

COP OUT 27: Theme Song and Chants

Song:

"I'd Like to Teach the World . . ."

I'd like to teach the world a thing
about the plastics industry.

I'd like the world to understand
the hazards of the Cola companies.

I'd like to build a world that's free
of petrochemistry.

And keep plastic trash out of the sea
and make the world a better place to be.

Chants:

1. Things are getting drastic,
No more plastic!
2. Two, Four, Six, Eight
Climate Justice cannot wait.
3. Hey, Coke! Hey, Coke!
You've turned COP27 into a joke.
4. Hey, Coke! Hey, Coke!
Your plastic trash makes sea life croak.
5. Hey, Coke! Hey, Coke!
Trash-filled seas are not a joke.
6. Be fantastic,
Say no to plastic!
