

## Card Play Techniques Review Challenge

This is a review challenge testing your understanding of the three cardplay techniques outlined in today's lesson. You will be figuring out the best way to play the hand with your group (and these hands will be harder than the example hands we gave you). Once you complete the challenge, raise your hand for an instructor to check your solutions, and when you have successfully completed the challenge you can start playing out hands with your group (and receive candy). If you have any questions about the hands of course feel free to ask Ava or Yanlai!
