Living among other demons in the plane inhabited by Azael, are his illegitimate offspring. One of the most prominent is Ahijah. He appears as a huge ogre with the head of a snake and the tails of snakes for his legs. He fights as a 12th level fighter and carries a large, Roman-style shield +1 and a whip +2 that discharges 6 pts electrical damage per hit. He also carries a huge iron mace, although he prefers to use the whip. He may also bite with his head. Victims bitten must save vs. poison or be paralyzed for 1-6 rounds. He also has small, and almost useless wings that help to break his fall (-1pt/die dmg in fall) yet they do not let him fly.
