

Falcon Boys' Basketball 2024 -2025 Recap

Armani Archer, TR Bagpipe Reporter

February 14, 2025

Falcon Basketball has indeed been buzzing with excitement this season. The boys and girls JV and varsity basketball teams at Thornridge High School have had quite the journey in the 2024-2025 season. The JV & Varsity teams showed remarkable improvement, finishing the season with a better record from last year. They demonstrated great teamwork and resilience, often turning games around with strong second-half performances. Key players like freshman guard Terrance Smith Jr., senior guard Demaine Drain, and junior forward Lemar Williams emerged as future stars to watch.

The varsity team, led by Coach Jones, had a rollercoaster of a season. They started off the season with a 1-1 record, showcasing their offensive prowess and tight defense. Senior captain Demaine Drain provided leadership on and off the court, guiding the team through tough matchups. Mid-season, the team faced some challenges, including injuries to key players, but they bounced back with determination. Their overall record improved by 2 games from the last season, earning them a spot in the playoffs.

According to Coach Jones, "I love where the program is headed, and I'm excited about the great seasons to come in the future."

Congratulations again to our players for making this year's roster:

Boys Basketball Team Roster

Dremaïne Drain
Jalen Parks
Aaron Hobbs
Cameron Thrash
Christian Amos
Marques Hogans
