

generally everything is complete but things that aren't are in **this color** in case you'd like to avoid them. but I promise if I've put it here even when it's still unfinished *it is good* so please give those a chance if you can/will :')

A Study in Geometric Shapes

<https://archiveofourown.org/works/20047576/chapters/47475322>

joongdok childhood friends au; just be warned there is A Lot of Trauma in this fic, but a lot is stuff that's in canon already, though it is laid more bare here I think
*explodes vomits rolls around on the floor sobbing this fic is literally so so so good—the writing is amazing and the characterizations are so so accurate and they all feel so real and there's all these little references and parallels to canon that are just *mwah* gorgeous and just. please read this fic okay :) I think it might be one of my favs if not my singular favorite fic ever alr—also just so it's known there's a little epilogue-y thing that's v sweet but not necessary to the fic listed as the second fic in the series that this is in*

[Rewrite] On the internet, nobody knows you're a dog

<https://archiveofourown.org/works/26229976/chapters/63840730>

joongdok non-scenarios au in which yjh and kdj accidentally catfish each other in an mmorpg. i swear i'm not even kidding, this is a paraphrase of author's summary
same author as geometric shapes!!! and also so so good but with less trauma lmfao and I just finished this one today as I'm writing this and I love it so much it's so well written and the development is just <33333 and aaaaa just read jshdks there is a lot of dumbassery in this fic and you might die of secondhand embarrassment but I promise it's funny and sweet enough to generally overpower the embarrassment okay—

world's end rhapsody

<https://archiveofourown.org/works/26813107>

joongdok post-epilogue, mostly fluffy, entirely lovely
so so so so lovely omg it's just. it's so fucking. there are some serious bits but it's also sweet and soft and precious and gentle and thoughtful and wonderful throughout and overall just so. /real/ and so them and I love it I love it so much I literally just read it but it's so precious to me now and I think it'll stick with me forever, at least just a little bit also holy shit that one line—the one that is at the end of the excerpt that is put as the fic summary. it. it's. my god that's so fucking poetic and powerful and beautiful and gentle and lovely and /them/ and I love that so so much

Trials and tribulations of an up-and-coming high school romantic

<https://archiveofourown.org/works/38979477>

joongdok high school no scenarios au; actually so fucking fluffy I could die <3333

this is actually so freaking cute and soft and gentle and lovely and like. is it

wreck-you-more-than-you-thought-possible,

well-fuck-now-I-want-to-cry-my-eyes-out-and/or-maybe-vomit type lovely like geometric shapes

is? no, but it's a gentle, bright joy and really fucking heartwarming and precious so here it is on the fic rec doc haha

9/27/2025: NOOOOO IT'S GONE???? IT SEEMS SO ANYWAY NOOOOOOOOO

giraffe?!?!??11?1!

<https://archiveofourown.org/works/39169353>

joongdok no scenarios au, graffiti artist!yjh, elements of crack, but surprisingly fluffy despite that

crying this is fucking hilarious omg but also really fucking adorably giddily sweet and I love it

Monarch

<https://archiveofourown.org/works/39849795>

joongdok, time travel, no twsa I'm p sure but there's,,,,,,a parallel/similar-ish thing in context,

uhhh I'd definitely tag this as angst lol

oh my fucking god. oh god. this. this fic. it wrecked me okay. it's beautiful. it's wonderful. it's

terribly, terrifyingly perfect, and so utterly /them/. please go read it. I beg of you. I really, truly,

actually beg of you. it's awful and will wreck you. but in the best fucking way. in the way that they always do, these two—and this story.

Stonewall

<https://archiveofourown.org/works/41754582>

joongdok, canon setting, gentle fluff with slight shenaniganry lol, not ooc contrary to the

"probably ooc" tag

god. i. hhhhhhhh i love them so much it hurts—and this is so, so them, so much that that hurts

as well, but it's a gentle, loving ache that comes of softness and a lot of care—

this absolutely lovely, silly in all the right places but gentle and soft and sweet even more so,

and I love it so much <33333

also author tagged it as ooc but idk wtf they're talking abt bc it all felt so fucking true to their characters so like.???

9/27/2025: NOOOO AND THIS ONE IS ALSO GONE...ough I think they were all by the same author??? and it seems they deleted all their fics </33333

over spilled milk

<https://archiveofourown.org/works/41630940>

crack, fluff, kdj somehow body-swaps with a cat and chaos ensues; some joongdok, also just

all-of-kimcom shenanigans

absolutely fucking dying right now this is so fucking funny and everyone needs to read it—

almost choked on my toothpaste and/or nearly snorted it up the back of my nose when I first read this btw

Abendrot

<https://archiveofourown.org/works/26596900>

joongdok fluff, yjh has temporary amnesia and thinks kdj is his husband lol, beware secondhand embarrassment but everything is fluffy and gentle enough to offset that I think *died a little from secondhand embarrassment multiple times tbh but it /was/ only a few and the fluffiness was v precious so. yeah the embarrassment doesn't matter so much*

and i hope that one day, you will love yourself too.

<https://archiveofourown.org/works/31354919/chapters/77533601>

joongdok high school/college au, not exactly childhood friends bc they only meet in hs but it's similar vibes okay, there's angst but lots of fluff too, definitely heavy on the hurt/comfort *exploding I love this fic sm okay it's unfinished at the time that I'm writing this and I held off on putting it here until now because of that but i just realized today that a few days ago it updated for the first time since I found it and read up to date a few months ago and I'm so fucking happy about that and I just really need to share this fic bc it's actually so so good and sweet and soft and lovely (even though it hurts sometimes—I swear it hurts less than canon jdnshfks) so fuck waiting i'm dumping this here NOW and no one can stop me this is actually one of the most beautiful fics I've ever read please go read it now :')*

like a stranger in your hometown

<https://archiveofourown.org/works/46112095>

no scenarios au, lsk & kdj, joongdok, healing(!), hurt/comfort kinda but mostly comfort I think (even if bittersweet), non-chronological storytelling *absolutely lovely and wonderfully written and also the first of a series that you should read the rest of bc it's consistently wonderful the whole way through maybe not so apparent in this one but yoohankim is real in every universe and this fic series' is no exception even if all sides of the triangle are not the same type of love (and the author agreed with me on this alr—), and it also has sangsoo and that lovely platonic doksang in later works in the series*

here's the link to the full series for ease of access <3

<https://archiveofourown.org/series/3436567>

the moon is beautiful, isn't it?

<https://archiveofourown.org/chapters/127759834>

joongdok canon setting, actually dokhyuk ig if you want to get particular abt positions and ship labels and wtv but honestly it doesn't matter much here, confessions-but-also-not, explicit sex, somewhere-adjacent-to-semi-public sex (the constellations are there but Bihyung turns off the channel and leaves p early lol), mild exhibitionism, fluff, "married couple fluff except theyre technically not even dating. just running around their feelings" ← the author's tag that just. well it describes this well and is also v funny to me

wow so i apparently did NOT finish my desc for this when i put this here but i gotta say. idk what it is abt this fic but it has STUCK with me omg. like i think about it. semi-frequently ngl. it's just. smth about it just hits just right??? like it's sooooo them and yet maybe not quite in how other fics write them sometimes i feel?? and wtv that little shift is is v refreshing to me lol. also just gotta say there are v silly v real moments in here and i love that. like yes they are lowkey godly beings and grandly(?) tragic blorbos but also. they are also just Some Guys and are v much human and i love them <3 also for frame of reference i added this on. uhhh [clearly forgot to write the fucking dates here]

In Another Time and Place

<https://archiveofourown.org/works/50642557/chapters/127930669>

perpetually-doomed-by-the-narrative yoohankim, no scenarios au,,,,,sort of(??)—, hurt/comfort, “Angst With a ??? Ending” apparently, character study kinda, is tagged “explicit sexual content” but there hasn't been any so far at the time that i'm typing this after the third chapter there is some but it's fairly vague imo, epilogue spoilers, kinda-post-epilogue-but-also-not-quite-exactly i'm absolutely fucking insane over this fic okay you don't understand i feel positively feral right now there's literally only two chapters out right now as i'm writing this out of purposed six and i've been dragged in so many directions and IT FITS SO WELL WHAT THE HELL OKAY and oh my god it just. holy shit i did not see so much of it coming AND IT'S JUST SO GOOD JUST GO READ IT GRAHHHH

hi so it's complete now and i'm positively deranged for this fic go read it i'm lowkey sobbing okay just do it it's so good

They're just glasses, Kim Dokja

<https://archiveofourown.org/works/49967839>

yoohankim post-canon fluff, yjh needs glasses, kdj is So Normal about this, hsy watches these two be stupid, minor existential dread, but dw it's 95% fluff and the dread gets resolved nicely no this is so cute i don't think you understand it's adorable but also some existential crisis thrown in but it gets resolved!! but also brings up very real worries kdj would have and that we all could have abt immortality???? of these three and IT JUST RESOLVES THOSE WORRIES VERY NICELY AND IS SILLY AND DOMESTIC AND ADORABLE ALONG THE WAY AND I LOVE THIS OKAY also hsy is me and i am hsy yes yjh is arrestingly pretty and i think i need to eat his face too

written in stone

<https://archiveofourown.org/works/40008993>

royalty au, fantasy au, omegaverse au (but it doesn't play that much of a role if that's an issue), isekai, kdj's usual difficulty-accepting-being-loved issues, yjh is soft and lovely and precious, hurt/comfort, sex briefly mentioned in conversation but that's it, short only 4.9k but it feels longer bc it's so good, the end is so very soft <3

my god. well. i first read this aug 6 2022 apparently but i only remembered the most basic plot from it and i'd not read the novel yet then and let's say i Did Not Know Anything, i Did Not Understand, but now i understand so. basically ig i forgot to mark it as read and i'm so glad bc i found it again today may 20 2024 bc of that and i was like “wait i read this already” but also

"damn this was before i read the novel" so i decided to read it again and i'm SO GLAD I DID bc this fic is so so so beautiful and lovely and THEM and it made me want to sob and throw up and eat drywall and i love it so much. and wow i REALLY did not understand anything when i read it the first time like i thought it was kinda ooc. it is not in fact ooc i just didn't know any of the characters well enough at that point it seems. yes past me yjh is indeed incredibly soft and kdj IS that affection avoidant and idiotic when it comes to feelings. also i just need to add that lee seolhwa is a lovely person and i love her <3 anyway y'all go read this it's so good and it's not even long it won't take you much time please go adore this fic it deserves it <33333

to make lunch for you

<https://archiveofourown.org/works/48031312>

*joongdok, post-canon, soft, so so soft, hurt/comfort, oneshot
the softest joongdok to ever joongdok,,,,, this hurt me sm but also in like. the best way and god i love this so much i love them so much my beloved blorbos my everything kim dokja i am going to kick you in the shins i am going to hug you forever and i will cry with joy every day that you are still here existing— ANYWAY. i have ofc read equally as soft joongdok. but like. hyperbolic expression yk. and also wow this is really so so so soft and it made me want to cry :) this one paragraph near the end almost made me actually just burst into tears right then and there— i. well. anyway my point is. pls read this it's so lovely, it's not even that long it doesn't even hit 1.1k i swear it'll be so fast you can read it during your lunch break during your commute to work while you're taking a shit on the toilet just—any little bit of time i swear just please read it :)))*

Canvas application

<https://archiveofourown.org/works/49664518/chapters/125754385>

*joongdok, dokhyuk if you want to be particular, nsfw, dom kdj, bratty sub yjh, tattoo artist kdj, conglomerate heir/otherwise rich yjh, consensual but not safe or sane, embroidery (do with this information what you will), bdsm, background sangsoo
okay I read this ages ago and didn't put it here bc it's a bit insane and I also didn't think it would stick around this much. but it's been like two years and it's still floating around in my brain so here it is LMAO
read at your own risk fr btw 🧠 not the worst thing you'd find on ao3 by far but when I said "a bit insane" I meant it and if you're not generally into that then. maybe don't or just. proceed with caution at least. THAT SAID if you won't be too squicked out this fic is soooo delicious omfg and i'm obsessed w the characterization in it and well. it's on this list obviously so I clearly recommend it to a relatively significant degree*

(Un)natural consequences

<https://archiveofourown.org/series/3653332>

*joongdok, kinda more dokhyuk in certain ways if you care about order but also in some ways it's not, nsfw, power bottom yjh, monsterfucking (sorta?), size difference, dkos form kdj, in part two onwards: consensual body modification, canon-setup-compliant-ish mpreg, intersex yjh
absolute peak of a fic series that lives in my mind rent-free and idfk how I never put it here before
first and second fics are maybe my favorites but I really love them all fhsjdjfs*

A little thing about demons...

<https://archiveofourown.org/works/46399588/chapters/116823082>

here's the first fic in the series :3

Matter of Survival

<https://archiveofourown.org/works/62653636>

joongdok (sortaish? like yeah but no but. yeah??), character study, nsfw, fuck-or-die scenario, canon-compliant-ish

absolutely sickening (and in a more genuinely sickening way than I usually mean it—like wow I am upset right now) and so so good. fucking immaculate characterization of these two early on in orv and ouhhhh. ouhhhhhhh. so so so well written and I absolutely recommend but it's definitely not fluffy and definitely made me sad :) these emotionally constipated idiots istfg, they're so hurt and damaged and it makes me Upset and just. wow. immaculate writing in this gosh I think I need to maybe go explode now. 👍

Harry Potter

(look, I'm not much involved in it anymore but these are so yes alr) (also fuck jkr I hope she trips and ~~breaks her nose~~ dies* actually I'm revising this bc yeah I don't generally wish death on people but holy fucking shit why and how does she manage keep getting worse)

turncoat: in defense of andromeda tonks nee black

<https://archiveofourown.org/works/2399867>

expanding on the character of Andromeda Tonks, the legacy of Slytherin House, and the aftermath of the war

this fic is written so gently but strongly and beautifully—just like Andromeda Tonks herself—and it's absolutely lovely and I highly recommend <3 also I'm fairly sure it was my first proper hp fic (though somehow I've read quite few; somewhat of a tragedy considering that this is the first book series i really got hooked into reading and it make me really fall in love with books and stories and reading, which led me to so many other wonderful stories) and I think it was possibly one of the best I ever could have started with

It's Saturday; Remind Me I'm Alive

<https://archiveofourown.org/works/28499439/chapters/69833022>

drarry epistolary fic, Draco gets to have a weekly ministry owl deliver letters to and from a singular wix (fic's gender-neutral term for witch/wizard that i like a lot and have subsequently adopted) of his choosing while he's on house arrest for a year after the war and he chooses to write to Harry

*this fic is so good and sweet and builds so so nicely and the writing is lovely and the boys' personal development and hhhhdhhehrddhdfjs it's everything I love it sm and how *them* it is okay—one of my favorite fics, genuinely jdhsjkfs*

also this has a epilogue-y sequel fic and I think I should explicitly put it here bc it really makes a lively conclusion to the main fic (there's other fics put in a series on ao3 after this one but I don't think they're as important/impactful to the whole thing as this one) so anyway here it is—

It's Saturday; Remind Me I'm Awake

<https://archiveofourown.org/works/36075043>

Haikyu!!

the lights of stars

<https://archiveofourown.org/works/47359225>

tsukkiyama gods au, well one is ago the other is immortal, kei is a war god, kinda hurt/comfort I suppose

alr look this is absolutely gorgeous and y'all should read the rest of the things posted in the series too

all some children do is work

<https://archiveofourown.org/works/42177774>

Kageyama Miwa 3rd person pov, canon compliant, hurt/comfort (but it's somehow soft the whole way through), canonical minor character death, cw funerals and non-graphic descriptions of a car crash, Kageyama Miwa eldest daughter syndrome

exploding I'm actually gonna cry this is so fucking beautiful everyone needs to read it okay oh my god

the Kageyama siblings mean so so much to me you don't understand

a thing of thirst (and terrible treasure)

<https://archiveofourown.org/works/49372900>

kagehina (both ways, if that matters to you), smut with FEELINGS, bittersweet, they're so in love but also they're stupid idiots and wow, oneshot, this one is technically a prequel to the other one here but i read this one first and if you want to end on fluff read the other one second, as i said before this one is bittersweet and i mean that

still awesome and lovely though <3

a habit of hunger (and heavenly sin)

<https://archiveofourown.org/works/46053454/chapters/115927024>

My Hero Academia

Princes in Waiting

<https://archiveofourown.org/works/24103288/chapters/58021228>

erasermic royalty au, some nsfw bits but there's built-in options to skip them iirc so even if smut scenes aren't your thing you can read without them :)

one of the first long fics I read I think? actually no, but first long one on ao3 I think—before I'd read long ones but they were all miraculous fics on youtube lol bc that's when I was rly quite new to fandom and didn't know abt ao3 haha. anyway this fic is rly cute and good and nice :)

Things that Haunt Our Hallways

<https://archiveofourown.org/works/30326772/chapters/74754627>

fear gas bnha-style, trauma, lots of trauma, much angst, but hurt/comfort I'd say, Class 1-A found family, dadmight, dadzawa
ouch but also yes :')

lover

<https://archiveofourown.org/works/21823201>

tddk, oneshot but a long-ass oneshot, soft, not timeskip but it jumps around between different ages/years of their lives

this is so fucking cute holy shit it's adorable and so so soft and lovely and wonderful and certainly a contender for The Tddk Oneshot of All Time and ohhh. the characterization is sooo tasty and it mayyyyyyybe made me cry just a bit and I love it sm <3

Scared of a flame that won't stop burning

<https://archiveofourown.org/works/43345236>

tdbkdk, roommates, getting together, angst with a happy ending, trans!Todoroki Shouto (ftm), smut, future fic, oneshot

this fic makes me so insane actually. it's so. ohhh my gods it's delicious and dammit tdbkdk my beloveds—it's written soooo tasty and hrrnngnngnmngnfnmmsgdfjs eating it all up i'm devouring it i'm inhaling it it's so gooddddd and it's a oneshot it's not even that long please read it 🥺 the characterization is delicious and wow sm of how I feel abt tdbkdk as a ship is basically woven into this fic and oh it is so dear to me :'))

Miraculous

the way i loved you

<https://archiveofourown.org/works/31381619/chapters/77605394>

canon-universe, classic identity porn (i hate that term but that's what it's called so. TvT) love square, mainly marichat and adrienne, hurt/comfort, angst with a happy ending, identity reveal, fluff, slightly aged-up characters

hhhhh yes is ow but so good sdjksns you will have major frustration and ouch at some points but it's worth it lol

actually so so them but like. properly and realistically (as in their feelings and actions make proper sense. which is. not guaranteed in canon as we know 🙄)

Lout of Count's Family

Sword and Shield

<https://archiveofourown.org/works/30622592>

choicale, fluff, smut, oneshot

good flavor :3 builds off that one "meet me in my room tonight" line lollll

Tower of God

Remnants

<https://archiveofourown.org/works/59251750>

canon compliant, Khun AA & Khun Ran, brotherly bonding

Purple Hyacinth

Ardent Angel

<https://archiveofourown.org/works/59962570>

lauki, kiiiinda bittersweet/semi-angsty but we already know Lauren would never let the would-be angst happen so it's fine, canon-compliant(?), kinda vaguely speculative and set past the point where canon has currently reached so idk if that's terribly applicable ig??, oneshot

explodes the prose in this the everything it's beautiful augh.....it's literally <1k it's 915 words it's short you can read it in just a few minutes short sitting and it's so worth it dammit. reads like fuckin poetry and so very /them/ and it's lovely and it hurts just a bit but. but it makes sense and also we know from literal canon that Lauren won't ever let Kieran be stupid like that so it's okay and we know it'll be okay and wow this makes no sense without context so. y'all should go read it yk. it's literally sooo short it would be so so easy just do it right now it'll take you no longer than like 5 minutes at most, 10 if I'm being /super/ generous

Genshin Impact

(falling) feels like flying

<https://archiveofourown.org/works/61178101/chapters/156331006>

zhongchi, modern au, no visions/elemental powers/etc au, childe is the adoptive single dad of his younger siblings, zhongli is tonia's ballet teacher, age gap, explicit-ish sex, bdsm elements (not much so far as I'm writing this but it seems there will be more more explicitly later?), zhongli and guizhong are platonically married for tax and passport purposes

I'll write a proper desc for this later but for now. oh my god I fucking love this fic so so much IT'S SO DELICIOUS YOU DON'T UNDERSTANDDDD literally only 4 chapters rn and i am. So Obsessed audghsjfjsjgs
