

## Middle School Model Seder

We will be conducting a model seder in class on the week of April 7th in each Grade from 6-8. We will be reading from a special edition Haggadah, created by the families of the hostages in Gaza, whose proceeds go to helping those families.

This will not be a full seder, but we will be going through all of the Haggadah, including some singing or commonly known songs, reading the testimonials of hostage families and speaking about some concepts of Pesach.

Each student in each class will be responsible for speaking about one element of the seder. We will review these elements in class and ensure that everyone has a role to play. Students may choose from the list provided below to speak about at our seder. Each student should choose one topic and insert their name into the appropriate box. Resources for finding information are provided below. Most students will choose something from “Kadesh urchatz” to explain, and for the larger classes, some students will speak about items on the Ke’arah (seder plate). Students who speak about the seder plate will be required to choose two of the six items to explain.

We are also looking for four student volunteers from each class to say the blessing for one of the four cups of wine.

Please email Moreh David for any clarification or help to prepare your topic.

Order of the seder (Kadesh Urchatz) explained:
