

Good evening. My name is Lauren Grossberg and I'm the PT Council President.

The PT Council Executive Committee would like to take this opportunity to thank the Board of Ed for the extremely thorough superintendent search process. Your commitment to finding the best candidate for our district was apparent and your efforts to engage the community did not go unnoticed. We are grateful for the time and effort you dedicated to this important search and we are so thrilled with the outcome. We look forward to an exciting future with our new superintendent. Thank you again.
