My Weird Brother Laid an egg

.My weird Brother spends most of his life in his room experimenting on himself but this time he took it to far and he made formula that made him lay an egg, but the formula went wrong and the egg hatched into two dolphins in a army tank that wanted revenge against humanity. He created a Fart Gun to fight back against the dolphins the dolphins smashed through the bedroom wall and drove away to try and destroy the world but back at the house your brother was grounded for huge hole in the wall.
