONE  
Phoenix bringing Miles home & fucking him all throughout his rut

ಠ\_ಠ or something better IDK

YES

Also how would fucking for them even work? Like, is Miles gonna have to ride Phoenix since that's the best position or what

I guess they could tho. Or like Phoenix kinda mounting poor Miles from behind I guess?  
WELL I DON'T KNOW

JKB YGHBVN

wouldn't Phoenix be a little to heavy for Miles thou  
that's the only question of that way

Maybe...?  
How big are deer tho

hhmmm  
Not too big?  
But to match up w/ Phoenix's body  
would probably make it big

I was gonna say I know that much (that deer are not that big) and unlike horses so like godot  
would be huge but then that just sounded really wrong so

GODOT IS FUCKING HUNG  
But nah nah, I understand what you mean  
Maybe it's a weight thing??

That's true. But also cos deer are smaller, Phoenix is probably kinda of a smaller build as  
well, compared to like Godot in the not that awful sense

SEE

So maybe they're almost the same size but Phoenix is easier to pick up

Deer Phoenix bending Miles over a log of wood & fucking him multiple times I am screaming  
Oh but. Deer Phoenix being possessive of Miles after another deer starts liking him It  
becomes a battle for Miles

Oh man  
I'm sorry I suddenly thought of oldbag HAHAHA

But yes some other dear fighting for Miles. Maybe Phoenix has to physically fight them too

J b cf hvt

Well they usually (i think) fight w/ their horns

Yea I think so

But if it's oldbag then she has no chance

Oldbag is probably like another one who keeps chasing after Miles. But for this situation there's probably some other male in rut trying to fight for a mate maybe

Probably. Phoenix would have to tell Miles to stay away during these times, just to avoid everyone else

Probably yea. But then is he gonna meet Phoenix or?

Hmm. I feel like he wouldn't listen so they'd probably meet anyways or something? The fine details are throwing me in a loop

—

I'M SORRY I SUDDENLY THOUGHT OF MILES STROKING PHOENIX'S FUZZY HORNS AGAIN AND THE POOR DUDE IS JUST LIKE MOANING AND WRITHING AND KICKING

HAVE FUN BYE

IM SCREAMINGGGG

DAMN YOU POTATOOOOO

MUAHAHAHAHA

I'M SO MAD AND I WANNA DO COMEBACK

but all I can think about is how anal beads would look like berries on a string to Phoenix so in the end, I played myself

hahahahaha gj

Phoenix about to try to eat them and Miles freaking out cos yOU PUT THOSE UP YOUR BUTT THEY ARE NOT CLEAN

tHAT'S WHAT I WAS GONNA SAY TIME TO SCREAM

I THINK WE NEED TO STOP IF WE KEEP THINKING OF THE SAME THING

PROBABLY

## **The Bed Made of Hay**

I'm laughing bc apparently they eat hay & I made the bed out of hay  
Phoenix is gonna eat his own bed

Phoenix just like lazing on his bed and casually grabbing a handful and munching on it and  
Miles is freaking out cos apparently humans think it is unhygienic to eat their beds

"why are you EATING your bed??" "Tastes good."

Hmmmm. Phoenix & Miles cuddling on the hay bed w/ Phoenix just wrapped around Miles.  
And then Phoenix drowsily mistakes Miles hair for hay & tried to eat it

NO NOT MILES' HAIR HAHAAAAHA

## **Gregory's Death**

Ok so, unfortunately Gregory's gotta die. And I remember seeing that I mentioned Miles's  
dad being killed by an animal, so I'll have to base it around that. I feel like Miles and Gregory  
would have been the total opposite to VK, and their ideas would have been too? Von Karma  
probably thinks of all animals as filth and to be killed to demonstrate how he is  
perfect/superior to every other species?

Gregory would probably be someone who respected nature and animals, maybe he was a  
person who manages nature reserves in the area and make sure no hunting goes on in the  
area. He absolutely loves the animals/nature in the area & often took Miles out during sunny  
days to come and "patrol" the area.

(how much you wanna bet Gregory has met the deer people) Anyways, disaster strikes one  
day & guess who's fault it is. Ding ding, you guessed correctly, it's asshole 1#, its VK who's  
riled up a bear and now it's pretty much rampaging. I'm trying to stretch w/ ideas bc I need a  
bit of help here but, base idea of the rampaging bear swiping at Miles in anger, Miles blacks  
out & sees the bear getting ready to swipe his dad. BUT HAHA, GREGORY DIDN'T DIE BY  
THE BEAR, base idea of VK shooting Gregory from the shadows bc of that one time he saw  
VK hunting in a reserve. And what better than killing the man who caught you hunting, than  
to turn said man's son into a hunter himself :)

I think it could be that Miles gets hit by the back of the bear's paw while it is swiping at  
Gregory and gets thrown back into a tree and hits his head. So he almost immediately  
blacks out when he hits his head, but just as his vision is fading, he sees the bear raise its  
paw at his father. Am I even helping adding random details hahahahaha

ye S Y es bc THAT'S SOMEWHAT ONE IDEA I HAD BUT I CAN'T EXPLAIN ANYTHING  
SO THANK

## Berries + Gregory Again

anyways, berries

Yes berries?

YES Ah, I was just looking at this page

<http://www.motherearthnews.com/organic-gardening/edible-wild-plants.aspx?PageId=3#ArticleContent> and imagining Miles collecting berries w/ Phoenix. How he probably picks the wrong ones at first, and has to be taught by Phoenix how to know which berries are good + bonus points if Gregory knew this & used to come home w/ berries now & then

"See right here? These leaves are more jagged and rough to feel, the safe ones have smoother edges and aren't rough." \*still accidentally picks the poison one again\*

Oh man ok Phoenix teaches Miles right, and then walks off to look at another bush. And Miles still picks the wrong berries. And since Phoenix just taught Miles, Phoenix doesn't check when Miles feeds him some berries later cos he assumes they are fine. He just beams and takes the berries offered to him. And then he suddenly gags and collapses and Miles is panicking COS HE KILLED PHOENIX. But then Phoenix just sits up like 15 mins later after eating lethal berries with a mild stomachache since HE SEEMS TO BE IMMORTAL IN THE GAMES EATING GLASS AND POISON AND WHATNOT

I'M SO SICK OF PHOENIX AND HIS TALENT OF EATING GLASS AND POISON but thats be a u tiful idea

Miles accidentally eating a few poison berries & getting really ill, + Phoenix carrying Miles back to his colony(?) and nursing him back to health \*rolls around\*

Awwww yes that too Miles getting sick and being taken care of

Either way is a delicious way

Oh oh oh when Miles gets poisoned and has to stay with Phoenix for a while, he gets a lot of 'visitors', like the other deer all come to talk to him too. And one of the older deers tell him that there was this man many years ago who used to come out and pick berries a lot. But there was a time when the man was young and had made the same mistake as Miles did. And the deer then had taken care of him and then later taught him how to pick the right berries. He was a good man. A man who respected and protected the wildlife. And Miles just nods and is rather sad cos it reminds him of his father (AND IT IS GREGORY) but Phoenix is still pretty young so he doesn't remember

AIMFH IM SCR  
SCREM

SCREAM

Can you just imagine Gregory actually having a friendship w/ the deer people though. Everyones just talking about Gregory to Miles and he's pretty impressed by it all EXCEPT HE DOESN'T KNOW THEYRE TALKING ABOUT HIS DAD BC NO

Can you imagine Gregory actually becoming friends w/ smol Deer Larry & Phoenix??? He probably treats them just like normal kids and sometimes asks them if they could become friends w/ Miles (bc haha, Miles's only friends are law books I'm sad)

YES. So maybe after that initial recount by the older deer, and Phoenix is like 'I don't remember...?' And that deer looks almost personally offended and is like 'how can you not remember that dashing young man???' And then story time starts. Like that deer starts talking about Gregory, and all the other deer start gathering around. And then they all start pitching in their own stories about this man. About how he had befriended them, stayed with them a few times, protected them from hunters. And Miles is really impressed. And then it suddenly clicks for Phoenix and he's shouting about remembering that man. That kind man who had come and visited them every few days with cool things for them to play with and look at. He always mentioned having a young son whom he wanted to bring with him to play with them, but he was rather young and the forest could be dangerous. Phoenix and Larry remember promising the man to be friends with and play with that boy. And then Phoenix's expression falls cos he never got to meet that boy and that man just stopped visiting one day. And everyone goes silent for a moment, all missing that one kind man

### **Entering Yards**

"Deer occasionally enter yards to get their mouths on flowers, vegetables and ornamental trees" IM DONE

YES

Phoenix appearing in Miles' yard one day, just ripping flowers and stuff out of the ground, and Miles panics and rushes outside to shoo him away cos von Karma would 100% definitely murder him for a trophy so please leave. And Phoenix is still like 'what?', and accidentally spits some chewed up flowers at Miles cos he still eating away

### **Poison Berries Aftermath**

Oh you know the poison thing. What if the antidote was some kind of grass or herb or something. And so Phoenix is just like 'here eat this' and thrusts a handful of grass at Miles' face and Miles just stares at the tuft of grass and like 'how?' But Phoenix, being a deer, just kinda grabs a handful of grass from the ground and stuff it in his mouth and like 'like this!!' and kinda spits grass everywhere

PFF, IS IT EVEN GOING TO WORK FOR MILES??

He's gonna have to eat grass bc of Phoenix I'm gonna cry  
But first, Miles is gonna rub off the grass bc Phoenix spat it all in his face

IT WILL COS MEDICINE IS BASICALLY GRASS AND HERBS but yes poor Miles like grimacing and trying a singular blade of grass and trying very hard to chew it and Phoenix is getting super anxious cos MILES NEEDS TO EAT IT OR HE MIGHT DIE Miles being very disgusted by the chewed up grass being spat at him and kinda glares at Phoenix

BUT USUALLY THEY'RE PASTE OR SM.

Is Phoenix going to have to grind the grass down so it's a bit easier for Miles to eat, or is Phoenix just gonna shove grass in his mouth like "YOU'RE GONNA DIE, EAT THIS"

THAT'S TRUE OH NO

YES PHOENIX JUST MORE AND MORE ANXIOUS AND LIKE SHAKING AND JUST SCREAMING AND SHOIVING GRASS IN MILES' MOUTH

FHJ, IS HE GOING TO REALISE THIS OR SM BC RIP MILES

Miles is like choking and like can't chew the grass and Phoenix is like "CHEW" and Miles wants to glare at Phoenix but he really can't cos he's choking on grass  
Phoenix eventually catches on after Miles starts spitting the grass out and then just grabs him and like chews the grass for him and spits it out and makes him eat it  
poor Miles

G O D

either way, Miles is dying literally or internally

yep. Miles is super grossed out and refuses to eat the awful chewed up mush, so Phoenix grabs Miles and just does the bird thing where he spits the grass directly into his mouth and Miles gags and feels like he's gonna throw up Phoenix covers his mouth and gives him this super determined look and is like "YOU HAVE TO EAT IT"

YOU'RE KILLING HIM AND ME

WE'RE BOTH DYING

ugh, after all that, Miles is just gonna curl up & just think about what happened like "I just ate grass, for fucks sake...."

And Phoenix sits next to him, beaming, like 'I just saved Miles' life'. And then like pats Miles and says "Good job!!!" and Miles just groans

I feel so sad for Miles, he's been scared to death and has now eaten grass....

Can Phoenix get him some nice berries to make him feel better, or is he just gonna lie there and moan about how he ate grass

Miles is gonna lie there and moan about how he ate grass and Phoenix will be just like "yes!!! I am proud!!!" And it takes him a while to realise Miles is actually pretty shaken about

the fact that he ate grass and then maybe he goes out to get some nice sweet berries for him and like tries to comfort him with small nuzzles

YESSSSSSSS

HES JUST stroking Miles' head as he feeds him the nice berries

### **Fluff Circle**

Phoenix lifting Miles onto his back and taking him back to his hay-bed bc "he can't stay and lay out here, its cold & about to rain" Miles being pretty much knocked out and, coming around once during being carried. And you know what? Phoenix's fur is just so soft and comfy so he just snuggles back into it and lets himself be carried back.

AAAAAHHHHHHHHH

SOFT

SOFT PHOENIX

PHOENIX IS VERY SOFT

YES

hmmm, I wonder if lying on the hay isn't as comfortable to Miles. And Phoenix realises this eventually and lets Miles lie on him bc fluffy and soft

YES

LIE ON SOFT PHOENIX

Miles drifting out of either his state of unconsciousness or sleep, only to realise that "wow, this mattress is really soft, fluffy and warm". And without even opening his eyes to see what/who his so call "mattress" is, he just nuzzles his face in more to the fluff and falls asleep... Too bad Phoenix was watching him the whole time & is thinking about teasing him about it when he wakes up

Phoenix internally screaming and thinking Miles is super cute and wanting to just squeeze him into a crushing hug and nuzzle him cos he's way too cute but that would wake Miles up and stop the cute so he tries not to

OOOOOOO

He's gonna have to ignore how cute Miles is being rn and not cuddle him, buT HOW CAN HE RESIST WhEn Miles has this little smile on his face aND HE KEEPS NUZZLING

AAAHHHHHHHHH

Phoenix ends up screaming and nuzzling Miles anyway and poor Miles wakes up with a shock cos of the scream and suddenly Phoenix

GOD DAMN IT PHOENIX

also I keep thinking of all the deer people sleeping around Miles so they kind of just make a nest of fluffyness

ANYWAY so FLUFFY CIRCLE OF FLUFF. And Miles is super comfy and sleeps really well, until he wakes up. Then he freaks out cos why are there so many deer suddenly. Why is he sleeping on Phoenix. And then like he blushes and tries to move away but Phoenix just hugs him

YES

That fluffy circle would probably get really warm, so they don't sleep like that in summer. But in winter it's the absolute best against the cold.

YES. WARM FLUFF CIRCLE. WITH MILES AS PART OF THE FLUFF CIRCLE

Doesn't matter where he turns, he's surrounded by fluff

## **PLOT**

Hmmm, I'm also curious to what will happen if/when the deer people find out about how he's the son of that "really nice man from a long time ago" (Gregory). Maybe they're really standoffish and rejective of Miles at the beginning of meeting him, slowly accepting him during his time w/ Phoenix.

But the moment they hear about Miles' horrible experience and HOW THAT MAN WAS HIS FATHER they become overly protective of him. They just hug him, teach him how to find berries, and let him sleep in the circle of fluff. The down side is, afterwards when Miles tries to go home to VK, they're all pulling at him, convincing him to stay.

They really don't want him to go bc they're scared that he might be hurt & they'VE REALLY BECOME PROTECTIVE OF HIM. idk, I'm just seeing all these deer people comforting him & saying how they'll protect him

YES I DIE

Maybe at the beginning, they are really hostile especially when they figure out he's a hunter. And then they are really really hostile cos they find out that he's VK's kid. And Phoenix defends him and insists that he's a good man and will not hunt them down

\*WHEEZEA\*

And then they eventually go like, "oh yeah, I think he said his son's name was Miles. Coincidence, huh?" And then Miles freezes and feels tears well up in his eyes cos that man they all loved was his father and he wished he knew his father that well. He wishes he could come here with his father and stuff

WH

And now that they know that he's Gregory's son and what VK has done to him they are really super protective and him and swear to take care of him like their own son. And Phoenix, especially, hugs him cos he's promised to be his best friend and squeezes him super tight and doesn't let go cos poor Miles

time to fly INTO THE SUN BYE BYE FOLKS

nO

YES

wait

would they even know about what VK did?

unless Miles knew and told them or sm happened?

.....that or one of them saw the event happen and so everyone else knows what really happened except Miles

no I don't think they know he killed Gregory, but like hunter thing and generally how he was treated maybe?

Or maybe someone knows a little bit. Like Mia or someone suspected something was wrong but like no one really saw it happen?

Ahhh. Ok ok. Just as much reason for them to want to kick VK in the balls

o

IS THERE SUCH A THING AS A BEAR CENTAUR OR IS THAT WEIRD

I DON'T KNOW

there could be

tbh, when I think of bear centaur, I think of grossberg

THAT'S WHY. Cos I was thinking maybe if Grossberg was a bear centaur, and Mia knew him, maybe she knew something was up with the bear spooking and the fact that they knew someone died to a bear attack and yet no body was ever found

Like Grossberg would understand the bears better (and maybe know about what happens between bears a little better) and know that someone, most probably a hunter, had provoked that bear to begin with

Especially since Gregory was so close to the deers, and probably knew some of the other clans as well, they would have all heard if he had been killed by a bear. The bears would have told them. So, now knowing that Miles claims that his father was killed by a bear, Mia knows something is definitely up

if they eventually find out who's behind this, I'm voting for Larry to beat VK w/ a stick

OH THE STICK

BEAT HIM W/ THE STICK

YEA THE STICK  
AND REALLY ANGRY PHOENIX

Phoenix just angrily kicks VK in the balls  
and then in the face  
and then in the balls again

yep

Honestly, Phoenix would get first kicks before the whole "protective of Miles" deer group gets a kick at him

Man. VK's gonna get kicked by Phoenix, and then hit with a stick, and before he can do anything, here comes the rest of the clan. And maybe some other people. Like Diego might tag along just so he gets to kick someone haha  
Or maybe Diego is there cos Mia got into trouble for investigating this whole thing

wHEeze, honestly VK is gonna end up black and blue after all this. But let Diego join along too. He can kick VK teeth in

very hard horse kicks

Hmmm, would they leave Franz alone though  
They might hear how she's a VK and try to attack her, but maybe Miles convinces them to leave her bc she helped him.

hahaha Miles and Fran become the new adopted deer kids

Oh god, that sound horrible but fantastic I love it.

### **Other Animals**

ooo what if the prosecutors are generally horses? Like I keep thinking of how elegant a Blackquill centaur would be hahahaha

YES. That would be so good  
But yes, prosecutors as horses, and the Paynes are ratty, ugly ones who annoy everyone else

HAHAHA THE POOR PAYNES. Would Gumshoe and Fulbright maybe be bears along with Grossberg? Or would they be something else?

Yep, they can't help being a Payne in the butt. Hmm, the idea of Gumshoe being a bear is pretty nice just bc he seems like the type, but I feel like Fulbright might be something else ldk, when I think bears, I think big and cuddly and Fulbright just doesn't seem like a bear in general

Oh, but can we at least make Lang from AAI a wolf bc that would be pretty much perfect for him

Gavin centaurs would also be super graceful looking  
A WOLF CENTAUR WOULD BE A GIANT WOLF THO  
hmmm... Fulbright...

He'd just have hair for days & it'd probably get tangled in things if he doesn't put it in his cone shape

\*chants\* giant wolf, giant wolf

A HUGE GIGANTIC WOLF but yes huge gigantic wolf  
unfortunately I don't know what his character is like yet so :(

big wolf, more bark

Ah, it's... pretty fake and goofy, but overly goofy

that... actually kinda sounds like an oversized wolf

## **Trucy**

Also I thought of Deer Trucy for the Deer AU, and how cute she would be and her little ears, maybe she still does magic tricks and stuff like that so she has her cape and hat. And I kept thinking of the first time Phoenix picks her up and places her on his "back" or deer body, like giving a piggyback ride or sm. Just a smol deer Trucy riding on deer Phoenix. And Trucy's wrapped her arms around Phoenix & crying into his back bc she's lost her real dad.

Also meetings w/ deer Trucy would be really weird at first but then he'd be told more about Trucy and how her real Father is gone & this strikes a chord w/ Miles. Like, Miles knows that feel. I don't know why but I imagine Phoenix going off somewhere to collect some berries for Trucy & comes back to see Miles holding Trucy in his lap, stroking her back and deer ears as she lets everything out, crying into Miles' shoulder

## **Sick**

Deer Phoenix would either be really lifeless or really hungry.... I don't know but I'm just imagining a really hungry Phoenix trying to munch on something to take his attention away

from his burning body or queasy stomach.....yes, eating would make his stomach worse but he just wants to distract himself. But what if Miles finds Phoenix sick when visiting? Does he just bring this deer-man home w/ him to nurse him back to health? Yes, the answer is yes. He has Phoenix come home w/ him, lets him lie on the couch with a blanket covering him, and makes him either warm soup.... or jam. Just. Warm fruity jam bc Miles doesn't know what Phoenix can't eat. Maybe he forces Phoenix into having a warm bath. Just fills up the tub, makes Phoenix sit in it and gets to work while he relaxes. Maybe he even uses Pess's brush to brush/clean Phoenix's fur.

## **Bird Poop**

Phoenix falls asleep in a nice clearing, and it's really sunny so he's 10/10 fully asleep but upon waking up he just notices how there's all these birds just sitting on his back and antlers  
maybe he shoo's them away? but I feel like this must of happened before so he might just let them sit (as long as they don't shit)

BIRBS

smol round birds

That would be so cute. I think it depends. Like if he gets a shock, he's gonna accidentally chase them all off, which means the birds are gonna get a shock which means they are gonna poo. Or he could wake up and see the birds and be super excited and be like "MILES MILES MILES LOOK" Or he could shoo them away and they'd probably poo too. And then he can go cry to Miles cos he got pooped on

POOR PHOENIX GOT BIRD POOP ON HIS HAIR AND BACK. Oh god, I can totally see Phoenix coming crying to Miles bc he got pooped on

Poor Miles has to deal with Phoenix crying and he really doesn't want to have to wash Phoenix cos it's gross. But he doesn't seem to be able to convince Phoenix to go wash himself either cos he's too busy crying

\*gives Phoenix a tissue\* go use this and clean up

Phoenix is just gonna cry more haha

And poor Miles is trying to tell him to go clean up but crying Phoenix is trying to cling to him and it's gross

Oh god poor Phoenix, this man isn't gonna stop crying. What if Phoenix couldn't reach the area where the bird poop is though? Like, maybe the other deer people clean each other in the hard-to-reach areas or sm? gross bird poop, let him be clean

Oh yea... Like maybe it's on his back and he can't reach or it's on his horns and he can't really see. So Miles really has no choice but to help haha

bless. Miles is gonna hate doing it but he has to since Phoenix keeps bothering him about it

Yep. Phoenix only finally stops crying after Miles agrees to clean him. So you have really grumpy Miles cleaning Phoenix whose eyes and nose are still all red from crying and he's sniffing. But then he smiles a little cos Miles is grooming him

a very cute son grooming a sweet son  
c l e a n f l u f f

## **Birbs**

on a side note, there's some birds that eat the ticks off animals so I feel like Phoenix would sometimes get those birds visit and groom him

Ohhhh yesssss. Miles is gonna find it so cute I swear. Like Phoenix just chilling and he's got these friendly birds on him. But he's also salty cos he wants to be part of it/be closer to Phoenix but the moment he gets anywhere close, the birds fly away

YEP. He is a jealous hunter who wants to get get closer

Oooohhhh what if Miles brings some birdseed with him or smth next time so he tries to feed the birds when with Phoenix. And they eventually get used to his presence. So you have the two of them relaxing but with really cute fat birbs too

OOO

I love fat little birds and relaxing i will die if they do that

FAT BIRBS AND RELAXING. Maybe the birds all start to like him after that. Like he could be in his garden and a bird will just land on him. And everyone is jealous of the cool bird man

yessss, they just appear and fluff up..... I just hope Miles doesn't feed them or they'll get even fatter

Yes. Fluff the birds. Let them be fatter. All the birds that visit Miles all just become super round. And he probably ends up installing a bird bath and a birdhouse in his yard eventually cos the birds keep coming

These birds are gonna be too big and fat tbh. Can you imagine a point where they all sit on Phoenix or Miles and they're dying bc the combined weight is really heavy.  
(bird baths are really cute tbh, they just fluff and roll in the water)

A bird lands on one of Phoenix's antlers and he actually loses balance a little, like his head tips a little, and the bird is so comfortable it kinda just flutters slightly and doesn't fly away. Then Phoenix looks up and sees that that bird is so heavy cos it's so fat and so rOUND and he kinda just gawks before asking Miles what in the world he's been feeding them (fluff fluff splash splash)

these pooR BIRDS NEED TO GO ON A DIET  
THEY ARE TOO ROUND

god, I just hope Miles doesn't start feeding Phoenix like this. His legs can only hold so much weight

NO SUCH THING AS BIRBS TOO ROUND

altho it might be a problem if they are too heavy... And poor Phoenix with his spindly deer legs haha. Miles is gonna have to put everyone on a diet (but honestly it's really hard not to feed Phoenix when he's that cute)

THEY ARE TOO ROUND THEY'RE GONNA FALL

Its way too cute bc Phoenix has this really happy expression and his cheeks are full w/ food (making his cheeks appear really puffy), I can only imagine Phoenix's tail wagging a bit to make it cuter

AAAAAAAAAHHHHHHH THAT'S TOO CUTE

how is Miles gonna not feed him

>:3

Who knows Pal. I mean, all that paired w/ Phoenix lying on the couch with his furry stomach just sticking out

Miles is gonna have a reeeaaally hard time putting Phoenix on a diet. And he's gonna rub the tummy. He's so gonna rub the fuzzy tummy

>:3, a very fuzzy tummy and a happy Phoenix, what more could he ask for.

he's gonna snuggle with Phoenix on the couch and it's gonna be all warm and fuzzy and squishy and soft

—

the poor birbs try to fly but kinda just flutter and then fall and peep peep cos no fly. And Miles is like 'oh no' and brings the birds home so he can take care of them (and not feed them too much) until they can fly again. And then Phoenix gets jealous cos Miles is paying too much attention to his new fat birbs

oh no, WHYD HE MAKE THEM SO FAT THEY CANT FLY HOME. ...but yo, Phoenix, if you get jealous of the fat birds then just kick them like a soccer ball yo.... that or have the birds sit in Phoenix's hair and hands, then Miles has to pay some sort of attention to him

nO KICK. Phoenix scooping the fat birbs up in his hands and carrying them over to the couch so he can put them in himself and then Miles has to pay attention to him. And the birds kinda nest in his hair and look really comfy while sitting on his furry back and it's really cute

KICK THEM INTO THE SUN. Oh but yessss, let them sit on Phoenix and snuggle. Maybe Phoenix falls asleep during this time and his head slouches against the arm rest, which is great for Phoenix but not so much for that one round bird that hasn't pushed itself deep enough so its just. slowly. sliding. off. to the floor.

SAVE THE BIRD

IT SLIPS

desperate peeping as the bird slips and tries to cling on/fly but it's fat. So Miles either comes out to see a birb on the floor, peeping angrily, or a birb slipping off Phoenix's head and he has to run to save it

\*catches the bird and slam dunks it\*

CATCH THE PEEPY BIRD and place him on the back of Phoenix, along w/ the rest of the sleeping birbs. Pat each one on the head before stroking Phoenix's cheek or ear

IM SCREAMING BECAUSE CUTE. PAT THE BIRDS. LET THE BIRDS SNUGGLE INTO A BALL OF FLUFF ON THE FUZZY DEER. ALSO STROKE PHOENIX

(also be kinda upset at Phoenix. But the bird didn't actually get hurt and Phoenix is too cute so Miles cant really be upset)

ALSO DO NOT SLAM DUNK

jUST STROKE EVERYTHING BC ITS ALL FLUFFY AND GOOD

(g o od. he is only upset for the fluffy, that is it)

"rubs hands together but stares into place bc she can't think of more ideas"

m its mostly fluff and laughs but I wanna put angst but ughhhhhh

I scream at angst

13h

sudden angst

vk with his hunting rifle going after Phoenix

13h

nghoooooh

NGHOOOOOOG

13h

or he's like why is miles going out so much more often??? and follows him to the deer people

13h

"breathing quickens bc sense of doom"

13h

and he's like well miles seems to care quite a bit about this one deer guy,

an animal he should be hunting

13h

when he's hunting w miles he tracks down deer guy aka Phoenix and he wants miles to h u n t

13h

im gonna shove the gun up vk ass and s h o o t

13h

damn that's harsh

13h

tis why I can't angst when I love deer man too much

13h

angst (w happy ending) is my shit

13h

"clenches" I must protect him but he also much be broken for more story so imM DYING-DESU

13h

what if he gave Miles a choice

to either shoot Phoenix or vk would do it for him

13h

YES

g o o d

well bad but

g o o d

13h

and Miles knows VK's aim is perfect and would probably kill Phoenix so he's gotta shoot

and its killing him to see Phoenix features scrunch up w/ pain bc, thankfully, Phoenix wasn't killed by that shot

13h

and Phoenix has no idea what's going on

he's like

why would miles shoot me??

he feels kinda betrayed

13h

I'm dying squirtle

13h

bc he didn't know what's up

but if Phoenix is shot he probably can't move very well????? what will vk dooooo

Phoenix feels betrayed @ miles and he's like damn it dahlia all over again

damn

13h

ANGRY SCREAMING

what if

Miles tries to come back later to Phoenix and his clan/place after VK is gone

13h

but they won't even let him in

they're all just protecting Phoenix from Miles

maybe just kicking at him

or what if Phoenix is completely cold towards Miles when he sees him

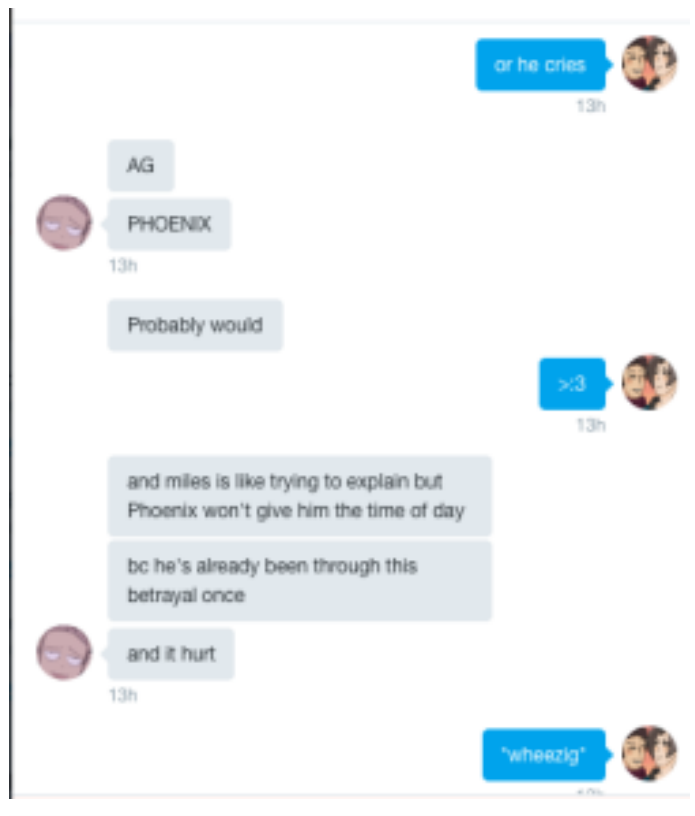

13h

and miles is trying to say how it wasn't on purpose

13h

HHHHHHHHHHHHHHHHHHHH

WHYDESU

kiss that scar better

wrap it up even after its healed

just stroke the fur/area w/ lightly and softly

SORRY I RETURNED TO FLUFF

13h

okay now how to resolve this

how to make Phoenix talk to miles again

13h

~~~~~

13h

hmmhmm

13h

buy all the berries

g i v e

buy hay too

fatten the deers

make them very round and sleepy

13h

....or you can just have Miles shoot his own leg out of feeling bad

13h

n 000

13h

maybe Phoenix saves him from something ?? bc he still cares about miles no matter what he said

13h

Yes

4h

perfect

4h

But what he gonna save Miles from bro

VK?

4h

hm maybe

maybe while they're out hunting vk starts shit talking the deer people and saying miles wasn't perfect enough, how he should have been able to kill that deer guy aka Phoenix

and miles gets MAD YO

4h

miles starts defending all the deer people and stuff and through the woods Phoenix hears all this shouting

4h

Does he say he's a disappointment like his father?

4h

MMMM

4h

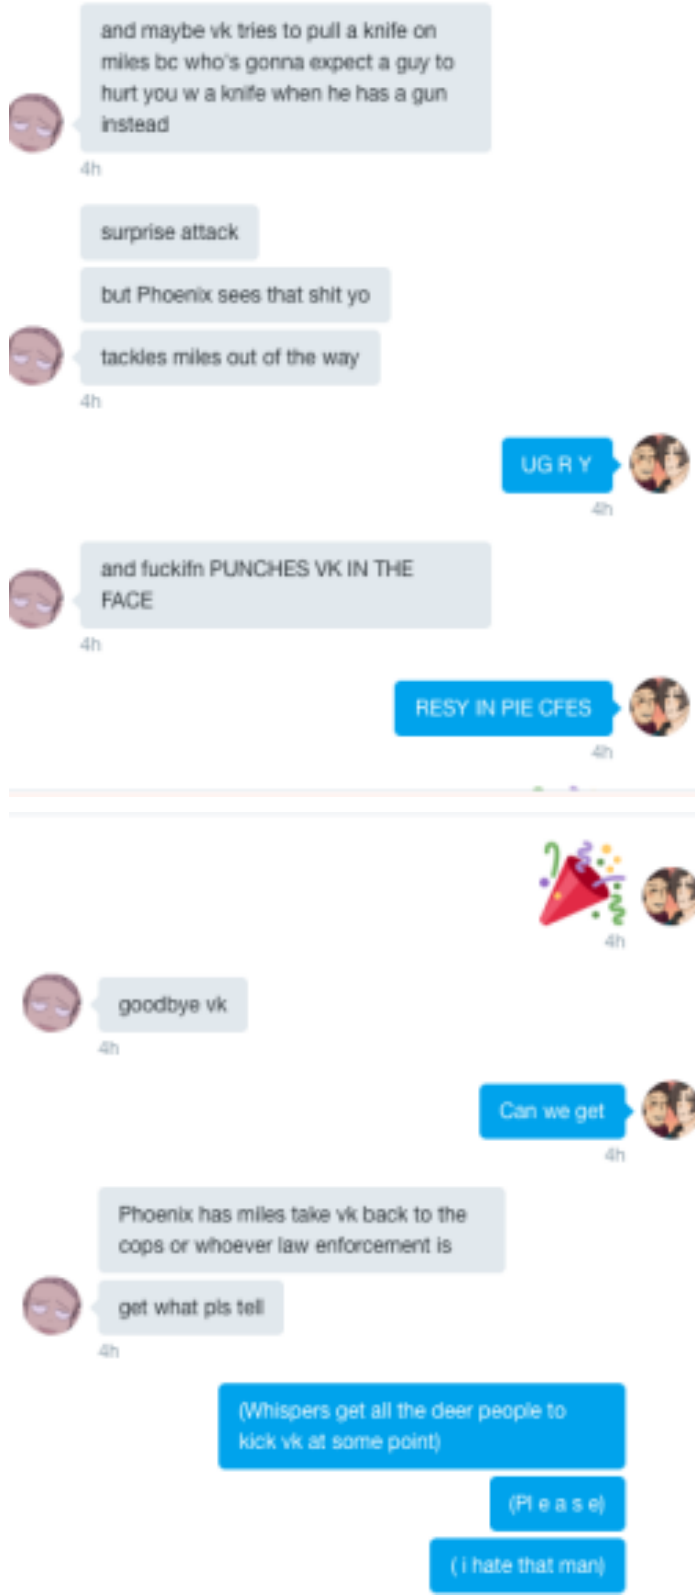

YES HE DOES SAY THAT

perfect

and so Phoenix sees miles fighting w this scary old man with a big gun

4h

aaaaaaAAAAAAAAAAAAHHHHHHHHHH

WHY YOU SCREAMA

bECAUSE

\*eats dinner while thinking about whether or not I can make this sadder\*

\*heats up dinner while screama\*

what if Miles actually shot himself tho. Like he really couldn't get to Phoenix cos Phoenix didn't want to see him and the other deer were keeping him out. No matter how much he tried to explain, or apologised, or cried, they wouldn't let him in. So he arrives one day with his gun and all the deer obv freak out. But he just says he's sorry and then SHOOTS HIMSELF IN THE LEG cos he's really sorry and can't make it up to Phoenix and hopes this will convince them that he really didn't mean to hurt Phoenix.

Cue Miles screaming cos he's been shot in the leg and it hurts and he's bleeding and the deer also freak out and are not sure what to do but they soon rush over to help. And Miles probably passes out either from the pain or the blood loss. But, when he wakes up, he's in the deer place and Phoenix is there and Phoenix has obv been crying too. And Miles is in so much pain but he cries too, not cos of the pain, but cos he finally sees Phoenix again and he's so happy but he also feels horrible cos he shot Phoenix and this is the first time he's actually gotten to see the wound/scar for himself and he just feels horrible and keeps apologising

)FH(I

WAKE ME Up

WAKE ME UP INSIDE

CANT WAKE Up

WAKE ME UP INSIDE

SAVE ME

SAVE HIM

SAVE THEM BOTH, WHY YOU MAKE ME SCREAMA

>:3

IM SCREAMA

I just

They're both guilty now and wanting to care for each other and make sure the other isn't hurt ever again

Miles just tracing Phoenix's scar, all "I did this to you" w/ tears & all

yessss I live for these sads

and now that Phoenix knows why he was shot, he realises that Miles actually saved his life and had to go through the pain of shooting him and yet he was so horrible to Miles and turned him away and now Miles has shot himself cos of him

So they both really sad

and cry

but also happy cos they can finally be together again

\*plays a harmonica bc thats beautiful\*

I bet Phoenix really missed Miles & kept doubting that Miles did shoot him, just somehow it wasn't really Miles or sm

yesss he keeps trying to tell himself that it wasn't Miles, that maybe it was someone else, maybe Miles had some reason for shooting him, maybe... But then, on the other hand, there is the Dahlia incident and he has to tell himself that he has to stop being so overly trusting. Miles shot him. He can't lie to himself again. He's already been betrayed twice cos of his foolishness. He can't keep lying to himself

\*CLENCH FIST\* GOOOOD. He's probably so relieved when he learns the truth about the event. Also I have no memory of what the Dahlia event actually is at this point. Maybe its another human/deer relationship where Dahlia dates him to find out where they live and what's poisonous to them for r e a sons.

did we ever come up with a Dahlia thing for this au? I don't think we did, right? or at least I don't remember haha  
but HOW DARE POISON PHOENIX

>:3 THEY DID IT IN THE GAME SO NEENER NEENER

I don't think we ever came up w/ a thing for Sata-I mean, Dahlia. I guess something's gotta be made yo

BUT TO POISON THE POOR DEER  
THE POOR FLUFFY DEER

like at least Feenie in game never actually got the chance to be poisoned. WHAT IF DEER PHOENIX ACTUALLY GOT POISONED

>:3333333, if he did get poisoned, it'd probably months of suffering or death, since the in-game poison was lethal....then again, Phoenix is pretty strong for all this so maybe he gets off w/ just going into a coma instead of dying

nO. If Phoenix gets poisoned and goes into a coma and almost dies like Godot I WILL DIE

also what if Phoenix started to have nightmares of being hunted and killed by hunters and one night in particular was the worst bc he dreamt of Miles shooting him again before advancing on him w/ a knife.

Maybe he knows whats going to happen bc before he dreamt of Miles coming to kill him, he saw/dreamt of all his other deer pals being killed, w/ slit throats, right in front of him.

oh nooooooooooooo

poor Phoenix

poor traumatized Phoenix

someone comfort the poor deer

and he's so scared one day he'll wake up and see Miles there, at his home, killing him and all his friends, even after knowing him for so long. And, to make matters worse, he knows he'll be happy to see Miles regardless. And it scares him.

>(((((((( I AM SCREAMA

someone comfort him and confirm that Miles won't hurt anyone again (except VK eventually)

Miles will definitely never hurt anyone again. Look at all those birds he's feeding

## **Bed**

Deer Phoenix and Miles going to a bed shop, (bc Phoenix can't just sleep on the floor or couch, Miles won't allow it), so while Miles is looking around for a bed, Phoenix just settles into a bed, lying on one and snuggling into the sheets. And Miles just looks back and sees this deer man w/ his legs up and lying on the bed.

aaaaahhhhhh that would be really cute. Phoenix snuggling into all the fluffy blankets and stuff. Double the fluff. And then Miles is gonna have the really hard job of trying to convince Phoenix to leave the fluffy beds

yesssss, maybe the bed isn't even that fluffy. Maybe the mattress is a little firm but then Phoenix says it reminds him of home so how can he refuse to buy this one

And after Phoenix manages to convince Miles to buy that bed, he thinks he can have that one he's lying in so he just snuggles in more and wants to take a nap and Miles has to continue to try to roll him out of bed

GOD I LOVE. "Phoenix no, we're going to get another bed" "...not this bed?" "It's a duplicate Phoenix, you'll get another one of this bed"

Phoenix pouting and not leaving the bed and insisting that he wants that bed. And Miles has to convince him that the other bed is going to be exactly the same and Phoenix is still like "No!" cos he wants to have a nap NOW

GET THIS MAN OFF THE Bed, THIS IS A DISPLAY

just

wrap him up and roll him off the bed

But but if you wrap him up, you might get him off the bed, but you'll never get him out of those blankets. He's gonna snuggle in them and never let go

Oh, thats true... maybe they can let him sleep for a bit (as long as he doesn't sleep like in a showing off position, no one wants to see deer ass)

Even if they let him sleep there, I'm sure Miles is gonna want him to get up. Cos if not he's going to have to wait until Phoenix gets up from his nap so they can leave (except Miles HAHAHA ok no)

Oh godddd. Miles is gonna be so pissed at Phoenix when he wakes up. Just pinching that deer and scolding him once again bc "you can't just sleep here, we have to go home"

Awww poor Phoenix got pinched. And his ears to the flicky flick. Actually does Phoenix have the flicky flicky deer ears?

Yep ;u;. And it really hurts so ;u;. But his ears might do the flick if they're bothered by something or touched.

yeeeeeee the flicks would be cute. I hope they flick a lot when Miles kisses him and he blushes

AHHHH IM DYING SQUIRTLE. That's really cute I'm dying. I love flicky ear idea

### **Pamper The Deer**

also I feel like Miles would spoil this deer man and get really fluffy sheets, nice pillows and maybe a plush toy or sm

Yessss fluffy pillows fluffy blankets. AND THE STUFFED TOY YES. Miles gets him some really cute fluffy plush toy and Phoenix loves it. He hugs it all the time and hugs it to sleep too

BLESS. It is the fluffiness of covers and pillows, and when Miles comes into his room to wake up Phoenix (bc he's still not awake) and sees this cute man all snuggled up, he knows that he's made the (w)right choice.

Yessss cute snuggly Phoenix snuggled up in fluff

He is warm and happy and sleeps too much on the bed bc its so nice.

No wonder he's getting fat. He's eating and sleeping too much. For goodness sake Miles, don't pamper the deer that much

Pamper the deer Miles and let him get v/ round. Let him be a chubby happy deer man

He's gonna get tOO FAT LIKE THE BIRBS

TOO ROUND, he can only roll around

MILES PLEASE STOP FEEDING HIM. AND STOP RUBBING THE FUZZY BELLY. STOP.

HE WONT STOP, HE LOVES MAKES THIS FUZZY DEER FAT AND CONTENT

NO STOP CUDDLING THE SQUISHY DEER

BUT I LOVE THE SQUISHY DEER.

EVERYONE LOVES THE SQUISHY DEER AND THAT'S THE PROBLEM

CUDDLE THE SQUISHY DEER. LET HIM BE LOVED BY ALL

Imagine Miles trying to tell Phoenix he's too chubby and he's gonna put Phoenix on a diet and he's far too heavy for his poor legs. But while he's trying to tell Phoenix off, he just keep patting the tummy, rubbing the fuzzy belly. And Phoenix is really amused cos it really doesn't seem like Miles wants to put him on a diet

aaaaaaaaaaaaa, he really doesn't want Phoenix to diet but HE WON'T BE ABLE TO WALK IF HE DOESN'T. Maybe he can just feed Phoenix a lot on one night so he can get a "food baby".... it might be a little uncomfortable to get rubs on though

I don't think he'd purposely feed Phoenix too much especially since he's supposed to be watching Phoenix's diet. Maybe it's after Phoenix has finally lost some weight and Miles lets him have more food one night. And Phoenix is super excited and goes kinda bonkers and eats too much haha. So he gets a food baby and is kinda uncomfortable but at least he gets tummy pats (although probably also mildly uncomfortable)

IM YELLING AGAIN. But damn, I can't even add anything to that bc its already perfect and teeth-rotting. But yes, he eats too much and just has to get tummy pats from Miles. ....falling asleep w/ the food baby.

yesss. Miles kisses the fuzzy tummy and Phoenix eventually falls asleep

tummy kisses im crying.

### **Please Cover Up + Matching Pajamas + Poncho**

*(with reference to Phoenix lying on the display bed with his legs up)* also Phoenix that's cute but don't do that you're like showing people your butt

oh my god, it is full ass and dick on display  
put it away Phoenix

Miles turning around and seeing Phoenix lying like that and like immediately blushing and rushing over to tell him to stop lying like that cos it's obscene. And Phoenix is like "why???"  
Then Miles really wants to make Phoenix wear pants

how would he even wear pants, like how. Either way, he's gotta shield everyone from Phoenix's privates and scold. But.... the deer Phoenix never really had a problem so why does he have to cover up

....oh but hey, at least the "your partner gets the top half while you get the bottom" idea works w/ this. I mean, Phoenix can't wear pants so anything that comes in a set goes half-half, Phoenix getting the upper garb, while Miles gets the pants. \*thinks of this in terms of PJ's\*

I have no idea HAHA. It would be weird anyway. But Miles wishes he could make Phoenix wear pants. And, yes, Phoenix is gonna see no point in pants/whatever solution Miles comes up with and refuse to wear it

HAHA yes then they'd have matching pajamas in a sense hahahahaha

oh my god Phoenix just please wear pants or some sort of cover. You can't just have your dick out on display there are kids here

Well, at least he's a deer so it's mostly kinda covered in a sense haha. As in at least you don't just have his dick hanging out

Heck, that's also true. I guess that's probably a reason why Phoenix asks Miles why he has to cover up and all.

—

Deer Phoenix being taken to a department store and buying a poncho so he isn't really naked

Oooohhhh let Miles buy Phoenix one of those soft towely things that you can wear like a poncho? Like it's got a hood and you can kinda wear it but it's a towel? And they are usually for kids so they're really cute. It would be like an animal or smth so the hoodie is the animal face with the ears on top and the whole thing is soft and fuzzy cos it's a towel/blanket thingy

## **Bow**

aLSO I SAW THE BOWING DEER AND IM DYING SQUIRTLE

CUTE BOWING DEER

It actually says on the wiki for them that they do that from mirroring the other + they're getting ready to headbutt the other since it looks like that stance to them

oh no. What if Miles sees a video or a gif of the bowing deer and thinks it's really cute so he tries it with Phoenix and Phoenix actually bows too and he thinks it's super cute. And then Phoenix just headbutts him. Poor Miles

oh my god Miles. Does he fall onto his ass from the force of Phoenix's headbutt? (but maybe we can have Phoenix actually bow one day)

HABA yea poor Miles falls over and Phoenix initially looks kinda excited cos he thinks he's gonna spar with Miles or smth. And then he realises he probably hurt Miles and now he's sorry. Miles is kind just on the floor clutching his stomach cos he got headbutted (one day, one day)

MILES NO. But poor Phoenix, Miles might be feeling a bit sore but think about how guilty he might feel for knocking over Miles and hurting him. Guess he should stick to gentle bumps and nudges

Phoenix feels super guilty after that and always gets worried if his antlers are anywhere near Miles and that makes pats and nuzzles difficult cos he's so paranoid that he's going to hurt Miles again

Phoenix does the thing where he points his antlers away from Miles so he doesn't get hit by them... too bad it looks ridiculous. But all that matters is that he never hurts/pushes Miles like that again (unless he's ready)

Miles probably realises that Phoenix is going out of his way to keep his antlers away from him, so he tries to convince Phoenix it's fine, that he won't accidentally hurt him that easily. So he pats Phoenix's head and those horns

oh, I just thought of Miles actually holding his ground against a headbutting Phoenix. He can't use his head but maybe he's keeping Phoenix at bay by pushing his hands/weight against Phoenix's horns?

ooohh that would not be easy. But I guess it is possible? Miles needs to be really strong tho. Maybe it's like training haha

### **Revised Time Period + Deer Type**

Also I keep thinking of Phoenix finding new things, like a tv or a plane but I have no clue what period this AU is in again so I'm

I also have no idea what time period this is HABA. You did suggest one before but i dunno if it's still that one

\*DABS FOREHEAD\* Uh, I think we dabbled w/ a time period idea but I guess it never clicked or was further pushed... maybe it can be in the modern period? Bc Canada has this whole deer thing despite having suburbs and stuff.

Ohhh that's true. We can have modern era Canada. But then the animals would be different too right? Like would they have horses?

FUCK. Uh, I have no clue if they have horses? \*dabs forehead\* I probably should have worked this out before hand OOPS.

I think we can have modern era in America or Europe cos I'm pretty sure they still have all the hunting stuff in some places

Ah, thank goodness. Im glad that theres still more options on places? ^\_(ツ)\_/ I guess it suits, being in Japan/America (I can't remember the combined name)

was it like japanifornia or smth like that hahahaha but yesss esp since the Japanese deer seem to be the cute ones with the spots :3

Also yep. It was Japanifornia (until AA6 came along and lied on how its in America j u s t.) But yessss, cute spots all over, I love those small spots and I'm sure that Miles loves them too

also it was really bad that you mentioned the Japanese deer bc now I'm just watching videos and <https://www.youtube.com/watch?v=gSxzTNcVezU>

WHERE DO THESE EVEN COME FROM  
THEY JUST sIT

THAT ONE IS EATING THE ROADSIDE PLANT

the Japanese deer seriously have the most beautiful colouration tho. They are such a pretty colour and they have the sPOTS

THEY HAVE APPEARED AND THEY HAVE SAT

They are so pretty ahhhh, I want to go to Japan and see these deers  
also another video bc I'm gonna bring someone else into my suffering  
<https://www.youtube.com/watch?v=jpQYFYWPnW0>

goodness the Japanese deer are seriously so pretty. Like they are actually a golden brown and their horns are red and they have the spots and white butts. Like how is their colour so much more vibrant than the other ones??? And they actually are built more daintily as well??? Like they have sharper faces/noses and stuff. They are so pretty

\*clenches fist\* why are they so pretty, it isn't fair. They're just perfect and soft & colourful like wh y. I want to take them home and feed them deer crackers

oh oh that reminds me. That second video you sent me. In the first part there is that kid who feeds the deer this huge cracker and it's just like GONE. IN ONE BITE. HOW. THAT DEER JUST IN HALF THE CRACKER

e A T T H E C R A C K E R

### **Fruit Stall + Viral Videos**

..... Phoenix walking up to a fruit store, just grabbing a few fruit w/out paying and just beginning to eat them

OH NO PHOENIX. The shopkeeper starts yelling at him and calling him a thief and poor Phoenix is terrified and like tries to give the fruit back but obviously that's not how this works. So he doesn't know what to do and starts tearing up. And then Miles to the rescue

"HEY MILES, look! I found all this cool stuff \*holding apples\*"

"....Phoenix, where did you get these?"

\*points to a stall w/ fresh fruit\*

PHOENIX NO. Miles suddenly panicking and telling Phoenix he can't just take those apples but Phoenix is like "why? They were put out like that?"

He has to go through the whole thing of explaining how those are for sale and you have to give money to get them

haha Phoenix is gonna be so confused by money. Like why would people want this weird paper? And then he's gonna try to eat it to see why people like it so much and Miles is gonna have to stop him

Eat the money. Just eat and everyone gets so mad bc that was important money! but... it's basically paper to him

yea he eats it is like "bleh this is gross" and everyone is freaking out cos he's eating money. But Miles freaks out more cos he might get sick cos money is really dirty

L e t h i m e a t m o r e

NO. DO NOT EAT THE MONEY. what if Phoenix actually gets sick tho. from eating the money

Oh, but that would be horrible... If he got sick from it. Maybe he starts throwing up and everyone is somewhat annoyed

that's what you get for not listening and eating all the cash!!! But, yea, poor Phoenix. At least he'll never eat the money again

Indeed. Well, at least he's learnt his lesson. And maybe the fruit stall owner may take pity on him and give him a few fruits to eat & feel better.

awwww. Yea, give Phoenix some fruits. He'll probably feel a lot better after eating some of those fruits he's never seen before. He'll just be so distracted by the fruits

Thank goodness, he's too busy tasting all these different fruits. Honestly I wouldn't be surprised if he bit into a lemon bc he thought it looked tasty or sm.

Maybe he had an orange and loved it so much cos it's sweet and juicy and stuff. And then he picks up a lemon and it smells similar and looks pretty similar too, so he breaks it open and just takes a big bite out of it. And then he realises it's nothing like an orange. Cue Phoenix y scrunchy face cos it's really sour since he probably bit like half the lemon

\*takes a picture of the scrunched up face\* a beautiful face. Well lets hope he saved some other fruit so he can bite them to take away the sourness. Maybe he eats a mango or sm & his little tail flicks so much bc its really sweet and good.

the mango is gonna be so sweet after eating that lemon. perfect for taking away the sour. and yessss cute tail flicks cos it's just so good

can you imagine tho, since it's modern era, someone takes a photo/video of this silly centaur's trip to the market and like eating a lemon and then being so happy with eating a mango and the video becomes really famous and everyone thinks he's adorable

He'll probably be too eager in eating the mango that he'll probably smear half of it('s juice) on his face tbh. But ahhh, what more could you want than a cute tail flick and gobbling down a mango w/ a really happy expression. Everyone's gonna love this man-deer, especially once that video gets out and they're all dying from how cute he is.

Honestly I wouldn't be surprised if more video's are made. Maybe there's a video of Phoenix trying to get into a car or door but getting stuck bc of his antlers, who knows. The only thing that is for certain is that everyone's gonna love his reactions/expressions and just everything ahh

yessss all the Phoenix videos. Phoenix doing all sorts of stupid things like trying to eat a plastic plant. Or maybe someone managed to film that time he snuggled into the display bed and didn't want to leave and poor Miles had to kinda wrestle with him to get him to leave

god bless the number of deer videos that are made from Phoenix experiencing new things. He's probably famous at this point and I wouldn't be surprised if everyone spoils him

Imagine Miles is trying to keep Phoenix away from as many people as possible cos,  
1. he doesn't want to stress Phoenix out and

2. he doesn't want people to know about the deer people (esp) Phoenix cos that would probably put their lives in danger since people would want to hunt them for trophies and stuff. And he doesn't know that there are all these viral videos of Phoenix (and sometimes he's in them too). But one day they are walking somewhere and someone is just like "AAHHHH IT'S THE DEER MAN!!!!" And they kinda rush forward and Miles is trying to protect Phoenix but all they wanna do is pet Phoenix and Phoenix looks pretty happy to be patted

And then they start offering him food and stuff too and then take pictures of him eating cos it's just adorable. But Miles is freaking out cos he's supposed to watch Phoenix's diet

AHHHHH, ITS PERFECT. Please Miles, you can protect Phoenix from hunters but let him sometimes be patted and fed crackers by the public. Let Phoenix be pampered and "fawn"ed over, let him be happy and loved.

Honestly Phoenix is going to become so fat from all this food they're giving him. But hopefully its mostly fruits and crackers so he's less likely to become fat.

Miles probably eventually realises that most people on the street mean Phoenix no harm, but it might take a while haha. Esp since VK raised him to see all animals as prey and he kinda assumes everyone else is going to try to hunt Phoenix down like VK would. But, after that, yea, he's probably pretty chill and lets Phoenix be patted and fed cos Phoenix is always super happy. Though he makes sure Phoenix doesn't eat anything bad and no one hurts his deer man

and then he makes poor Phoenix exercise more since he can't control his diet HAHA

\*sucks air like a vacuum\* IM \*releases air\* But yess, once he calms down about it, Miles is 90% more ok w/ this and he isn't panicking.... although, he's definitely going to have to take Phoenix to a gym or for a run. He will become a round deer from everyone's food offers.

## **The Deer Move In**

I don't think Miles can stop the viral videos, but he can probably get some sort of law in place for there to be no/restricted hunting, or at least start a movement towards that.

ooohhh yea maybe the viral videos help promote stuff about laws that need to be put in place to protect these centaurs and general poaching laws. Everyone loves Phoenix so it really helps with the support and stuff

yesssss, I guess once that law is past, Centaurs would be able to roam around w/out fearing that they're going to be hunted. (meaning they can probably do the thing of all sitting on the road god damn it)

let the deer clan come to the city for a day and E A T C R A C K E R S

YES. LET THE DEER CLAN ROAM THE STREETS. LET THEM OCCUPY THE ROADS AND JUST SIT. EVERYWHERE.

They can be patted and eat crackers and ruin everyone's gardens and be really cute  
That town is gonna become a tourist attraction I swear

let them wander around but also roam like normal people. let them go to cafes and get teas or fruit drinks and crackers. let them be happy deers in a modern society everyone comes around to see these round deers walking around or sleeping in the park

Yessss they go to cafes and MAKE A MESS and everyone gets upset and Miles has to go defend them/pay for the damage. Though they soon get used to society stuff and become pretty good at buying stuff and just lazing around without disrupting traffic and stuff

yesssss. Maybe more places adapt so there's seats for them or better fitting clothes  
I wouldn't be surprised if they had a cheeky nibble on other people's plants

Hehe nibble the plants and Miles has to go apologise cos at first they ruin a few gardens maybe

just a little taste but still gotta say sorry for the nibble

How are they gonna buy stuff tho? Do they get jobs?

y e s. they're gonna get jobs and no one can stop them. just ignore the bottom half and get them a good job. Maybe they can use their body to carry more stuff

Now I'm just imagining the deer people having to wear clothes cos jobs and like Miles starts buying Phoenix cool suits and stufffff

And then one day, after the deer have pretty much gotten comfortable, the horse dudes appear and the town freaks cos 1. THERE ARE MORE OF THEM and 2. THEY ARE QUITE A LOT BIGGER AND FASTER THIS IS GOING TO BE A DISASTER

gET THOSE HORSE OUT OF HERE THIS IS THE DEER TURF  
this town is gonna get really crowded and someone's gotta go

Maybe the horse occupy another town haha  
That's probably nearby

Man, when mating season comes round it would be horrible. Like they are gonna ruin a lot of trees/poles/lawns cos they gonna mark everything. And there are gonna be deer fights.  
Maybe there ends up being a rule where they are not allowed in the town when they are in rut

o h g od. the first time they go through it, it is hell and please stop we're going to run out of slips for indecent behaviour

All the indecent behaviour. Also the vet is super busy with all the fights. They all get chased out. Except Phoenix cos Miles keeps him at home

## **Escalators**

I'm sorry, but I just had the image of deer Phoenix having first meeting with escalators. He just slowly gets one foot on the moving steps & he's trying to do it slowly, but the steps are moving so his first foot is just. going up. and he's getting stretched bc he's still not fully on the steps. A really skittish Phoenix just holding onto the rail, hoofs(?) just stumbling around bc he's not use to this random movement, really spooked. On the other hand, theres also escalators. w/ no steps, just flat upwards so Phoenix really likes them and probably uses them as a chance to just sit and let the metal move him. A happy deer-man being moved by an escalator, he doesn't want to get up but the end forces him to.

AAAHHHH why is he so cute

The fact that he's afraid of heights doesn't help

>:3

Miles coming back from getting something and seeing Phoenix happily sitting on and blocking the entire travelator or whatever you call the flat escalators. And it's really cute but Miles has gotta scold Phoenix for blocking everything again

## **Sweets**

Do you think Phoenix likes sweets? What if Miles brings deer Phoenix sweets? Maybe he loves them cos they are like berries but they are sweeter and you can eat them for longer. He just gobbles up all the sweets. Miles has to control the number of sweets he gives Phoenix cos no matter how many he brings, Phoenix will eat them all And then when Phoenix eventually moves into the town and lives with Miles, he can go out to buy sweets and now Miles has a problem controlling the amount he's eating and he gets a ridiculous sugar high and that's bad cos deer are pretty strong and pretty fast compared to people

he probably does really love sweets tbh, honestly that's such a perfect idea. This deer man just eats too many sweets but at least he'll learn from the sugar rush...

He might not learn tho haha. He just eats lots of sweets, has fun while he's really hyper (and probably causes quite a lot of damage), crashes after the high, and then repeats. Cos Miles takes care of him anyway. But it is really bad for him and Miles tries to ban sweets but it's not working

yesssssss. tbh the benefits outweigh the results so he might never stop eating too many sweets

UNLESS HE GETS SICK

too many sweets and you get sick, amazing

His tummy gets upset cos of all the sweets haha

Then Miles has to rub and brush the tummy to make him feel better

Yessss more rubs for the fuzzy belly. Or Miles could just leave him to suffer cos he's told Phoenix many times not to eat that many sweets

### **Licks & Kisses**

I wonder what it will be like for him to finally be exposed to cotton candy...

Ohhhhhhh goodness cotton candy. He's gonna love it. It's pretty and it's fluffy and it's soft. He's gonna eat it too fast and get it all over his face and he's gonna be all sticky and get Miles sticky too

If Miles decides to have a bit and gets a little on his cheek, Phoenix is just gonna be like "oh you got some on your face" and then LICK HIS CHEEK

I AM YELLINGGGG

Poor Miles, he's just gonna go bright red and yell at Phoenix bc "no licking"

And Phoenix is gonna pout cos why no lick. Sad face. It's a win-win isn't it? Phoenix gets sugar and Miles gets his face cleaned

bUT LICK LICK IS TOO CLOSE, builds unnecessary feelings

Then again, that sad pouty face might make Miles feel bad and allow the lick

Let Phoenix lick. And then Miles will blush more too.

Phoenix: (:p)

What if this happened before tho? Like maybe not cotton candy, but maybe Miles is eating with Phoenix in the forest one day and gets a little on his face and Phoenix's immediate reaction is to lick. And Miles blushes furiously and tells Phoenix not to lick. But then UNNECESSARY FEELINGS and he ends up kind of wanting to "accidentally" get food on his face again just so Phoenix will lick him but on the other hand no cos unnecessary feelings are bAD

Miles hates it and hates himself for not being able to have more self-control but he keeps doing it. He keeps purposely getting food on his face just so Phoenix will lick it off. And Phoenix will usually laugh at him for being so clumsy all the time. Miles usually hates being

laughed at, but he likes that laugh. He likes seeing Phoenix laugh and knowing he made Phoenix laugh.

And maybe Phoenix eventually realises something is off cos he mentions one day that Miles is so messy when he eats and always gets food on his face and is laughing, but all the other deer are confused? Cos no? Miles is the most dainty eater they have ever seen?

One day they are just sitting together, maybe talking, maybe just relaxing, and Phoenix suddenly leans over and licks Miles on the cheek. And Miles is obviously shocked, and then embarrassed and flustered and undignified and demands to know why Phoenix did that. Then Phoenix tells him that he noticed that Miles always gets food on his face only when they are together, so he figured there must be a reason. And the only reason he can think of is that Miles wants to be licked (even though Miles complains every single time). And then Miles blushes an even brighter shade of red if that's even possible and kinda just splutters cos he's trying to come up with a rebuttal or an excuse, but there's nothing

Oh oh what if in his kinda flustered, panicked state, Miles suddenly grabs Phoenix's shoulders and glares at him. And he looks really really pissed and Phoenix is ready to apologise cos maybe the lick really made Miles mad. But then Miles just leans in and presses a quick kiss to Phoenix's cheek and then quickly looks away with his cheeks so red they might as well have been glowing. And Phoenix is in shock for a moment, and slowly brings a hand up to touch his cheek, and then blushes as well (also Miles isn't really glaring he's just stressed and concentrating too hard)

"If all you wanted was a kiss, you could have just said so..." Phoenix says at some point after that and Miles blushes even harder if that's even possible. And he really wants to get up and leave cos embarrassment and unnecessary feelings, but on the other hand he's been offered kisses and he really doesn't want to miss this opportunity

\*MLG HORNS\*

ju st

kiss

lean in

stroke his little ears

and kiss him slowly

And in between, Miles is saying how he "...don't really want this... just doing this because you offered" but he keeps leaning in for more kisses

Yessssssss kiss the deer. Stroke the ears and they do the flick

MILES STOP LYING

I need that why you lyin dude picture

But anyway

Miles has wanted to kiss Phoenix for so very long. So now that he's been given an excuse to do so, he's gonna make full use of it. He's gonna kiss Phoenix on the cheek, on his forehead, on the nose, on the lips, on his ears and they do the flicky flick

Cute flick, little happy waving of them. HE NEVER STOPS. He's the ultimate tsundere  
LITTLE KISS ON THE EARS IM DYING

Aaaaaaa, maybe after all the kisses, he just lies against Phoenix and strokes his fur or his face. I feel like Phoenix would just fall asleep from being so comfortable & happy

WHY ARE THESE TWO SO CUTE MY HEART CANNOT TAKE THIS

>;33333

### **More Kisses**

I wonder if Phoenix's lips are as soft as his fur >:3

VERY SOFT  
EVEN MILES CANNOT COMPREHEND HOW SOFT

Miles can't stop kissing Phoenix's lips bc they're just too soft, "this man doesn't even moisturise"

HAHAHA doesn't even moisturise. It's an excuse. How are his lips so soft? It makes no sense. So I must kiss more until I understand

"I must explore this. Is it the berries that make his lips this soft? Maybe its bc where he lives, or maybe he doesn't lick his lips often? I must keep kissing to find out..... not to mention it feels like heaven but I'm not going say a word of that to him...."

He just keeps pretending he's researching this strange phenomenon and kisses Phoenix so much. Phoenix has no idea what's going on but he's getting kisses so he isn't complaining

Deep kisses, light kisses, passionate kisses, little nips and sucks. it just slowly evolves into passionate, slow kisses which both of them love

aaaaAAAHHHHH

### **Soft Fur**

Miles gently pats Phoenix to sleep and then keeps patting cos the fur is so soooooftttt. And also cos Phoenix is sleeping he can pat to his heart's content cos he doesn't have to deal with the embarrassment/general shyness of wanting to pat. And he just plants soft kisses on Phoenix's ears and they flick a little in his sleep

aAAAAA. HE LOVES THAT FUR. HE CAN NOW PAT A LOT. ....I wonder if he touches the belly fur, and somehow that fur is eVEN SOFTER AAAA

The belly fur is so soft. It's just super soft. Miles just keep petting and maybe Phoenix squirms/laughs a little in his sleep cos he's a little ticklish. And honestly it's so soft Miles really wants to rub his face in the fur but he's gotta have some self control. He must not rub. Must not. Definitely not.

But bonus points if Miles just can't resist and rubs his face against the fluff and nuzzles. And then Phoenix wakes up and sees Miles with his face buried in his fluff

AAAAAA, does he just nuzzle into that belly fur and sigh bc it's even better than his normal fur and it's just so perfect

Yesss it's perfect. It's so comfortable. Just super soft fluff. Or at least it's comfortable and relaxing until Miles feels Phoenix's tummy shaking and he looks up and sees that Phoenix has apparently woken up and is laughing at him

### **Tickle + Kick + Socks + Shoes**

tICKLE THAT BELLY AND MAKE HIM LAUGH BC "his laugh is like a thousand small bells, it's so light and sweet and perfect, I must hear more of it....but I can't let him know"

IM DYING

MAKE HIM LAUGH

HE LOVES THE LAUGH

ITS THE BEST NOISE HE LOVES IT. The fluffiest. He needs to not make Phoenix laugh bc then he can't nuzzle and cuddle that soft tum. I would hope that they would be able to tickle that stomach once they get close enough

Tickle the fuzzy tummy. Make Phoenix laugh. Let Miles enjoy that beautiful laugh. The only thing is that Miles has to be careful cos if he tickles Phoenix too well and Phoenix starts rolling and kicking all over, if he gets kicked, well...

It would be even worse if Miles got kicked in the balls or sm. Guess he has to be pretty careful or else Miles is in a world of pain

DO NOT KICK MILES IN THE BALLS POOR MILES

imagine how sorry Phoenix would be tho, seeing Miles curled up and kinda rolling on the ground in pain

KICK HIM. aaaaaaaa, just trying to comfort and apologise to Miles, thinking of how to soothe but the only thing that's coming to mind is "rub", and Phoenix is sure that that isn't going to help tbh

Phoenix keeps apologising and nudging Miles with his head after that cos he's legit really sorry. And he keeps his hooves far far away from Miles

But yes, head nudges and sad noises. Maybe even getting some berries for Miles

a lot of sad noises. Miles says it's fine and he just gets more sad noises. He pats and he still gets sad noises

All these sad noises and bonks are just melting Miles, he doesn't care that he's in pain, he just wants Phoenix to cheer up and not look so sad.

WHAT IF PHOENIX MAKES LIKE SOCKS OR SMTH TO CUSHION HIS HOOVES SO HE DOESN'T KICK MILES TOO HARD AGAIN. and then those are a bit too cushy and slippery so he keeps falling over

SOCKS FOR THE HOOVES IM. That's just way too cute, having these socks on him. Maybe he even gets some custom made shoes and just shows them off. Who knows. But yes, this man-deer is, once again, slipping all over the place..... Well at least the socks w/ keep him warm

He pats and kisses and brings Phoenix sweets and tries to make Phoenix happyyyy but Phoenix is still sorry. maybe he finally cheers up when he walks in one day with the ridiculous socks, slipping and sliding all over and like "Miles! Look!" falls over "I can't hurt you now!" tries to get up and just slips and faceplants on the floor

GOD BLESS THIS CINNAMON BUN. Please make him happyyyy. Also he's gonna have to balance of Miles's arm or keep falling flat on his face.

or he just uses it as an excuse to cling to and hug Miles all day cos if not he's gonna fall. Maybe Miles gets him those socks with the non-slip squishy bits on the bottom so he can actually walk properly

\*wheezes\* Ah yes, the old golden idea of "tripping around for a reason to cling". He probably gets used to walking w/ the socks eventually but probably slips up in front of Miles so he can cling. Also yessss, get him the squishy-bit socks so he can press

Constantly purposely slipping. It gets to a point where it's really obvious that Phoenix can walk fine in his new squishy-bottomed socks and is just falling in front of Miles so Miles will pat him, kiss the boo boo better, and then he can cling. So when Phoenix purposely falls again, Miles just ignores him. Phoenix can wail and whine but Miles knows he's just doing it for attention and ignores him. So Phoenix will just sit there, in the middle of the floor, blocking lots of space, pouting

AAAAAAAAAAAAAAAAAAAA. \*clenches fist\* maybe he just quickly scuttles to Miles and latches onto his legs so he HAS to give pets and care.

He clings and whines and nuzzles his face against Miles' leg but Miles just tries to shake him off. But Phoenix keeps clinging. And then Miles tries to walk away, but Phoenix is pretty heavy

Poor man Miles w/ his old man legs, can't pull this man.

---

I think he should get shoes/Miles would get him custom shoes. Cos like horses in the city need horseshoes so they don't wear out their hooves, the deer might need them to protect their hooves too. So yea maybe Miles gets these fancy shoes made for Phoenix

\*claps\* custom-made shoes for this deer man. It's just like a boot but only long. V/ long.

Miles will make sure Phoenix gets super cool shoes. And together with the suits, Phoenix will look really really cool

A whole makeover to make him into a handsome deer man  
Although.... he wouldn't really need laces for his shoes beside for appearance, right?

I honestly have no idea haha. I'm not sure how deer shoes would look like

uhhhhh ̄\\_(\ツ)\\_/̄ . Maybe they'll look like a boot but only with the long bit? And maybe it has a belt that secures or tightens it???

Hmmm that's possible. And that would look cool too

## **Camouflage**

ALSO I THOUGHT OF ANOTHER IDEA w/ Miles covering himself w/ a suit of leaves and berries as camouflage, which works against a lot of animals, but somehow Phoenix comes along and gives the suit a little n i b b l e bc of the berries and all

HAHA poor Miles trying to camouflage and Phoenix just. Munches. He tries to shoo Phoenix off but Phoenix wants his free meal

He wants. The Berries. Let him. Nibble. ....As long as no more deers come, it should be fine, right? I mean, his cover would be blown if there's all these deers around him just giving him a nibble.

Another deer might walk by and see Phoenix munching away and join him. And then maybe Larry comes by and joins in on the now very noisy munching. With Larry around, there is no cover.

But, if it's just Phoenix, it should be fine. Unless Phoenix keeps reaching for more berries cos he ate all the ones on the surface and ends up grabbing/nibbling all sorts of other things like Miles' hair

There is no escape. There is no point hiding. The deers are here and nibbling. You cannot hide. Your hair is being sacrificed to the deer >:3

noooooo protect Miles' hair. How is he even going to shoo them away tho haha. There are too many of them and they are not afraid of him so

They will keep on nomming the hair, he cannot stop them.... He should probably do something thou, otherwise he'll have no hair left

he needs to shoo them away. Maybe his death glare will help haha. Or hopefully Phoenix shoos the others away when he realises Miles' soft poofy hair is being assaulted

\*eats Miles' hair\*

nO. PROTECT THE HAIR

e a t

nO Phoenix will protect the hair and make sure it stays nice and poofy

\*eats the hair\*

Can you imagine how freaked out poor Miles would be if his bangs were ruined tho? What is he going to do with his hair after it's been all chewed?

\*continues to eat the hair\*

## **Tummy Rubs**

ok, I'm just gonna leave this video here and shut up for the night  
<https://www.youtube.com/watch?v=wlrnrnkajPM>

RUB THE TUMMY. HE SCREAMS.

Imagine Miles scratching/rubbing Phoenix's belly and Phoenix just looks super blissful. And then Miles stops and wants to get up but Phoenix just screams. He screams. And Miles has no idea what to do but his first reaction is to pat again and Phoenix immediately stops and goes back to being all happy and blissful

Happy tummy rubs, they're just like the nicest massage and I bet that Phoenix has fallen asleep one time during the rubs. Maybe he's just laying across Miles' lap and getting rubs/scratches, and gradually/very slowly, his eyes start to droop shut while his legs start to go into droop mode while still standing towards the roof (that doesn't make sense again aaaaa). Maybe Miles slides Phoenix off his lap (once he's fully asleep) and lets him have a nap on the couch

That would be so cute. Phoenix slowly falling asleep from the tummy rubs. I don't even know what to add to this one

\*rub rub\*

### **Clip Clop + Mud**

Also I thought of another dumb idea where Miles knows when Phoenix is coming bc he can hear the "clip clopping" of his feet/hooves approaching. "Phoenix?" \*clipping noises getting louder\*

Phoenix trying his best to clippity clop as softly as possible. But Miles still hears him coming cos hard floors clip clop really loudly no matter how hard Phoenix tries. Until he gets his socks. Then he is suddenly silent, and Miles is not prepared. He's so used to the clicking of hooves that when Phoenix suddenly appears beside him and is just like "Hi Miles!", he actually jumps. And Phoenix thinks it's hilarious. He's suddenly all stealthy and can sneak up on Miles and either scare him or attack him with tickles (provided he doesn't slip and fall while trying to be all stealthy with his socks)

Can you imagine tho, Miles becoming super good at telling when Phoenix is coming even with the socks. Like he develops that thing where it's like moms who can always tell their kids are doing something weird behind their backs. And Phoenix is always shocked and then whined about Miles foiling his plans

im in love w/ momma Miles and his KEEN senses for this deer man. It'd probably be good for those instances where Phoenix nips something (like a box of strawberries) to put in the basket or sm.

Yeps. And when he's all muddy and covered in leaves and is trying to sneak past Miles cos he's not supposed to be treading mud all over the house. He's trying so hard to sneak really quietly, BUT MILES KNOWS and just spins around and glares at Phoenix and Phoenix has to do this walk of shame as he goes to the shower to clean up

He just sees Phoenix all muddy and gives him that look that just destroys Phoenix, bc it still hurts even though he knows he deserved it

Of course, Miles will probably have to help clean Phoenix later, which might make him feel a tad better

At least he knows Miles isn't that mad at him since he's helping to wash him, even though Miles insists it's just cos he doesn't trust Phoenix to be able to clean himself properly

"I can't believe you got mud all over yourself" \*vigorous scrubbing\* ...tbh. it would probably be really rough cleaning, in opposed to how gentle it usually is

Vigorous scrubbing and Phoenix is wincing cos it hurts a little, but he keeps quiet cos he doesn't want to upset Miles any more than he already has

Maybe Miles notices this and eases off a bit?? Hopefully??? Otherwise Phoenix might be a little sore after this

Hopefully. He'll probably be a little more gentle. But he might also still scrub a little too hard on purpose cos he's kinda grumpy. Though not hard enough to hurt Phoenix

gentle scrub

Phoenix also helps clean/polish the floor later cos then he doesn't feel so bad

da n g, why's Miles such a slave driver XD

To be fair, he didn't ask Phoenix to scrub the floor. It's just that Phoenix thanked Miles after the wash and Miles gave him /the look/ and he immediately decided he was gonna clean the floor

ah. THAT look where he knows its best to scrub the floor. Good choice

Maybe after Phoenix cleans the floor and gets kinda dirty again, Miles isn't as angry anymore and maybe feels a little bad so he gives Phoenix a gentle soft scrub

I'm just gonna keep yelling gentle scrub bc there's not more I can add.

## **Bath**

\*thinks about filling up a bathtub and letting dear Phoenix sit in it

Fill the tub and let Phoenix sit. Let Miles wash him and shampoo his hair. Although Phoenix might splash water/throw bubbles at Miles and then Miles gets kinda upset and just dumps an entire bucket of water on Phoenix

Also it would have to be a pretty big tub

Phoenix is gonna get sick if you dump a whole bunch of water into his head, I hope he doesn't get any water into his ears? Maybe he uses one of those baby head umbrella's so that Phoenix does get any water in his ears.

(baby head umbrellas =)

Nah, tub's warm so he won't get sick. Hopefully. AAAAAAHHHH PHOENIX WEARING THOSE WOULD BE SO CUTE. I really hope he has one

wARM BATH W/ THE LITTLE CAP. Miles is gonna die from this man, he's way too cute and it keeps getting cuter.

### **Soft Fluff + Aircon Cuddles**

Tbh I bet that Phoenix's fur has the chance to get too long so he has to go to the hairdressers to get it clipped

Hmm... Does animal fur get too long? I think wild animals don't really have that problem. Unless it's just grooming stuff to keep his fur nice and neat and stuff

That's true aaaaa, he doesn't need a cheeky trim

Also fur shampoo and conditioner. Make the fur softer. Miles buys the best soaps he can buy and makes Phoenix's fur super super super unbelievably soft. And, after being dried with a hairdryer, is super fluffy. And Miles really can't help but bury his face in the warm fluff. And of course he then has to ensure Phoenix laughing at him again

AAA, MAKE THE FUR EVEN SOFTER. Cuddle the soft fur. Even Phoenix likes curling in on himself and cuddling the soft fur

PHOENIX LOVES THE SOFT TOO. It's so soft and fluffy. It's super nice to touch. And then whenever he meets his friends anywhere he'll need to show off his super fluffy fur and be super smug about it

aaaAAAAAA, they're all crowding around him asking "how did he get his fur so nice" and "why does it look so fluffy". Let them all become fluffy so they can be the fluffiest fluff circle around

Phoenix keeps bragging about how Miles washes his fur and makes it super fluffy. And they all eventually end up buying shampoo and conditioner to wash their fur and they become super fluffy (but probably not as fluffy as Phoenix) and have SUPER FLUFFY SLEEP CIRCLES

the deer circle has achieved maximum fluff. good for winters and cuddles

Super nice for cuddles. And then they invade someone's house for the aircon when it's not winter so they can cuddle

but then the house is TOO HOT, there's only so much an aircon can do... speaking of aircons... they probably haven't seen one before

Ohhhhhhh that's true. Magic climate changing machines. When it's too cold, they can make it warm. When it's too hot, they can make it cold. It's great and they keep playing with the temperature until it gets stuck. And it's probably in Miles' house. So now Miles and Phoenix are stuck with this super freezing cold aircon. Miles is upset and berates Phoenix, and Phoenix is really sheepish, but he uses it as an excuse for cuddles

AAAAAAA IM YELLINGGGGG  
YELLINGGGGGGGGGGGGG

Miles is grumpy and complaining and telling Phoenix off, but he's still cuddling with Phoenix under the fluffy blankets cos it's too cold. Then Phoenix wonders if it's worth spoiling the aircon and getting Miles upset again cos he'd get so much cuddle time

Maybe he doesn't use the aircon (bc Miles scolds him) so he only does cuddle time in winter

But but if he "accidentally" gets the aircon stuck he can have cuddles when it's hot tooo

oh godddd. There is no escape from cuddles. I mean, Miles loves the cuddles but still

Miles loves the cuddles but he hates the fact that he keeps having to call people down to fix the aircon and then he has to pay for the servicing too. Like honestly Phoenix you could just ask for cuddles and maybe convince Miles to make the aircon a bit colder to facilitate cuddles

Maybe one day it's finally too cold and Miles actually gets sick and then Phoenix stops getting the aircon jammed

I would hope that one of these boys just fess up and ask to cuddle instead of busting the aircon every time they want to engage in cuddles. That, or someone makes Phoenix's fur really soft to the point where the benefits of hugs outweigh the fact that Phoenix will know that he[Miles] likes it.

Yeaaa maybe after all that conditioner and stuff, it gets to this point where Phoenix's fur has reached terminal fluff and it's just SO SOFT. Also, by then, Phoenix has mostly stopped trying to ask Miles for cuddles cos he assumes it doesn't work since it never works anyway. But then Miles kinda just turns the aircon temperature down and sits down on the couch and says nothing. And Phoenix is confused at first, cos Miles always has the temperature set perfectly and never lets him change it. And then it starts getting a little cold. And then Phoenix realises that Miles just wants cuddles and he's overjoyed and bounds over, leaping onto the couch and quickly nuzzling up against Miles. And Miles is kinda just blushing slightly and looking away, but snuggles a little closer and pats the super soft fur

Terminal fluff. Amazing. It's just beyond comparison and Miles loves sinking his fingers into the fluff. bUT AAAAAA, what's this vague way of asking for cuddles, Miles you loser. The power bill for the air con is gonna be so high but I guess Miles doesn't care once he's feeling the fluff again.

Who needs a blanket for when you're sitting on a couch when you have a fluffy deer man who loves cuddles & is a literal human heater?

Miles is the ultimate loser and cannot for the life of him ask for cuddles. He has to wait for Phoenix to ask and then pretend to think it's annoying. Or, in desperate situations like this one, he can very vaguely request for cuddles and then never admit to it.

Damn it Miles, just climb onto Phoenix's back and cuddle. You can't just wait for Phoenix, you know. What if Phoenix gets mad and doesn't let Miles cuddle him? Then Miles is just sadly shuffling after Phoenix, trying to stroke that fluff but not being able to

### **Phoenix is Upsetti**

What would Phoenix be mad at Miles for tho D: But yea, Miles discreetly trying to sneak pats and cuddles into their daily interactions, but that doesn't work when Phoenix is mad and is purposely keeping his distance from him. Cos one touch from Miles and Phoenix is gone. And he really really wants to touch and stroke and pet the fluff, but he can't. And he's sad and grumpy.

Maybe Miles eats Phoenix's favourite part of the desert so he gets all iffy about it.

Oh for goodness sake Phoenix don't be so petty. Aaahhhh and poor Miles. He just wants to pet. But he has no permission to pet and can't even ask for it.

You shall not pet~ Also it's probably over something more significant, but Miles thinks it's over desert so ͇\_(ツ)\_/͇

oh man I wonder what made Phoenix so upset. I'm sure it's not easy to make Phoenix upset enough to avoid Miles and pats like that.

Maybe he made fun/said something offensive. e.g. called a deformed dog or cat an abomination, which hurt Phoenix bc he's not normal too?? ͇\_(ツ)\_/͇ He probably said something like that or sm.

Miles making the rude comment and Phoenix flinching beside him, then saying that "nothing is wrong" when asked.

Maybe Miles tries to pat Phoenix while he's asleep, and he gets a few pats in before Phoenix wakes up and just walks away from Miles, looking at him all hurt. It'd be even worse if the deer people only let people they trusted/love pat them, and maybe Miles finds this out and he's hurting bc "if Phoenix isn't letting me pat him anymore, does that mean he doesn't trust me (or love me) anymore??"

OH NO. He thinks Phoenix doesn't love him anymore. He thinks Phoenix doesn't trust him anymore. And it was all over some desert? Was that all their friendship/relationship was

worth? Does Phoenix hate him now? And so he starts to distance himself from Phoenix cos he assumes Phoenix doesn't want to see him or be anywhere near him. And poor Miles misses Phoenix so much and he misses the fluff and the pats so much but he isn't going to let it show

YES, he's so worried bc he doesn't want Phoenix to hate him, that's the last thing he wants. But unless he finds out what Phoenix is actually upset w/, Phoenix's isn't gonna let him pat or show any affection to Miles.

It must hurt so much tho. As in, Miles will try to pat at first, but the moment he touches Phoenix, Phoenix just jerks away and gives Miles this annoyed/offended look and flicks his ears at him in annoyance too. Poor Miles is gonna feel so hurt

hggGGG. He just keeps trying to pet a few more times, but the same result keeps coming out of Phoenix rejecting him and not letting him pet. He doesn't know why, but Miles really wants to pet by the end of the week

I wonder if the need gets so bad that he begs Phoenix to forgive him both bc he doesn't know what to do to have Phoenix forgive him and bc he misses that soft fluff

yes. Have Miles beg. He doesn't know what to do and he just can't even bring himself to ask what's wrong cos he just assumes Phoenix wants nothing to do with him anymore. But Miles eventually is so lonely and hurt and can't take it anymore and ends up begging Phoenix to forgive him for whatever made him upset and please don't hate him

Although, if that is what Miles ends up doing, I feel like there is a chance it will not make Phoenix forgive him, but make him more angry. Like Miles doesn't even bother to ask what's wrong, what he did wrong. He never bothered to figure out why Phoenix was upset. He just wants to be forgiven. (although Miles only never asked cos he thought Phoenix didn't want to see him at all so it's not really his fault either)

\*even more screaming\* IM DYING SQURTLE. IF PHOENIX JUST BECAME MORE ANGRY W/ MILES, i would die and miles would die, everyone's dying bc thats way too painful.

\*slams fist on table\* I can't even add anything to it to make the situation better so I'm just yelling

IM GOING TO YELL TOO COS I STILL CANT REALLY THINK OF A WAY TO RESOLVE THIS. I WILL COME UP WITH SOMETHING. I HOPE.

\*yELLING\* nOT THIS AGAIN

man this thinking is not helping. All I can think of is Miles one day just kinda collapsing onto his knees in front of Phoenix and begging him to forgive him cos he really cant take this distance between them anymore. And Phoenix looks shocked at first, but then his look kinda just goes cold and he ends up saying the whole thing about Miles not even bothering to ask what he did wrong/apologise for what he did and just wants to be forgiven. He doesn't even

yell at Miles. It's just cold. And then he just storms off, leaving Miles still in a crumpled mess on the floor

WHAT THE HECK THATS PAINFUL AAAAAA

IT'S MEANT TO BE PAINFUL

yEAH BUT TIS TOO PAINFUL AAAAAA

I STILL DONT KNOW HOW TO RESOLVE THE PAIN

\*dabs forehead in pain\*  
they're stuck in hell

We always end up getting them stuck in some hell  
(I love it too much tho I'm awful)

It always goes from angst/fluff to aNGST somehow  
(\*dabs forehead\*)

Now I guess we can go two ways. Miles can decide that Phoenix's reaction meant that Phoenix really never wanted anything to do with him again (if he didn't already before), or he can try really hard to swallow his pride ask what is wrong/keep doing things to hopefully make Phoenix happy (tho this doesn't mean Phoenix will tell him what's wrong)

pIEASE HAVE HIM SWALLOW HIS PRIDE, IM GONNA EAT A SHOE IF THEY CRY

IM GONNA MAKE HIM CRY EITHER WAY PROBABLY

Miles is probably completely and utterly crestfallen and dejected after that. He decides that Phoenix must really hate him, that Phoenix must never want to see him again. So he purposely evades Phoenix for the next few days, going out to stay elsewhere in the meantime. But that only lasts a few days. By then he can't take it anymore. He can hardly sleep or eat. All he can think about is Phoenix and how he had somehow upset him like that. He tries thinking back to what Phoenix had said to him, trying to figure out what he could do. (I bet that memory alone makes him cry) In the end, he decides the only way he could ever hope to solve this was to figure out what he had done wrong. And he has no choice but to swallow his pride and return home and ask what he had done wrong, no matter how much he dreaded it

When he gets home, he is sure he sees a brief look of relief on Phoenix's face before that unfamiliar cold glare returns. Miles had never seen Phoenix glare at anything or anyone prior to this, let alone this cold and almost murderous glare. Miles has to mentally prepare himself again before he finally asks if Phoenix can tell him what he did wrong so that he can apologise, but Phoenix refuses. So Miles starts guessing. And he guesses everything. Everything and anything that made or could have made Phoenix mildly upset in the last few

days. But obviously, he was wrong. For with every guess, Phoenix just seemed to get more and more annoyed

Phoenix eventually snaps and tells Miles to give up. He's heard enough. He's disappointed that Miles thinks those things would upset him so much, as if he was that petty. Then he storms off again. And Miles is once again left at a loss

Over the next few days, he tries his best to stay out of Phoenix's way. His objective is not to get Phoenix to stop hating him, he just wants to apologise and have Phoenix forgive him, no matter how much it pains him to think that his friendship/relationship with Phoenix is passed. He tries his best to do things like cook and clean the house and leave Phoenix sweets and offer to wash his fur and things like that, hoping to make Phoenix a little happier. But Phoenix rejects them all. Miles keeps asking what he did wrong, how he can make up for it, but Phoenix never answers

IM NOT SURE WHAT TO DO AFTER THIS

maybe Miles keeps thinking about it, and one day it clicks? Like there was that one time he said something and Phoenix flinched and looked really uncomfortable, but said nothing was wrong after. But Miles had said nothing wrong, right...? But he can't think of any other possibilities so the next time he sees Phoenix, he asks if it was that, and Phoenix freezes

AAAAA, IM YELLINGG  
I COME BACK TO THIS???  
AAAAAAAAAAAAAAAAA  
I DONT EVEN KNOW HOW TO ADD TO THIS AGAIN IM SO MAD  
nGHOOOOH  
gET ON YOUR KNEES AND BEG FOR FORGIVENESS MILES

>:3  
BUT IF YOU HAVENT NOTICED IM KINDA STUCK  
I guess maybe Phoenix looks at Miles and still sees confusion behind all the hopefulness and fear and worry. And so he asks, "You still don't know what you did wrong, do you?" And then Miles snaps. Sure, he's sorry, he wants to be forgiven, but he cant do that if Phoenix keeps playing this game. "No, I don't!" he shouts back. "I have been asking for a week. So tell me what I did wrong so I can make things right!" And then he collapses onto his knees says, a lot softer, with tears streaming down his face, "please..."  
I DONT KNOW  
IT'S WEIRD TO ME

I NOTICED NOW BUT AAAAAA  
AAAAAAA  
PLEASE MAKE THEM HAPP  
IM DYING

IM TRYING

I wish I could help w/ this, but I'm just sitting on the outside, pressing my face against the glass of ideas

BREAK THE GLASS WITH A HAMMER

I CANNOT

what if

Phoenix returns to the "forest" one day

bc he can't deal w/ this pain anymore

And Miles can't find them again bc they've moved their home

I was gonna make Phoenix cry too and be sorry and they could like hug it out or smth but I guess we could just make it eVEN SADDER

IF YOU'RE GONNA MAKE THE FLUFF SAD, I'M PUSHING IT FULL THROTTLE

You can also go down the route of Phoenix getting extremely hurt and having to go to an ICU or vet

and Miles is just by his side, crying bc "I didn't mean what I said, please, don't leave me, don't leave me without accepting my apology. Please Phoenix...."

FINE LET'S MAKE IT REALLY SAD THEN

Maybe he'll just leave the house like how Miles fakes his death tbh

Miles is honestly so lost bc maybe Phoenix left a note back of "Phoenix Wright chooses death" or sm

but yeah, Phoenix is gone, Miles thinks he caused Phoenix to go and hurt himself, everyone's broken

maybe when Phoenix comes back, Miles is just apologising over and over, begging for forgiveness, bawling his eyes out and holding to Phoenix's "feet"

So, Phoenix disappears back into the forest and since most of the deer have moved into the city, it's not hard for him to live in there and not be seen by anyone. So when Miles first sees the note and is on disbelief and frantically runs all around the town and then the forest to look for Phoenix, to ask if anyone has seen Phoenix, he finds nothing. And he does this for days. He hardly eats he hardly sleeps. He's just looking for Phoenix. He doesn't believe Phoenix is dead. So he keeps looking. And maybe he'll at least find his body

\*ANGRY WHEEZING\*

That's provided he does come back tho. What if because he's living by himself in the forest, he gets into trouble. I mean, the deer all live together for a reason. Being alone would be too dangerous. So maybe he gets attacked by some animals, maybe he gets caught in a trap, maybe he's hunted by some illegal poachers. But whatever it is, he's hurt and he could die

\*EVEN ANGRIER WHEEZING\*

WHY ARE YOU LIKE THIS  
you're the angst lord

YOU STARTED THE WHOLE 'IM GONNA PUT THE ANGST IN FULL THROTTLE' THING  
SO DONT BLAME ME  
Hehe >:3

IM PULLING THE THROTTLE BACK AAAAAAAAAAAAAA  
dONT HEHE ME, I CANT EVEN BEAT THIS

So let's go with the poachers one. It's been a few weeks and Miles still hasn't given up. He's exhausted and he looks horrible but he's still trudging through the forest, hoping that he'll find Phoenix one day. And then he hears a gunshot. And usually, he would have ignored it. He is already too tired and hunting is not that uncommon in that forest. But he just can't shake the feeling that Phoenix could still be alive and he could be in danger if he's all alone. So he uses whatever strength he has left and runs towards the sound. And it's a good thing he did because the moment he's close enough to see through the trees to see what happened, he sees a few poachers, laughing and grinning. He follows their line of sight and there is Phoenix, on the ground, lying in a pool of his own blood. And then Miles is mad. All logic and reasoning is blocked out by pure rage and sorrow. He charges forward and attacks the hunter with the gun. The man was much larger than him, but with the element of surprise, he managed to snatch the rifle from the man and knock him out with the butt of the rifle. The second poacher he shoots in the leg. The third is terrified and throws his hands up in the air

MILES TO THE RESCUE

I can't believe you write a whole story of angst  
why do you do this to me I'm dying

What do you mean you can't believe I wrote a whole story of angst  
Don't I do this a lot  
Don't die tho

I MEAN, YOU DO BUT AAAAAAAAAAAAAAAAAAAAAAAAAAAAAA  
I'm still dying aa

Like the entire cat au sits on angst

ye a H BUT STILL

With the help of the terrified poacher and later an ambulance, Miles gets Pheonix to the hospital but he's already lost a lot of blood. Miles already lost his father to hunters (curse you VK) he can't lose Phoenix too. Phoenix is immediately brought into surgery the moment they arrive at the hospital and Miles has to sit outside the operating theatre, waiting, crying, blaming himself for all of it. If he had never made Phoenix upset, if he had not handled it so

badly, if he had not driven Phoenix to the point of leaving their house, this would never have happened. Now he's going to lose Phoenix too and it's all his fault.  
I am the Lord of Angst I need to do my job

it  
is time  
to eat my leggo  
eATTING MY LEGGO BC AAAAAAAA

nOT THE LEG AGAIN

this is horrible, the lord of fluff is dying  
IEG

DONT DIE. THERE STILL NEEDS TO BE A TON OF FLUFF AFTER THESE TWO IDIOTS  
STOP THIS NONSENSE  
ALSO NO LEG

aAAAAAAA, good bc this is killing them. They need cuddle time and kisses after this,  
preferably kisses on/around the wound  
L E G

LET THEM CUDDLE. LET THEM KISS.

Let Miles do little Eskimo kisses onto Phoenix's belly fluff and maybe does raspberries for fun

Yessss. Tho don't make Phoenix laugh until his wounds are healed. Cos that would hurt

Eventually, Miles is woken up by a doctor. He was so tired that he had fallen asleep midway through the operation. The doctor tells him they managed to save Phoenix and Miles' face immediately lights up and he demands to see Phoenix. He is brought to Phoenix's room and the deer is still unconscious, attached to a bunch of machines, and with a large bandage across his chest. The sight alone brings him to tears. The doctor tells him that Phoenix's condition is not entirely stable yet and anything could go wrong, and he keeps talking, but Miles is not sure how much he hears.

\*eVEN MORE YELLING\*  
PLEASE JUST LET HIM HEAL, DONT LET HIM DO THE FAKE FLATLINE

MAYBE I SHOULD DO THAT HAHA  
MAKE MILES MORE SAD  
MAKE HIM PANIC

nO  
DONT YOU DARE

I WONT GIVE ANY MORE FLUFF

GASP  
OH NO

they'll be stuck in angst forever

nO

a N GST

According to the doctors, Phoenix was supposed to wake up within the hour, assuming the only thing keeping him asleep was the anaesthetic. But, after an hour, Phoenix was not up. Miles grabbed Phoenix's hand, begging him to wake up, to not leave him, but Phoenix does not wake. Miles sits there for another hour, still grasping onto Phoenix's hand. At some point, tears started to roll down his cheeks.

When Phoenix eventually comes to, his eyes do not yet open. All he knows is pain. And then he hears a voice. It's a familiar voice, words broken up with sobs. It's Miles, and he's begging him to wake up, to not leave him, to not leave him alone again, to not leave without ever letting him apologise for what he had done. Then Phoenix finally opens his eyes and he sees Miles holding onto his hand between his own, resting his forehead against that hand as he cried and continued to mumble to himself, apologising over and over again, pleading and begging Phoenix to wake up

Phoenix feels too weak to speak, so he tightens his grip around Miles' hand and Miles immediately looks up, first shock, and then relief washing over his features. And then he's apologising. Apologising for whatever he had done before, for driving Phoenix out of their house, for putting him in danger, for not saving him earlier, for getting him shot- But Phoenix just squeezes Miles' hand tightly and smiles before he falls back asleep

AAAAA

I NEEd TO STOP THINKING OF FLUFF

BUT FLUFF IS GOOD

\*wheezes\*

So I guess after that, Miles can relax a little bit since he knows Phoenix should be alright. He keeps Phoenix company at the hospital for the time he needs to spend there. And while they are there, they can actually talk like normal people ya know, and Phoenix can finally tell Miles what he did wrong and they can stop being horrible to each other. Although Miles is probably going to apologise for the rest of the day after that. And at some point, Phoenix is going to start laughing cos Miles doesn't apologise what is this stop. And then he's going to need to stop cos he can't laugh that really hurts

aaaaaAAAAAAAAAA

### **Hospital Fluff**

NOW WE CAN FLUFF. Let Miles pet and kiss Phoenix to make him feel better. Let Miles kiss Phoenix on his chest (but not close enough to the wind for it to hurt) when it hurts too much

let them kiss and cuddle. Let Miles kiss/peck Phoenix's face and continuously say sorry

Phoenix stroking Miles' head/face while he's lying in the hospital bed, and Miles wants to complain that it doesn't feel good like when Phoenix gets pats, but he's just so happy that/if Phoenix has forgiven him so he allows it to happen.

sTROKE HIM

### **Fruit Platter**

Maybe Miles buys a lot of different berries and fruits one day, and just brings them to Phoenix, partially bc he needs food to heal up and bc he wants to spoil this man and make him happy.

SPOIL HIM AND MAKE HIM HAPPY YES. Miles has to feed him cos Phoenix isn't supposed to move much. He has prepare the fruits and cut them beforehand so he can feed them to Phoenix easily without the silly deer man making a mess. And Phoenix is just like beaming away while being fed. Cos even though he was angry with Miles, he does miss him and all the pampering. Living in the forest alone is hard ok

AAAAAA. Does Phoenix ask Miles to cut certain fruits (pears and apples) into bunny shapes? Or to cut the mango into cubes? Either way, he's gonna enjoy that pampering & will want to forgive Miles bc "he looked so sad before, and he's being so caring". I wonder if he was eating alright during his time back in the forest.... was he even finding enough food??

HAHAHA BUNNY SHAPES. Yea maybe when Miles is feeding him one day, Phoenix jokingly requests for his apples to be cut into bunny shapes and Miles gives him that unamused look and Phoenix just laughs and then immediately regrets laughing. But the next day, Miles brings the boxes of fruits and he has actually cut the apples into bunnies and the pears into cats and the watermelons into stars and stuff. And Phoenix is probably moved to tears or something

GOD IM WHEEZING. He probably spent all this time cutting them out, especially if the fruit was a tough one. Every bite is savoured

I cant stop thinking about Phoenix eating the fruits and just crying tears of joy cos Miles put in so much time and effort into cutting these fruits and that's so nice. And poor Miles is not sure if he should be happy that Phoenix likes them, or be worried that Phoenix is crying over something like this

happy crying deer man, someone stop this deer man from crying. Get him a tissue bc "cut fruits isn't THAT emotional"

Miles kinda just sighs and hands him tissues and Phoenix is wiping his tears away and blowing his nose. Miles looks so done but honestly he's actually really happy inside and he's glad Phoenix likes it/things are back to normal

\*dabs Phoenix's teary eyes\*. Seeing tears suck but the fact that it's happy tears (& that Phoenix doesn't avoid him anymore) really makes Miles happy again.

Miles has to remind Phoenix that he's never ever cutting fruits like that again cos it's too difficult. He's only getting cute fruits cos he's recovering.

Honestly I wouldn't be surprised to see how Phoenix tests this. Maybe he asks Miles next time to arrange them on a platter (along w/ being cute shapes). And while Miles complains the whole time after that ask, all it takes is a few fake tears & begging from Phoenix to have Miles turn up w/ a fruit platter the next day.

Phoenix stop being so meeaaan. But yea Miles goes online and learns how to make the most beautiful fruit platters anyone at the hospital has ever seen. He probably decides to pick up fruit carving as well just to add to the platters. Like have you seen those carved watermelons? They are beautiful. And Miles makes those, albeit simpler ones, and Phoenix is so impressed he probably cries again. The staff are all just so surprised and shocked too. And this just adds to the reasons why Miles is adorable

Oh my god Miles, that's way too much. Miles coming into the hospital w/ a big watermelon platter, I'm wheezing. Maybe Phoenix feels so grateful of this platter, he tries to nibble the watermelon

....also Phoenix giving Miles a little peck afterwards for making the fruit platter for him.

Phoenix eats everything else first cos he really doesn't want to touch the watermelon. But eventually the watermelon is all that's left and he feels really bad if he eats it so he just kinda stares at it. But Miles insists that it's meant to be eaten and asks him to stop being so silly. And yessss and Miles blushes again. And that alone makes all his hard work worth it to Miles

Crunchy watermelon. I guess he won't be complaining since the watermelon might taste good.

ALSO I'M DYING, that's way too cute oh god. I feel like that was be the result of a lot of things, like getting all those different fruits, but that smile and praise makes it all worth it.

### **No Horns & Hospital Staff Think Phoenix is Cute**

Maybe the surgeons had to saw Phoenix's horns off to make it easier to operate on him without being bothered by the antlers. So Phoenix is really off-balance from the loss of the antler's weight, he's gotta hold on to something to help stabilise him while he gets used to having no antlers.

aaaaaAAAHHHH stroke Miles too yes Tho I think it wouldn't be too bad. Cos don't they regrow their horns every year? So getting used to them be suddenly gone shouldn't be too bad

Aaaa, thats pretty true, but maybe he's thrown off a little bc it's not time yet for him to lose his horns?? ㄟ( ͜ʖ )\_/\_

Yeps, probably. He keeps using too much strength when moving his head and ends up either throwing himself off balance or just knocking his head into things. And poor Miles. He leans in to kiss Phoenix, and Phoenix wants to sit up/lean forward a little, but he uses too much strength cos he's still not used to the lack of antlers and just hits Miles with his had

POOR PHOENIX. He's gonna slam his head into everything and everyone. Can someone get an ice pack for Phoenix's head....maybe one for Miles too. ...\*places weights onto Phoenix's head to help him balance\*

Just... Phoenix and Miles sitting there with Phoenix looking a little sheepish and both if them have ice packs strapped to their heads. On the bright side, the ice pack helps and weight and balance haha

im

w HEezing

ah these fucking losers w/ ice packs. What if the nurse comes in and sees them? I guess its probably not that strange since they had to treat Phoenix and all

it was probably a nurse who saw them bump heads and put the ice packs in to begin with haha. And the two of them are so silly with Miles being there all the time and the bunny fruits

and Phoenix crying over said fruits, I don't think they find anything they do weird anymore  
haha

maybe the two of them are like the talk of the hospital. All the nurses and doctors kinda want a chance to take a look at them cos it's already uncommon that they get centaurs, and then this one has a partner, a human partner no less. And the two of them are so silly. Like they probably all hear about all these two's silly shenanigans and want to see it for themselves

Miles wonders why Phoenix has so many nurses checking on him and why they are always different nurses. And then there was probably that one time where maybe Phoenix's wound was hurting a bit too much again and Miles leaned over to kiss it better. And then he hears this squeal and immediately sits up and apparently a nurse just happened to walk it and was freaking out cos apparently it's too cute

GOOD. I bet all the nurses think they're both really cute. I mean, Miles might have an excuse of "I'm a hunter therefore, I am NOT cute" or sm, but Phoenix doesn't have an excuse. He's just 100% cute and no one can object to that. Speaking of which, they probably spoil him too, (and try to get a quick pet in). But yeah, I'm pretty sure the whole hospital is gonna know of this cute deer man & his hunter "fellow".

Yea Miles acts cool and gives anyone who calls him cute his death glare. But all the nurses there still insist he's cute cos they've seen him interact with Phoenix and it's the cutest thing. Like how can anyone resist flustered blushy Miles. And the nurses see that quite a lot cos whenever Phoenix says something like 'i love you' or kisses Miles or something like that, Miles will get all blushy and look away.

And then of course Phoenix is just pure cute. He is the cutest patient they've ever had. He's just cute and fluff and soft. They always bring him extra dessert and are super nice to him. I'm sure many have tried to sneak a pat in but Miles usually glares super hard if they try. Unless Phoenix allows it of course

AAAAA, if they weren't on the job, I'm sure they'd try and get a picture of Miles blushing or smiling just to prove how cute he is. This man is 100% steel but let him talk or cuddle w/ the deer man for 5 minutes and he's complete mush. AAAAA. The cutest patient, even cuter than children. He's gonna get a little chubby from all the dessert but I'm sure he loves the attention. Maybe they even discover the flicky-ear thing during a general check up where they check the inside of the ears? I'm dying aa

Oh goodness the ear flick. Like the doctor is checking his ears and his ear does the flick and the poor doctor has to try to hold it in place cos if not he can't so the check. But the assistant doctor or any nurses around think it's super cute and just try to get the ear flicks later but like accidentally brushing past his ear when doing stuff or smth

One person has to hold the ear while the other looks into it. But yes, they're all trying to make it flick bc its too cute, & Miles wants to get angry but its cute to see so he tolerates it.

I bet there are some old doctors there who have seen Miles as a kid and later when he was still under vk's care as well. And they all remember him to be this awful, cold person most of the time. And they are so surprised to see him like this now

\*anGRY WHEEZING\*, they're probably really happy that Miles is looking much happier/brighter, being a complete 180 from how he originally was.

## **Hospital Children**

I've got the cute mental image of the children that are stuck in the hospital (maybe cancer or sm) cuddling up to deer Phoenix. And they're all happy bc Phoenix is so cheerful and nice and really fluffy, its just that one image that warms everyone's heart from seeing it.

At first maybe Miles is pretty defensive over random patients approaching Phoenix, cos he's worried they will hurt Phoenix, accidentally or not. But he realises that Phoenix handles them really well and the kids just seem to love Phoenix so he allows it. And he eventually finds it pretty cute as well, seeing Phoenix talk to these kids and having them snuggle up against his soft fur and everyone is happy. And then the hospital staff just love him even more after that

\*EVEN MORE YELLING\*, these hospital staff aren't gonna want to let Phoenix go after this. He's just way too cute and the kids love him, but Miles isn't gonna let him stay there so ̄\\_(\ツ)\\_

maybe he visits when he's recovered? Like he pops by once a week or something and brings some joy to the hospital. And Miles tags along to watch Phoenix and maybe also brings some gifts

## **Brush + Squash**

Since he's staying at the hospital for so long, someone usually would help clean him up right? Either help him shower or just wipe him down if he can't shower thanks to his wound? Miles would probably volunteer to do that and he has to wash Phoenix everyday. And honestly he's missed washing the soft fur so much

Oh, he might have to clean Phoenix up or have someone help clean him. I guess it wouldn't be a rather difficult clean since there's not much dust and dirt in hospitals, but just to clean off the oil and everything. But (once again) yes, they'll have to wipe him down bc of the wound. Maybe the nurses are the ones that start to wipe Phoenix down, but then Miles asks to help (bc soft fur Pal), and they have to tell him things like how much pressure to use around the wound and if any soap should be used.

Miles probably helps brush Phoenix's fur too after wiping him, just to keep his fur nice and soft and to make sure it doesn't get all matted and knotted. And Phoenix is just smiling away cos it's pretty comfortable and it's just nice being brushed by Miles

Brushing Phoenix fur becomes a new favourite thing to do for Miles. When Phoenix gets better & returns "home", he probably comes and lies across Miles' lap so he either has to give pets or brushes.

yesss pets and brushes. And then Pess gets jealous and also wants pets and brushes haha. Also, poor Miles. An entire centaur lying across him must be really heavy

Pess comes and lies on top of Phoenix to get pats instead. Miles' is gonna get squished bc the more comfortable Phoenix gets, the more he relaxes & puts his weight into Miles' lap

Poor Miles getting so squished. If he's sitting, his legs are gonna start getting numb and he's gonna have to push Phoenix and Pess off him although he really doesn't want to. If he's lying down, he probably can't breathe HAHA poor Miles. The pain of having too many cute fluffs

yes, poor Miles. He can't get up but he can enjoy the fluff, such a curse but a blessing. Hopefully Phoenix isn't too heavy for Miles....

...he probably is too heavy if he rests all his weight on Miles. Though not heavy enough to break anything. Just heavy enough to make it difficult for Miles to breathe and when Miles tries to push Phoenix off, he just assumed Miles is being grumpy again and continues to snuggle. By the time Phoenix realises Miles actually can't breathe properly, Miles is like turning blue and Phoenix panics and leaps off and grabs Miles and shakes him and is like "ARE YOU ALRIGHT, MILES???" And poor Miles is trying to breathe and being shaken at the same time. He's fine tho. Phoenix will just be sorry for a while

POOR MILES, SOMEONE CALL THE AMBULANCE. But that's good, I would hope he's not a very heavy deer even w/ all the food Miles has fed him.

If Miles insists he's fine, no one is gonna call the ambulance, so... But he's probably fine. He's probably not very heavy for a deer, but he's definitely heavier than Miles since he's a centaur

He's still a heavy boy. But I guess they won't have to call the ambulance now.... though Phoenix probably apologises to Miles for crushing him

Phoenix is definitely going to apologise lots. He might even bring Miles food and stuff since that's what they usually do when they want to apologise (AND HE'LL TRY TO FEED MILES BUT MILES WILL BE LIKE "NO!"). And next time he'll be careful to only rest his head on Miles' chest or at most only his upper half

**Potatoes**

Also we were talking about potato's in bio & I started thinking about deer Phoenix really loving potatoes, how they can be cooked in butter & everything.... but then I pictured him biting into a raw potato & cringing & I've never felt so sad for someone that doesn't exist before

HAHAHA OH NO POOR PHOENIX. DON'T EAT THE RAW POTATO

So maybe Miles cooks Phoenix some potatoes and he loves it. So the next time he's hungry, he goes to the kitchen, and is super excited cos there potatoes!!! so he picks one up and bites into it, and then, just, no. Like he spits it out and is just cringing and sticking out his tongue and almost gagging cos it's so awful

RAW POTATO, BIG CRUNCH

ahhhh, this poor Phoenix. \*makes him some mash potato as fluffy as he is\*

But what if when Miles comes back, and Phoenix starts complaining about the potato, Miles offers to make him nice mash potatoes to make up for it, but Phoenix doesn't want any potatoes. Potatoes are a lie. They are awful.

"THIS THING TASTES GROSS, I DONT WANT IT" "Phoenix no, I can cook it and I promise it will taste good again. You just.... can't eat it before it's been cooked"

Phoenix doesn't believe Miles cos what kind of food could possibly taste that awful before cooking and then taste good after? Like berries and fruits can be cooked, but taste really good before cooking. So potatoes are just a lie and are out to ruin is day

Beautiful. Well on the bright side, at least he knows that there's some foods that you need to cook first? And he won't do that again so its even better.

That's true. Hopefully he never does it again. Though how is Miles going to convince Phoenix to try the mashed potatoes? Is the nice smell going to be enough to convince Phoenix that cooked potatoes are not a lie? Or is Miles going to have to force feed him again

\*chants force feed bc then we get to see Phoenix's face go from absolute disgust to pleasantly surprised/happy\*

Miles holding Phoenix down, or maybe straddling him since he's smaller and needs the leverage to hold Phoenix down, just telling Phoenix to keep still and holding a spoon of mash potatoes. And Phoenix is squirming and struggling and keeping his mouth very very shut. But Miles eventually gets Phoenix to open his mouth maybe when he tells Phoenix to try the potatoes and Phoenix screams "No!" and so he just takes that opportunity and shoves the potatoes in his mouth. Then you can see Phoenix's face scrunch up, prepared for the awful potatoes and expecting to spit it out. But then he suddenly opens his eyes and his ears flick in confusion cos it's not awful. It's yummy. Like the one Miles made for him a few days ago.

And then he suddenly feels very silly for fighting Miles over food like that cos these potatoes are really yummy

## **Tomato**

also I have found that biting into a big tomato is very fun & fulling, it feels like a nicer apple. I would imagine deer Phoenix does this thing, despite it being more normal to either cut it or eat cherry tomatoes

Or maybe he actually does get his hands on a whole tomato and just bites into it? Since that's how he eats fruits normally? But then it's all soft and there's juice so he's a mess and Miles freaks out and has to clean up. So he later makes sure that Phoenix either has cut tomatoes or he eats cherry tomatoes so there's no mess

It's surprisingly not messy if you be careful and suck the seeds time to time

Hmm... But I bet Phoenix could still make a mess of it. Especially since he probably hasn't eaten a tomato before

\*slight wheezing\* ah, that's true. He'd probably be a person to bite into it & have juices fly everywhere

Just juices everywhere. Miles probably has to make Phoenix take a bath after that cos there is tomato everywhere, including in his fur

all these dotty seeds on his chest & fur, somehow there's also seeds on his white butt & Miles has no idea how they got there

Phoenix just bit so hard that the seeds flew that far. Washing the tail would be so cute tho (and annoying) Like you try to wash the fluff and it just flicks. Poor Miles has to try to grab that tail but it keeps twitching and flicking around

haha oh godd, time to wash the fluffy white butt but the tail keeps flicking water everywhere. Maybe Miles gets Phoenix to sit down inside the bathtub so that he only splashes water to the sides of the tub..... .....he's gonna have to dry that butt and I'm already feeling sad for Miles, the embarrassment.

Poor Miles is still going to get very wet no matter what he does haha. Also, yes, dry the butt and blush. But at least the flicking tail is cute so there's a small plus

WET BUTT, WET MILES, ALL IS WET

EVERYTHING IS WET

\*hands the fluff a towel\*

Phoenix rolling in a towel tho
