

Jules Goldberg, Founder

Jules is the founder of SnoreLab, the No.1 app for tracking, recording and discovering solutions to snoring. He created the app in 2012 as a self-taught developer after his wife complained about his snoring.

SnoreLab has since amassed over 13 million downloads, helping countless people around the world with their sleep and snoring issues.

Jules has created other top-rated health apps that are part of the [Reviva Softworks](#) portfolio, including Sleepwave and SnoreGym.

The company is fully bootstrapped with no external investors.

Jules studied at the University of Cambridge. He lives in London with his wife Vanessa, two children and a fluffy dog called Mochi.
