<i>Web Link or Citation</i>	<i>Quote/Paraphrased Believer Claim</i>	<i>Your Skeptical Notes/Analysis</i>
Book or Article = (Author name, page #) OR Link	Explain what SPECIFICALLY the believers of your topic claim – paraphrase or directly quote one SPECIFIC reason people believe in your topic . As you continue to add new pieces of evidence in each box, the evidence should be VERY different from the last piece of evidence.	Be a skeptic! Analyze the information critically. (Is this claim based on scientific analysis? A claim that cannot be tested by science? An example of sloppy investigation? (Pseudoscience) A fact from a reputable source? Does it depend on a faulty assumption? Can you find logical fallacies?) Use your 6-Pack of Problems and the Baloney Detection Questions.
