

Dear Parents,

[Have you registered your children for complimentary COVID-19 testing?](#) In conjunction with the North Carolina Department of Health and Human Services, we are providing weekly COVID-19 testing on site at our school. We are also adding in weekly, routine screening to ensure the safety of our students and staff. **In order for your student to participate in this free, StrongSchoolsNC COVID-19 testing, you will need to register your student.**

[Register your student today with this link \(click here\)](#)

or copy & paste the link into your URL bar:

Keeping Kids Safe

We strongly recommend all families participate in this free program. COVID-19 variants are spreading throughout the United States and research shows routine testing can reduce the spread of COVID-19 by 50%, especially in large settings such as schools.

How it Works

A parent or guardian must register any minor under 18 years old. You'll give a one-time consent and HIPAA authorization to share testing results with all necessary parties. All testing information is confidential and results will be available in hours.

Raleigh-based MAKO Medical will administer a nasal swab test that is quick and gentle. (This is NOT the test that tickles the brain!) [Check out this video to see our student testing in action.](#)

[Register Today \(click her to register\)](#)

We are dedicated to keeping North Carolina students and educators safe, but we need your help.

To learn more about [StrongSchoolsNC COVID-19 testing](#), visit www.MAKOstrongschoolsNC.com .

Thank you for helping to keep our school community safe and healthy.
