Darkness Psious

Item	Level discomfort (0-100)
You are in the living room at home and, with the help of Psychobot , you can explore the different areas. You teleport to the dining room where there is less light and your mission is to find where the tallest vase is and which is closest to the ceiling. What level of difficulty do you think that mission has?	
After you have teleported into the hallway , you see that it is quite dark. Your mission is to stay in this area for at least a minute... How difficult do you think this activity is?	
With Psychobot you have moved super fast to the hallway bathroom, great! Now your mission is to explore this area that has very little light. Do you find it easier or more	

difficult than the others?	
You are in the hall . You see the entrance to the bathroom, with the bathtub and the shower curtain half open. Although there was little light when you teleported, there is now a little more. How long can you stay here for a mission?	
When you are in the room , which is very dark, you ask the Psychobot for help and he tells you that you are doing very well. How do you have your energy level?	
After teleporting with your Psychobot friend, you have reached the hallway . Since there is enough light now, you can see the attic door and everything in the hallway. Do you find it a very complicated mission?	
You are in the living room of your house with all the lights on, it is night and the moon shines a lot. Suddenly, a Psychobot appears, and explains that you have a super power to teleport, and that you are going to have to explore all the areas of your house to get points. Are you afraid of this new adventure?	
When you and the Psychobot have already arrived in the room , you lie down on the bed and you only see the moon through the window because it is very dark. Do you think this mission is very difficult?	
You and Psychobot have teleported super fast from the bathroom hallway to the living room , and there is a little light there. Your mission now is to explore the room as long as you want, do you find it easy or difficult?	
You have a super important mission: teleport to the loft hallway , which has just a little bit of light, and be there for two minutes. Do you dare with this super mission?	
You are with a Psychobot in the dining room of your house where there is a lot of light, and suddenly you teleport super fast to the room, which is very dark. What difficulty would you put on this mission?	
Now your mission is to teleport from the room , which is very dark, to the living room, which is very bright, and your mission is to explore the area, does this seem easy to you?	

Now you are going to be a super explorer! With the help of Psychobot, go to the dark room , and try to discover everything in it. Then, if you are very adventurous, lie down for a minute in bed. What do you want to accomplish this mission?	
You've reached the bathroom hallway in no time thanks to your superpower! There you can see the bathroom door and what is inside, because now it seems that there is enough light. What you have to do is explore the area. Do you find it an easy mission or more difficult than others?	
With your superpower you have teleported from the living room to the dining room in just a second, great! Now you have to use another super power, be very brave and explore the area as long as you can, even if it is a bit darker. Do you dare or do you think it is very difficult?	
You just got to the hallway that leads to the loft , and you see it's very dark. Can you explore the area to see what you find in it?	
Now your mission is to teleport from the hallway that leads to the loft to the one that leads to the bathroom. On your way you can see how, although there is not much light, it seems that there is a little more each time. Do you think this is very difficult?	
You are in the dark room, and suddenly you and the Psychobot teleport to thein a second dining room . How does it make you feel to go from a place without light to another that has much more?	

Estás en la sala de estar de casa y tu misión, con la ayuda de Psicobot, es explorar los distintas zonas. Te teletransportas al comedor donde hay menos luz y tu misión es encontrar dónde está el jarrón más alto y que está más cerca del techo. ¿Qué nivel de dificultad crees que tiene esa misión?
