

## Character Information

**<Character>** - your character's name appears here.

**Lvl:** <Level> - your character's level appears here.

**<Class>** - your character's class appears here.

*\*If you have a Dragon Amulet, it will appear to the right.\**

---

## Interface

**Show Log (Alpha)** - when selected, the Game Log will appear in the top left corner; shows information on what happens in-game and in battles, including damage/healing, buffs and debuffs, in-game notifications, and more.

---

## Character Customization

- **Character Page** - opens a link to your character page in a new window.
- **Character List** - takes you back to the character selection screen after the following message of confirmation:

quote:

**Are you sure?**

Are you sure you want to return to character selection? Mid-quest progress will not be saved.

- **Yes**
- **No**

- **Hard Mode** - when selected, all foes will have significantly increased HP and damage; **it is not recommended to enable this mode unless you are up for a serious challenge.**
- 

## Graphics

- **Full Screen** - when selected, the game window is expanded to fill the screen; deselect or press 'esc' to return to normal window size.
-
