Personal Reflection

For Professional Learning Community

For Year: _____

Name: _____

Which model did you use? **(circle)**

Focus Group **Peer Review** **Lesson Study** **Did Not Participate**

What was your group's **Essential Question** (from Action Plan)?

---

1. In thinking about your Essential Question, list **two/three** ideas that you implemented in your classroom?

2. Describe how your students benefited from the information you have gathered in your Professional Learning Community?

3. List **two/three** things that went especially well in your Professional Learning Community?

4. Describe how you collect and analyze data on student achievement. How do you use the data in the decision making process? For example, looking at new curriculum, attendance, forming leveled groups, etc.

5. Give **two/three** examples of how you engage students in classroom content and activities.
