***IN PROGRESS/TO COME:**

- **Baby, It's Villainous Outside** *(Dec 2026):* Sweet n Spicy Bonus Content Collection Pt. 2
- **Filling Holes is a Full-Time Job** *(Patreon Serial - NOW COMPLETE):* This is part of "Big City [normie] Stories" and features a *cameo* (both on and off-page) of Butch as Captain Masculine.
- The Heart2Heart anthology short - **A Hot Date with Death** - is *also* a normie story, and while currently unpublished from the anthology it was in (Heart2Heart Vol. 8), it has been *republished* for patrons only until I get the chance to write the normie story that will connect it to Filling Holes. *Then* I will release a collection with all 3 tales.
- **Supe Academy** *(2027?):* The long-awaited spin-off series starring the "lesser" Supes who drank the infamous serum from Enter the Multi-Vers (and were subsequently rounded up…). Expect many Villainous cameos, especially Butch and Xander, who run the academy.
