

Jack Hughes (126.9)

- 65 points, 180 shots, no periphs
- 2nd line, 2nd PP

Nikita Gusev (168.6)

- 60, 170 shots
- 2nd line, 2nd PP (maybe 1st)

Elvis Merzlikins (174.9) Merzleekens

- 44 Starts, Probably bad SV% and GAA

Dillon Dube (undrafted)

- Top line or bust for Dube

Kristian Vesalainen (undrafted)

Quinton Hughes (123.9)

- 41, 100 shots
- 2nd pairing, top PP

Joel Persson (undrafted)

- My personal favorite for top PP in EDM. Has looked very good in preseason. Question would be 5v5 deployment

Evan Bouchard/Ethan Bear (undrafted)

- Long shot maybes to be top PP but probably low 5v5 minutes so limited points

Igor Shesterkin (undrafted)

- Has looked good in preseason but needs AHL time, watch him if Hank gets injured or Georgiev gets traded

Kapko Kakko (108.5)

- 55 points, 190 shots
- Top PP 2nd line

Victor Olofsson (undrafted)

- NEEDS top line to be relevant

Martin Necas (undrafted) (ne-chaas)

- Prob not relevant even if he makes squad. Probably 2nd or 3rd line. Most likely playing wing

Vitali Kravtsov (168.8) kraftsof

- Looks like he'll be paired with Lias Andersson on the 3rd most likely.
- Not much fantasy relevance atm but I'd place on a watch list he's looked electric in preseason and in traverse city matches

Cody Glass (undrafted)

- Bottom 6 probably 2nd PP, maybe

Thatcher Demko (undrafted)

- 30 starts with an okay SV% and GAA. I dont expect much

Alexandre Texier (undrafted)

- Favorite to land top LW in CBJ

Cale Makar (112.9)

- 45, 150 shots
- 2nd Pairing (zadorov) and top PP

Filip Hronek (183.4)

-

Sam Steel (undrafted)

- ~~35, 122 shots, barely any PPP~~
- ~~Probably 2nd line~~

Maxime Comtois (undrafted) comtois

- ~~Could make team. Potentially top line but tbd. Seems to not be a favorite to make it from what I've read~~

Troy Terry (undrafted)

- ~~Potentially top PP, 3rd line3~~
- ~~35 points, 100 shots~~

Adam Fox (173-1)

- ~~No chance at top PP or top pairing. He's looked really really good but this ain't the year. Either way he'll probably go undrafted or get dropped at some point so place on watch~~

Pavel Francouz (undrafted)

- ~~Watch list, pick up if grubs goes down~~

IRRELEVANT BELOW

Bowen Byram (undrafted)

- Not fantasy relevant this year in particular. Lots of question marks going forward too. He's like the heiskanen to Klingberg but in COL

Adam Boqvist (undrafted)

- If he makes it, he could make a serious splash. I would expect sheltered 5v5 minutes and top PP BUT it could also be a stint in the NHL. He's looked good in preseason

Noah Dobson (undrafted)

- Don't expect him this year but next year. I think he'll be an immediate top PP QB in NYI.

Max Veronneau (undrafted)

- 33 points, 117 shots

Erik Brannstrom (172)

- 24 points, 100 shots

Phil Myers (undrafted)

- Don't think he makes it this year

Joel Farabee (undrafted)

- Don't think he makes it this year

Carl Grundstrom (undrafted)

- 3rd line, 2nd PP

Prokhorkin, Nikolai (undrafted) prahorkin

- Probably 3rd line and centering 2nd PP

Alexander Chmelevski (undrafted) ch 'mehl -EV -skee,

- There's a spot for him on the 2nd line, question is if he'll get it
- Probably 2nd PP.

Owen Tippett (undrafted)

- Maybe looking at 2nd PP and 3rd line. Not really too relevant unless 5v5 line changes.

Barrett Hayton (undrafted)

- If he makes it probably 3rd line.. probably

Dominik Kubalik (undrafted)

- Somewhat excited about him BUT top 6 is a must and there's a chance. Has looked good in preseason

Filip Zadina (undrafted)

- Lots of people saying he won't make it and I buy that. If he does you're looking at top PP and 2nd or 3rd line

Taro Hirose (undrafted)

- I think he's who gets 2nd line but probably 2nd PP
- 35 points, 100 shots

Dylan Cozens (undrafted)

- Getting some interesting looks in preseason but I don't think he makes the squad full time out of the gate. I think he maybe gets a few games but nope. Only way I could see them trying this is if it's Mittelstadt going down to AHL and Cozens is 2nd line C

Ryan Poehling (undrafted)

- With so many centers in front of him he's just not fantasy relevant this year. Chance he doesn't make the team. If he does probably bottom 6 and 2nd PP
