INTRODUCTION [Times New Roman 12 bold]

The introduction includes the background of a problem as well as the urgency and rationalization of activities. The purpose of the activity and the problem solving plan are presented in this section. Relevant literature review and hypothesis development are included in this section. [Times New Roman, 12, normal] Percentage of pages between 10-15% of total words, single space. Manuscripts must be written in English and Ms. Word (doc/docx). The manuscript contains a letter with 1. Introduction, 2. Service Method, 3. Results and discussion, 4. Conclusion, 5. Acknowledgments (if any) and a list of references. The reference list is generated sequentially, starting with [1], [2], [3] (IEEE style). The structure of this chapter is standard, not added or collapsed, except for the subtitles. The contents of the introduction are answers to questions [2,3]: (1). background, (2). Brief literature review of related Services (3). Reasons for this dedication and (4). question about goals. Its sophistication, gap analysis and novelty can be seen here. Avoid discussing the general overview and definition of the library.

DEVOTION METHOD

The service method describes the approach, activity design, scope or object, main materials and tools, place, data collection techniques, operational definitions of the Service variable, and analysis techniques. [Times New Roman, 12, normal], 1 space.

RESULTS AND DISCUSSION

This section presents the results of the Service. The results of the service can be supplemented with tables, graphs (pictures), and/or charts. The discussion section describes

the results of data processing, interprets the findings logically, links them to relevant reference sources. [Times New Roman, 12, normal], 1 space. Image format png /jpg.

Figure 1. Image Writing Example

Images must be attached clearly and must not be blurry and the size must also be appropriate (not conical).
