

Summer 2020

Incoming Fifth Graders

Math

Fact Fluency - Multiplication Facts

On this website, you can view a quick video on how to [track your multiplication facts learning](#). Print all 9 multiplication facts sheets, place them into clear sheet protectors, and use a dry-erase marker to complete them daily. There are only 12 problems per page, so it will not take you long! Record your progress on the chart.

Problem Solving - Multi-Level

Math Playground has a number of fun math learning games. You can also practice problem solving with visual models. Choose a [Thinking Blocks](#) level that best suits your needs.

Number Sense - Estimation

[Esti-Mysteries](#) are mysteries that involve estimation. This is an important math skill to practice as it helps us determine whether or not an answer is reasonable. There are many Esti-Mysteries to choose from!

Computation - Splat!

What a fun name for working on your flexible thinking while practicing your competition skills. Try these [nested Splats](#) for a bit of a challenge.. But wait, there's more! You can also try [Splat Fractions!](#)

Reasoning and Logic - Play with Your Math

Yes, you can [play with your math](#). Try some of these reasoning activities or play [Sudoku](#) online to keep your math brain active this summer.

ELA

[Summer Reading Suggestions](#)

Comprehension Strategy/Skill: Visualizing to help you understand what you are reading. Listen to this clip about [visualizing](#). Use your independent reading book, or a book from [Epic](#) to help you practice the strategy of visualizing.

Word Work

[Lexia](#) (for students with account access) understanding how words work makes reading fun!

Fluency Strategy/Skill: Listen to Reading

Listen to a book from [Epic](#). or [Audible](#). Pick a book or topic that interests you. What do you notice about the narrator? How would you rate his or her expression?

Summer 2020

Incoming Fifth Graders
