

**[door slides open and closed]** So, I'm guessing the higher ups have finally assigned me a partner. About damn time. **[chuckle]** What makes a human sign up for a program like this?...You do know what program this is, right?...It's the Endangered Monsters program. Don't tell me you signed up for something and didn't know what it was...Well, hypothetically, if you had signed up for this without realizing then you would probably be a bit startled by this information. You are here to help with the continuation of certain monster species that are going extinct. Scientists have found that humans are the optimal receptors for monster reproduction as your DNA does not overwrite ours. Instead of becoming a hybrid or something, the offspring comes out like a full bred monster allowing the continuation of species like me. I'm sure you've picked up on the fact that I'm less than human, haven't you?

...Well if it wasn't obvious from the pink skin, four pitch black eyes, mouthful of too many teeth then **[shuffle]** my naked body should prove it for me. Doesn't look anything like a human, does it?...Proportions are just slightly off. My arms are a little too long, my torso a little too short, too many fingers on each hand for it to look right, my tail whips around behind me letting you know exactly what I'm thinking, there's nothing human about me at all, is there?...And that excites you, right?...Having to look up at me and see my horns curling on either side of my face, never realized just how tiny you were in the grand scheme of everything, did you?...How cute, little one. Why don't you come join me on the bed? It's getting awfully lonely all by myself. **[chuckle // shuffle]** Oh that's nice. Instantly pressing up against me. You like how I feel, don't you?

...That's good, little one. Focus on that. How my firm hand feels opening up your robe, getting you just as naked as me. Want to be able to feel every inch of you, baby. Don't like when things get in my way, keep me from what I want. And what I want right now is you, little one. All of you. **[kissing]** Look at you, baby. So easily letting my forked tongue inside. Love how it feels when I move either side independently, don't you?...Trying to swallow me down as my hand starts to tease you. I'm doing this right, aren't I?...Just making sure since we have different anatomy, little one. Want to make sure you feel good, that's how we breed successfully. This is never going to work if one of us doesn't enjoy it. Want to make sure you want it just as badly as I do, baby. **[kissing]** Feel so good on top of me like this. My legs wrapped around your waist and pulling you flush against me, grinding my hips against yours. You feel so fucking good, little one. **[kissing]** Like how my tits feel in your hand, don't you?...Squeezing them both so gingerly. Ngh, be careful with the bar through the nipples. Makes me extra sensitive to even the lightest sensations.

**[kissing]** Come on, baby. Spread your legs for me, lemme breed you. **[kissing // wet noises start]**  
Yeah. Ngh, that's good. Already soaked for me, little one. All I had to do was slide in. So easy, no resistance, just tight heat enveloping my cock. Ohhhh, yeah. That feels really nice. Wasn't sure how you were going to take it with such a height difference. Was worried that we wouldn't be able to make this work. I've never been happier to be wrong, baby. Despite how tiny you are height wise, you take me better than anyone else. Does my cock look pretty? The way you keep watching your pussy swallow every inch of my cock seems to have you distracted. Can't take your eyes off of it, can you?...Then don't. Keep watching, little one. You are here for a reason. Going to get bred up, baby. All you've got to do is get knocked up. That's easy for you, isn't it?...Gonna let me fill your womb, aren't you? Ngh, your hips thrusting against me, feeling my ass jiggle with every movement. That's it, little one. You're doing such a good job. Look at you. Look so fucking pretty like this. Love how it feels to be impaled on me, don't you?

...Ngh, like that. Yeah, right there. That's good, little one. Why don't you reach down and start playing with yourself? Go on, touch your clit for me, baby. Want you to cum on my cock. Wouldn't be fair if you were the only one that got to cum, right? You're not here for your own pleasure, you are here to do a job. You're here to be a good breeder and get filled with eggs. That's the only reason why you are here, little one. You are here to be a hole for me to cum inside and breed. Ngh, yeah. That's right. Look at you. Feel so fucking good as you continue to rock against me. Want my eggs that badly, don't you?...Ngh, that's it, baby. Right there. You're doing so good. Like knowing that you are the reason that I'm sounding like this, aren't you?

...Makes you feel good hearing how close I'm getting from your touch. I never stop thrusting against you as your hand tries to match my pace. That's it, baby. Doing so good, taking it just like I told you to. Look at you, giving me everything you have. Making me feel so good, I bet you are proud of yourself. I'll be proud of you if you get knocked up. Are you going to be good for me and take my eggs like I asked?...That's good, baby. Being such a good breeder for me, continuing to keep your legs spread. Your own pleasure continues to build as you feel yourself getting closer. It feels like you could die and go to heaven, doesn't it?...Never felt anything like this. My cock never stops, insisting on pounding in and out of you, splitting your pretty pussy in half. Not going to be able to walk right when I'm done with you, baby. Everyone is going to be able to know that you got fucked and that you got fucked hard. Don't care if that makes me selfish. Want everyone to see you and know what happened. One look at your stomach and they'll know. You're a good breeder for me, aren't you?

..Want to make me proud, don't want to give anyone else the chance of doing it. Ngh, right like that. Yeah, yeah, that's the spot. Sound so fucking good, baby. Love how it feels when I pound into you, don't you?...Your pussy feels so fucking tight, ngh, making me feel so good. Can barely think with you around me, little one. Wish I could just rut deeper and deeper inside you so that I never have to leave the warmth. Don't ever want to leave, baby. You feel too fucking good, I can't get enough. Mnf, can't even form a word it feels so fucking good. Lost to your own pleasure, it's so cute, little one. Chasing whatever feels good, it's the only thing your brain can focus on. Don't even want to leave my embrace, do you?...My arms clinging onto you, nails digging into your flesh as I rock my hips against you. Going to have inky black marks down your back for the next few days. Going to have my mark on you, little one. Ngh, people are going to see it and know. They are going to see what a good little breeder you've been, baby. Going to take it just like you're supposed to, aren't you? Going to be good and take my egg, right?

..Of course you are, little one. So excited to be bred by me, your pussy clenches around me in excitement. Can't get enough, can you?...Lost to your own pleasure, you can't help but clench your eyes trying to block everything out except how good it feels, ngh, unable to control the sounds that leave your throat. If I didn't know better, I would think you're in pain. Don't think you have even said a real sentence in a few minutes. It just feels that good, doesn't it? Your own all consuming need is all you can think about. All you want to do is cum around me, little one. Want to let go and release everything that you've been working towards. It's okay, baby. You're going to get it. You're going to get it in due time. But what sounds better. Cumming by yourself or cumming with me?

...Thought you would say that. Want to feel my egg breeding you. Yes you do. Can feel it moving down the shaft, starting to stretch your cunt out. Want it all the way inside you, where it belongs. It's not doing you any favors by staying inside me, is it?...That egg belongs inside you, breeding you. That's why you're here. That's the only reason I'm fucking you, little one. You have one job, one purpose in life. To be bred by monster girls like me. To take what us monster girls give you. If I wanted to breed you every day, I would, little one. It's well within my rights. Ngh, come on, baby. Be a good breeder for me. Cum for me. You're so close, just like me. I know you want to let go, baby. Now's your chance. You've made me feel so good, and have done such an amazing job. Cum with me. Let me breed you, little one. You can do it. Cum with me, baby. Cum with m-[adlib mutual orgasms] [kissing] You did amazing, baby. Gave me everything I wanted so perfectly. How are you feeling?

...[**chuckle**] Is that a good feeling?...Then I'll take it. [**chuckle into a kiss**] Now, how would you feel about another round?...[**chuckle**] You're so cute, little one. I don't need to use my cock for another round. Why don't I just eat your cum out of your cunt? That way by the time I've finished and you've had another orgasm, I should be ready for another round. Seems perfect, doesn't it?...I'm so glad you agree with me, baby. It seems we are more alike than I thought. [**chuckle into kiss that fades out**]
