

Looking for a Master

**Creativity. Cruelty. Degradation. Dehumanisation. Force.
Humiliation. Intense. Misogyny. Rules. Sadism. Total Power
Exchange.**

If these sound words sound interesting and appeal to you, please read on...

Hi there, my name is Kenzie and I am a 19 year old submissive from the United Kingdom. I'm single and a virgin, but am looking to be trained and owned as part of an intense 24/7 online dynamic. It's important to note that I am anorgasmic meaning that I have never and cannot orgasm, so if orgasm control is a deal breaker for you, please stop reading. In addition to this, whilst I am willing to send photos, I will not show my face, tattoo or partake in any live video calls. My voice is also a non-negotiable limit as I do not wish to reveal my identity. All my other limits are listed and are currently non-negotiable.

I am currently looking for a Master who is interested in training and using me as his personal toy, moulding me to suit his needs and breaking me with no regard to my own pleasure. I have lots of free time and a very empty calendar - as in, I usually work at weekends but the hours vary and are not guaranteed, and I do nothing else at all during the week - that I would like to dedicate to serving, even when the Master in question is away. I am looking for an intense level of control and extreme level of dehumanisation, effectively turning me into nothing more than a toy for Master's amusement.

If forcing a slave to do something, knowing that she dislikes doing it, or perhaps keeping a slave constantly used and abused so that she cannot go anywhere or do anything without being reminded of her place interests you, then perhaps we'd get along well!

I'm looking for someone who can hurt me, destroy my human rights, take away my privileges and turn me into the perfect slave. They must be creative and clear in their instructions so that there is no confusion or wiggle room in a task. The Master states exactly what he wants and the bitch obeys. Punishments could be for failure, because the Master has had a bad day or just because he feels like it to remind the slave that he is her superior.

Calendar control, forced getDare humiliation, brutal rules, non-stop porn, whatever cruel and degrading things you want to do, no matter how dark your fantasies for an online slave (I'm the kind of girl who watches tit/pussy torture porn and may even consider doing things like getting piercings one day for the right Master in the very distant future, but I won't be involving other people at all right now!), please get in touch and let me know, and perhaps you'll be the Master that could show me my place. I know this all sounds very choosy and perhaps I have high expectations but I'm looking for something extreme and want to make sure I'm committing to the right Master.

If you're interested, please PM me and tell me what you're interested in, what you'd like to do with me in such a dynamic, what you could offer, etc. Show of your creative side and catch my attention! But don't forget to include your Kik so I can contact you properly if necessary! I don't live alone or have a lock on my door, and am still living with family, but am often left by myself or given privacy. Please bear this in mind, and be aware that whilst timezones closer to GMT would be preferable as I am looking for regular contact, I can work around it if necessary. Finally, I understand that English is not everyone's first language but for this kind of dynamic, it is super important that they have a firm grasp

of the English language and are willing to put detail into their responses. This not only makes it easier to follow orders but means less questions need to be asked for clarification of confusion.

This is something I'd like to start as soon as possible but need to be assured I'm in the right hands so don't be afraid to show off your honest application to me.
