Title :

- Spreading False Info About TXT SOOBIN

Contents :

Hello,

I would like to report the attached social media posts containing malicious personal attacks and abusive language directed at TXT SOOBIN.

A Chinese Influencer named Jeremy Yang (杨杰立) has been constantly spreading false information, fabricated, and malicious content to defame TXT SOOBIN in online and social forums. Because of this, many accounts are spreading unverified allegations concerning SOOBIN's private life, presenting speculation as fact and, where applicable, using derogatory or insulting language.

Such content may mislead the public, amplify harmful rumors, and damage the artist's reputation and personal rights.

I am requesting that BIGHIT MUSIC and HYBE's legal team review the attached evidence and take appropriate legal action where warranted to protect the artist's rights and reputation.

Thank you for your efforts to protect the artist.
