Socials: [Patreon](#)

**ALWAYS** read the permissions section in each mod/resource you use on your own creation, there may be details about the use of said resource that will **NOT** be specified in here.

All the mods marked with a \* don't have open nor close permissions, or conditions for the use, is advised that you use them with caution and, if possible, ask for permission to use them, always respect the decision of the creators, if they don't authorise you to use their assets before or after the publishing of your mod respect their wishes, after all the assets are theirs.

All mods marked with \*\* you **MUST ASK** for permission, is advised that you use them with caution and yada, yada, you know the gist, don't be naughty.

There you will know any news about the project or me(Elisdriel)

If you want to support me to maintain the TES V Modders Library please consider supporting me through [Patreon](#), or you can simply follow me as a free supporter too if you only want to be updated on what I am up to.

Link for the related resource:

[Wine Bottle Resource](#)

Any suggestions feel free to comment or dm me or [Dragonarchi](#), we will read it ASAP.

The wine bottle is a test model I did a while back, if I make more models I will gladly add them here for you guys to use (I won't update the name though, for the joke you know).

Thanks for the support, until next time!

The formatting of this Library is intended for an easy copy-paste to your mods credit, so if not all creators are credited or something that is required for the use of some project listed here is missing, notify me right away, I will patch up the missing info as soon as possible.

Please welcome our newest member of the newborn group (Clockwork Group), the amazing Riamu/Dragonarchi. He will be working with me from now on.
