DANIEL BOONE AREA HIGH SCHOOL

Greetings, Blazer Families,

We are looking forward to **Tuesday, September 15**, from 5:30 - 7:30pm, by welcoming our Blazer parents and families to DBAHS. This Back to School Night affords our learning community the opportunity to strengthen our partnership. During Back-to-School Night, you will be the most important people in the building. The teachers want to meet you and present to you what they will be teaching your children. Teachers will clearly explain their goals and expectations for the year. Teachers will introduce and review Schoology, Infinite Campus, and lines of communication along with a host of other information. You are encouraged to visit the club and activities information posted throughout the cafeteria along with some vendors in the main hallway during any scheduled study halls.

We sincerely appreciate all the support from you. We look forward to seeing you at our Back-to-School Night. Below is a grid to assist you with getting to meet all your Blazers teachers throughout the night. Please work with your student to create their individualized grid. Maps will be available near door 1 as you enter the building.
