

# Privacy Policy for Simple Weather Widget

Last Updated: 30.01.2025

## 1. Introduction

Welcome to **Simple Weather Widget** ("the Extension"). Your privacy is important to us. This Privacy Policy explains how we handle your data when you use our Extension in Google Chrome.

By installing and using the Extension, you agree to the terms outlined in this policy.

## 2. Data Collection and Usage

We do **not** collect, store, or share personal data. However, the Extension may request access to your approximate location to provide weather information.

### 2.1 Information We Use

- **Approximate Location** (*only with your permission*): If you grant access, we use your device's location to display local weather updates. This data is processed locally and not stored.
- **Manually Entered Location**: If you input a location manually, the data is used only for retrieving weather information and is not stored.

### 2.2 Third-Party Services

We use the **OpenWeatherMap API** to fetch weather data. Your location (if provided) is sent to OpenWeatherMap solely for weather updates. OpenWeatherMap's privacy policy can be found [here](#).

## 3. Permissions We Request

The Extension may request the following permissions:

- **Geolocation** – To provide weather updates based on your approximate location (only if granted by you).
- **Storage** – To save user settings such as preferred location or temperature units.

You can revoke permissions at any time via Chrome settings.

## 4. Data Storage and Security

- We **do not** store personal data on our servers.
- All processing happens locally in the Extension.
- We do **not** share your data with third parties for advertising or tracking.

## 5. User Control and Opt-Out

- You can deny location access during or after installation through Chrome settings.
- You can manually enter a location instead of granting access to your geolocation.
- To stop using the Extension, you can remove it from Chrome at any time.

## 6. Changes to This Privacy Policy

We may update this Privacy Policy as needed. Changes will be reflected in the Chrome Web Store listing.

## 7. Contact Information
