

**PRISONER
CORRESPONDENCE
PROJECT**

Legal Resources for Trans Women in Federal Prison

Trump's Executive Order 14168 has attacked trans rights in federal prison. The Prisoner Correspondence Project is not a legal organization, but we can refer you to organizations that do provide legal support. We are firmly committed to supporting incarcerated trans people through these attacks to their rights. You are not alone and we will continue to support people fighting these inhumane policy changes.
