Micah completed two marathons, the Appletree in Vancouver, WA and the Portland Marathon. We also hosted our second Micah's Mini Marathon in May with about 100 participants . The Micah's Miles team did several presentations about inclusion both in person and virtually. The *Book in Every School* campaign is currently at 436 elementary schools. Micah is now an 8th grader and in addition to running marathons continued to compete on his school track team in shot put, the 100 meter dash, and on relays.
