Plenary Session

Create to Learn

Mary Kemper

Director of Mathematics

Coppell ISD

Coppell, Texas

marykemper@gmail.com

@MrsKemper 

Plenary Description

Increase creativity and increase accessibility, opportunities for deep learning, engagement, collaboration, and a love of learning. Participants will reflect, explore, experience, and share actionable next steps to design experiences for their students to create to learn.

Presenter Biography

Mary Kemper is the K-12 Director of Mathematics in Coppell ISD in Coppell, Texas. Ms. Kemper oversees her district's mathematics program, designs curriculum, and supports campus educators and principals through professional learning. Her professional legacy is wrapped up in the work to advocate for learners who struggle with mathematics and their educators. Ms. Kemper desires to help everyone find love and success in the subject. Named an Apple Distinguished Educator in 2015, she embraces the opportunity to make a difference as an authentic author, trusted advisor, passionate advocate, and global ambassador. Connect with Mary on Twitter: @MrsKemper and access her digital portfolio: www.bulbapp.com/mkemper.
