BIOGRAPHY:

Time at the Foundation:

Carnis' soul was recruited immediately after graduating from Deer College thanks to their senior vouching for their skills in Theological studies; they were first assigned to Area 27 as a Jr Researcher in the Anomalous Weapons Storage, D Wing. His extensive knowledge of Mekanite culture & Sarkic Rituals was noticed by their superiors, causing a rapid promotion to Senior Researcher within two years.

After an unauthorised ritual using SCP-5993 as a medium caused the death of 5 Foundation staff, he was reassigned to Site 65 under heightened surveillance after a request was made due to the increase in cult activity in the area. Despite security concerns regarding personal connections to a possible GOI, Carnis' expertise in Theology vastly outweighed the risk. After a ritual involving an E11 “Caylee” and their extremely unstable condition being stabilised, he was promoted to the role of Executive Researcher.
