

STREAM RULES AND INFO

I have the right to say no to anybody. If you have a problem, then that's on you. Not me (applies to everything)

NO NEGOTIATIONS. THESE ARE THE RULES. THERE IS NO BYPASS OR ANY WAY TO GO AROUND THESE RULES.

IDONT DO:

- 1v1's (I don't do them for anybody whatever the occasion)
- Late games (same reason for 1v1s)
- Custom matches (unless over 80-90 viewers in live or I explicitly say I will)
- Reserve spots for people (it's first come first serve whoever plays with me)
- Adding people (unless I really know and remember you (which I probably won't) then I will not be accepting any friend requests)
- (more will be added, possibly soon)

STREAM RULES, DO NOT:

- Spam in chat (Unless you give me a warning and I give you permission, I've already dealt with enough, don't make this harder on me) (Spamming code is fine during custom matches)
- Ask about personal info (do I even need a reason?)
- Be racist or weird towards me (I've seen so many weird comments in streams. I'm sick of it.)
- Beg me to gift or try guilt tripping me into giving you something (I don't fall for guilt trips)
- Ask me to play with you around start of stream (I eventually play with viewers in the end unless I explicitly say im not)
- Try making me say explicit things (instant mute for entire live if typed more than 3 times)
- Type the most out of pocket thing ever and spamming it (instant block)
- (more will be added possibly soon)
