# GUIDELINES

## LAW ONE

Godmodding. Please do not try to take control of my muse! I understand the need of moving a scene along in a thread but other than that, do not try to control my muse ! I also understand it can sometimes happen by accident and I will let that pass but continuing to do so on purpose will result in me unfollowing.

## LAW TWO

All Starter Calls, Open Starters, etc are reserved for my mutuals ! This is mostly because I can get overwhelmed easily and I feel more comfortable interacting with mutuals. My inbox is open to everyone though ! If we aren't mutuals but you want to send something to my muses, feel free to do so !

## LAW THREE

Shipping is something I love, it's one of my favorite things to write but it needs to involve chemistry ! I will NOT force a ship on anyone so I ask that you not force one on me ! This doesn't just apply to romantic ships, I'm all for enemies, friendships, family, etc ! This blog is *MULTISHIP* friendly, all ships have their own verse unless stated otherwise.

## LAW FOUR

This blog will contain a lot of mature content ( not just smut ) but everything is properly tagged. smut prompts are reblogged and answered but smut itself is written in private via discord (which is always available to my partners) because I'm not comfortable writing it on tumblr anymore. I will not write smut with anyone under 18. i do not care if you're of age where you come from, smut will not happen with anyone under 18. if you try or lie about your age, you will be blocked. i will also not write anything involving sexual assault, pedophilia, etc. if you try to make me write any of those, you will be blocked.

### LAW FIVE

All triggers are tagged. I tag everything as 'trigger cw' so that's what you can put in your blacklist if something appears on my blog that you don't like. If I have missed tagging something, please let me know! Please keep any post with Sexual Assault / the hard R word tagged because it is a trigger of mine.

### LAW SIX

Hate & Drama are not tolerated on this blog. If you don't like something I've posted/a ship of mine/an opinion, you are more than welcome to unfollow me. Do not hide behind anon telling me something you don't like about my blog, that's not cool! If I've done something to offend you, please come talk to me about it in private, don't vague or start drama.

I'm a nice person and I would never try to offend someone intentionally. We're human and we make mistakes.

### LAW SEVEN

Quantity over quality is a huge thing for me! You don't have to match my style, use small text or small icons, etc. You don't even have to match my length, just please do not reply to a length thread with one sentence please! It can be very disheartening when I've poured my soul into something and I feel like my partner doesn't care.

### LAW EIGHT

My blog is private! Meaning everything I post is reserved for mutuals only. This is for my own sanity because I've interacted with non-mutuals in the past and it got a bit overwhelming. Writing is my hobby and it's not fun when I get overwhelmed. Please don't let this keep you away, I'm always looking for new writing partners!
