WORK EXPERIENCE

Level2

Full-Stack Developer II

London, UK (remote)

Feb 2025 - Present

- Built an end-to-end visual strategy builder with a canvas-based interface using **React Flow** for creating and managing trading strategies.
- Implemented real-time collaboration using **Yjs** and **WebSockets**, enabling multi-user editing with live cursors and synchronized updates.
- Developed a Trade Replay system inspired by TradingView for replaying historical market data and testing strategies step-by-step.
- Added pattern rendering, technical indicators, and advanced charting features using Lightweight Charts to improve market analysis and visualization.

bexcard.co.uk

Full-Stack Developer

Manchester, UK (remote)

August 2023 - Feb 2025

- Built, maintained, and deployed a secure banking app to the **Google Play** and **Apple App Store** using **React Native**.
- Integrated third-party services including **Jumio** for KYC, authentication, notifications, analytics, and payment workflows.
- Implemented **WebSocket**-based real-time balance and transaction updates for a smoother user experience.
- Developed serverless APIs and event-driven workflows using AWS Lambda, Amazon API Gateway, and Amazon EventBridge.

Inphynous Technology Solutions

Web Developer

Aurangabad, MH

Dec 2022 - July 2023

- Developed responsive websites using **React.js** and **Tailwind CSS**, ensuring optimal user experience across all devices.
- Hosted static websites using **Hostinger**, managing domain configuration and SSL certificates.
