

Art commission form:

Please fill out the sections which apply to you, leave the boxes empty or write 'N/A' if not applicable. This helps me to get a good idea of what exactly you are looking for and something of which I can refer back to when working on your commissioned piece.

Please email this to heathermoonart@gmail.com to place your commission

Name:	
Email Address (for artwork files and invoice):	
A short description of the artwork you're looking for, this can include colour palette, subject matter etc This is so I can get a good idea of what you are looking for, I can then send you some sketches based on your thoughts and go from there	
Is this artwork for business or personal use?	
Date of commission request:	
If this is for a tattoo please write YES , it's important as I need to take certain aspects into consideration for tattoo requests	
Any more additional info you'd like me to know for your art piece? For example: any specific details that you would like me to include?	

<p>If you are requesting a digital art piece, would you like a physical print of the piece? I can arrange for your artwork to be printed and sent to you for an additional fee</p> <p>Write YES if desired and I will be in touch with more details</p>	
<p>If you are looking for a physical painting/board/mural piece please write 'YES'</p>	

Please appreciate that as this is a custom piece so it may take up to a couple of months as I do have a lot of requests. If you need it ASAP let me know and something might be possible to arrange.

Once the piece is complete I will send you an invoice for payment via email.

Thank you so much for coming to me for your art commission! Your support means the world and means that I can continue creating artwork for people! So thank you !
