

Non-Application Awards

INSTRUCTIONS

The Florida District reserves the right to revise the list of non-application awards with the intent to maximize recognition opportunities for all Key Clubs in the District. The decision of the judges is final and no changes, alterations or re-grading will take place after the results have been certified. All Key Clubs in good standing are eligible for the non-application awards recognition program, which includes the awards and contests: Club Membership Growth, Early Bird Dues, Florida Key Club Endowment, Governor's Citation, Key Club Service, Monthly Report Submission, and Trick-or-Treat for UNICEF Fundraising.

No application is necessary. Information used to determine winners is extracted from, but not limited to, the following:

- Club Monthly Reports.
- Official Dues Reports from Key Club International (KCI).
- The proper filings of the Monthly Reports, Officer Information Forms, and club dues are actions necessary to qualify for consideration in these awards.
- Service hours must conform to the District's definition of a service hour or the club will not qualify for awards and contests.
- The number of required service hours was raised to pre-Covid guidelines and restrictions.
