

Quests

All maze quests are the same, only one will be described here.

You'll need to light a fire on every Stone Bowl.

By cutting down crystals of the corresponding colour we get Yellow, Pink and Green Powder

Crystals:

You'll need to cut down 2 crystals of the corresponding colour to light each Stone Bowl. Each crystal requires 40 energy.

Rewards

Drakkar with useful crafts:

You'll get it for completing all 4 main mazes.

Additional information

Yggdrasil ROULETTE

A new roulette that you can purchase for 500 Acionide in Maze #1.

What is Yggdrasil?

Yggdrasil is an important feature of Norse mythology. It is the Norse tree of life, encompassing all nine worlds that are part of the ancient Norse view of the cosmos. It is an ash tree in which all of the worlds, including the world of humans and the world of the gods, nestle among the branches and roots.

You'll need Worn Coins to spin it. Every 6 endless mazes (in 3 random of them), you can find Worn Coins in the treasury to spin the Yggdrasil roulette. The more infinite mazes you complete, the more coins you can get.

Worn Coin

What's inside:

- 5 types of decorations
- 3 types of multiboxes (do not leave decorations):
 - gives collection items, resources, 50 energy, 5 times
 - gives collection items, resources, 1 Emerald (50% probability), 3 times
 - gives collection items, resources, 50 energy, 5 times
- and some consumables, such as Kerosene, Raspberries, Lucky Coins, etc.
