

## **AREAS THAT WOULD REQUIRE SPECIAL ATTENTION FOR RELOCATION:**

### **Dalton Water District**

The Dalton Water District is a private non-governmental organization within the Town of Dalton. It consists of two separate departments, the Fire Department and the Water District. The Dalton Ambulance Service is operated out of the Dalton Fire Department facility. Both departments work closely with Town Departments and are part of the Emergency Management Team for the Community.

### **Dalton Water District**

The Dalton Water District Stock House is located on Old Windsor Road. In case of an emergency situation where the Dalton Water District Stock House is damaged or destroyed by any possible event the following areas have been identified as alternate sites for the organization.

1. Trucks and Equipment can be stored at the Filtration Station owned by the Water District.
2. Administrative operations would move the Dalton Fire Department on Flansburg Ave.
3. The Dalton Highway Garage on Gulf Road would also be available for use for storage of equipment and vehicles if needed.

### **Dalton Fire Department**

The Dalton Fire Station is located on Flansburg Ave. in Dalton. Should the Fire Station become unusable for any reason then the following options may be used for the storage and operations of the Fire Department.

The Dalton Fire Department has in place Mutual Aid Agreements that will provide for coverage of Fire Services for the Community.

### **Dalton Ambulance Service**

Ambulance Service for the community will be provided through written agreements with nearby communities and private ambulance services that are located in Pittsfield.
