 Purple Score	Incomplete

Scoring Instructions

Scoring: The total score is calculated by adding the 35 individual scores, so the total score will be 0 to 70. If one to three items are left blank, they are ignored (and given a score of 0). If four or more items are left blank, the questionnaire is considered invalid.

- "Never" (scored 0)
- "Sometimes" (scored 1)
- "Often" (scored 2)
