# Geotab Drive - Driver's Guide

Our help content has moved! All Geotab Drive documentation for drivers is now available on our Support Center.

To access the **full guide for easy printing or displaying during roadside checks**, press here.

For help articles on the Support Center, you can explore all categories or jump to a specific topic below:

- General information about Geotab Drive
- How to log in/out and manage vehicles and trailers
- An overview of the app's main features such as messaging and categorizing trips
- Information about HOS workflows for drivers that record HOS
- How to perform asset inspections
