

Voyager's Science Olympiad Program

Science Olympiad is a program at Voyager where a team of students compete with partners in different science events against other schools. We have teams at all levels: elementary, middle & high school. We start preparing for these events in the fall and compete in the spring. **If your student is interested in participating and would like to learn more about this year's program, please complete this [INTEREST FORM](#).** We'll be sending out more specifics about the program soon, in addition to scheduling some zoom info sessions. **We are also looking for an elementary coach for this year.** If you are interested in helping coach the elementary team, or any of our teams, please email Kristin Jantz at scienceolympiad@voyageracademy.net
