Dear Parents and Caregivers,

Each Tuesday throughout Term 1, our children, will have an opportunity to lead the class in some new learning. They will be the TEACHER/S, giving the children the opportunity to connect with others and share their special passions, interests, skills and unique talents.

Every child in our space will have x2 sessions over the course of the year. We will have 3 children teaching each Tuesday, where the rest of the children will be given the opportunity to opt into a teaching session. There will be no more than 28 children in a session this term, to allow you to plan for numbers accordingly.

Students will first need to decide on a goal or learning intention - what the class will be learning from them (we call this a WALT - We Are Learning To). It can be anything such as a dance lesson, teaching a new game, origami, learning a language, a science experience, magic tricks, How to sketch, How to make and decorate cupcakes, how understand fractions, how to make connections when reading ... Students will discuss their topic with one of their Teachers a week prior to their scheduled teaching. Please talk with them at home about what they would like to teach and share with the class. You may like to help them plan their lesson.

If they require anything from us, this needs to be discussed prior, not on the day e.g. 12 footballs, the kitchen, paint brushes etc, so that we are prepared and there are no double ups with the other children.

Students will have a 25-30 minute slot to teach their chosen lesson and there will be a question and answer time at the end. It is important to note that Teach Me Tuesdays should be a fun experience. A timetable has been created so the children will know when it is their turn to teach their lesson to the class.
