I'll trust the morning to the morning
 A E D E
I'll trust the day to the day

No need to fret no need to worry

Because your peace will come my way
 G D/F# E?B E
Because your peace it is the way

Tomorrow may seem so lonely
 and at times moving forward brings me down
 but the truth is your love it never changes
 you set my feet on higher ground
 you set my feet on higher ground

A E F#m D
I'll trust the morning to the morning
 A E D E
I'll trust the day to the day
 A E F#m D
No need to fret no need to worry
 G B E
Because your peace will come my way
 G D/F# E?B E
Because your peace it is the way

When fear comes pressing down upon me
 I find there's one thing i must do
 Look to Love, you will sustain me
 Your peace will always see me through
 i know your peace will see me through

A E F#m D
I'll trust the morning to the morning
 A E D E
I'll trust the day to the day

No need to fret no need to worry

Because your peace will come my way

Because your peace it is the way
