Super Curriculum task

Year 9: Mathematics

Science Museum Visit

Visit ‘The Winton Gallery’ at the Science Museum in London to find out how mathematics has shaped our world.

Uncover the fundamental role mathematicians, their tools and ideas have played in building our world.

With stories spanning the centuries, discover how mathematics connects to every aspect of our lives.

Useful resources

The Winton Gallery website – Visit here for information on opening times and exhibitions

The Winton Gallery: 10 Mathematical objects

Resources and activities – Lots of mathematical learning resources to use

Remember to record your completion of this task on UniFrog.
